We who work on this book pause to wonder how many times in days to come our hands will turn its pages. Unimaginable circumstances and retrospection will impel us to lift it from its place. What we shall have then become, we do not know, but we labor in the hope that these pages, whenever scanned, may flash light into the dimness of recollection and keep bright our memory of this golden time.

Class Ode

As time goes marching onward
And our goal is attained,
We tender our thanksgiving
For knowledge we have gained.
And as our goal is upward,
The need of guidance calls,
For now, O Alma Mater,
We leave your fostering halls.

* * *

Yet ever we'll remember
The years that have just past,
The priceless counsel given,
The friendships that will last
The warmth of joyous laughter,
Shared victory and defeat.
These mem'ries that we cherish
Help make our lives complete.

* * *

Dear Lord, now we beseech thee
Keep our steps firm and sure
As on life's path we travel
Its trials to endure.
And may our way lead upward
Toward that bright, shining star
That leads us ever onward;
Forbid us stray afar.

*Who with the courage of a crusader

We, the Class of 1948,
affectionately dedicate this,
our Yearbook.*

Education is training for action and life—a life of reason. The goal of education is a disciplined person who can apply and direct his acquired knowledge and power.

If we are to have a real new world, the sound foundation of truth and freedom will be fostered in our homes and in our schools. This task calls for intelligence as well as ideals, for integrity as well as training, for patience and faith as well as resolution and courage.

We must have faith in our homes and in our schools.

benefit of valuable experience and sound judgment.*

Know! Care! Act!

How are you planning to pay the debt you owe for your free public school education? You owe this debt to your Parents, your Town, your State, and your Country. The amount you owe depends upon your ability to pay. You will never receive a "paid in full" receipt for this bill. As long as you live and are able to help others, you will owe on this debt for your education.

Regardless of the vocation by which you hope to receive enough to meet your financial obligation, there will be much that you should do for which you will receive little or no monetary consideration.

If you wish to continue to enjoy the American Way of Life, it is your duty to do everything you can to keep it. You should *know* all you can about our government, study its history, learn of its problems, and see the dangers confronting it. Then *care* about these problems and dangers as much as you should about your own personal ones. Finally, *act!* Take an active interest in your Town, State, and National government. Remember, you cannot continue to enjoy the privileges that are yours in our democratic form of government, if you do not meet your obligations.

The Upward and Onward Trail

The morning breaks sweet and clear, and the sun shines brightly upon the beginning of the trail. We and the day are young. The climb is easy and the ascent so gentle that we are not aware of effort, but rather of pleasant exhilaration and joyous companionship. Very gradually the trail becomes more labored; more of our breath is spent in climbing and less in laughing and singing, yet the way is quite smooth, still fun. Then the trail narrows, growing rougher and steeper; sharp rocks hinder our progress; packs grow heavy. Unexpected storm clouds blot out the sun, and a heavy blackness settles over the trail. Suddenly the peak that had looked so invitingly near seems very far away and is lost in the darkness. The temptation to turn back is very strong upon us, but we cling to our determination and struggle on. At last the clouds slowly lift, the summit nears, and finally the trail brings us to the hard won peak. A glorious panorama bathed in sunlight stretches out before us. Looking back at the difficult trail, we are filled with a sense of accomplishment. We have succeeded.

So it is with life. The trail is as steep, as arduous; the difficulties and trials are as great; the goal is as high. The way will be darkened at times with trouble, and we shall long to turn back. Companions and friends will lose the path and wander into other, devious ways. Yet as we near the finish, joy will replace sorrow; success, failure. Peace will come and drive out fear. Great will be the sense of exhilaration and accomplishment for those of us who reach the goal at the end of the long, Upward and Onward Trail.

Upward and Onward

Upward to hail that season
 By gifted seers foretold,
 When men shall rule by reason
 And not alone by gold.
 When with man to man united
 And every wrong thing righted
 The whole world shall be lighted
 As Eden was of old.

Onward for those who love us,
 For those who know us true,
 For the Heaven that smiles above us
 And inspires our spirits too.
 For the course that lacks assistance
 For the wrong that needs resistance
 For the good that pleads existence
 Let us see what we can do!

—Robert Robey, '48

Upward and Onward

The tree that never had to fight
Upward for sun and air and light,
That stood out in the open plain
And always got its share of rain
Never became a forest king,
But lived and died a scrubby thing.

The man who never had to toil,
Or dig the ground, or plant the soil,
Who lived a life of ease and pleasure
And without earning got his treasure
Never became a manly man
But died as dwarfish as he began.

In tree or man good timber grows
Where thickest gather earthly woes.
Both men and trees must fight their way
Upward and onward, or weaklings stay,
For the grain of wood grows strong in storm,
And the soul of man his trials form.

Cheerleaders

This year Chelmsford sport fans were thrilled by the spectacle of twenty-four cheerleaders in red and black velvet uniforms. Coached by the capable and peppy Miss Hehir into a snappy and well-drilled team, they were an impressive part of every athletic contest. Captain Janet Bomil led the group, assisted by the sub-captains, Fay Valentine and Rita McDonald, and by the remarkable little mascot, Dottie Ayotte.

Our cheerleaders functioned at every football and every basketball game, and concluded their season by entering the cheerleaders' tournament at Littleton, where they received honorable mention for their pyramid, conga line, and locomotive cheers.

Each cheerleader was awarded a letter.

Football

The law of averages seems to apply even to athletic success, and certainly the Chelmsford High School football squad has proved no exception to this rule. After tying our first game with Punchard, we immediately ran afoul of bad breaks of all kinds. Many times we came close to victory, but when our hopes were highest, fate slammed the door, and we never quite achieved the desired end.

Captain Douglas MacElroy, who turns the controls over to Bruce Campbell, Captain-elect for '48, feels confident that with the aid of the many underclassmen who are returning, next year's squad will turn the tables, and with their renewed efforts and valuable experience, change bad luck into good.

Girls' Basketball

Our girls' basketball team, captained by capable Nancy Lamb and Bessie Blackie, reported this season to our new and faithful coach, Miss Margaret Keith. As several veterans were on the squad, the prospects for a successful season were evident.

From the first day we were determined to uphold the record of previous Chelmsford teams. Our determination was greatly boosted when we, at long last, appeared on the court with the new look!

Our first league defeat came when we journeyed to Johnson. We bounded back from the blow, however, to defeat each contender in its turn. It was in the postponed Tewksbury game that we copped the Suburban League crown. This is the fourth straight year that the Chelmsford girls have carried off this honor. We were a tired team that bowed to our rival, Howe, in the final game.

Our entry at the Littleton tournament ended in a two point loss after a thrilling game with Townsend.

At a post-season squad meeting, Maureen Bishop and Connie Greenwood were elected to lead next year's team.

Boys' Basketball

Chelmsford High School's basketball team managed another successful season, as the boys played themselves into two tournaments, and won second place honors in the Suburban League. The squad holds victories against every team in the Suburban League, excepting only Dracut, and it left an impressive record whenever it took the floor.

This year's Captain, Clarence Hefler, and the team's seniors are leaving behind a firm nucleus of underclassmen to be developed next season under the leadership of Warren McHugh. They should present another well moulded team by the time Coach Hicks has them whipped into shape for the opening game next year.

ACTIVITIES

Band

This year the Chelmsford High School band again found itself going full swing, and not even during the summer vacation was there any cessation of activity. A continual round of school graduations and summer concerts permitted no talent to lie idle.

Memorial day was a particularly busy one, for the band paraded in North Chelmsford and then journeyed to Hollis, New Hampshire, for a second appearance, which was followed in turn by an outing. As is the custom, they also accepted an invitation to participate in the Lowell High School Field Day parade.

Next on the list came the summer concerts. In addition to these regular outdoor concerts, one of which drew an estimated audience of a thousand people, the band played for a street dedication, the funeral of a veteran, the St. Mary's Church Carnival, the Firemen's Relief, and the American Legion Convention. Incidentally, our trumpeters have played taps many times at the request of the Legion.

The biggest thrill of the year was, of course, marching in the Holy Name Parade in Boston. Movies of our band in action before four million people will be secured later for Chelmsford audiences.

During the school year the band members have to their credit a benefit concert for the piano fund. They played Christmas carols in all sections of the town and were happily rewarded by a Christmas party at the Westlands School. The final big performance of the year was the fourth annual concert, which gave the satisfaction that townspeople have come to expect.

At the conclusion of another year, the band members thank their leader for the pleasure and profit derived under his excellent leadership. Every rehearsal has been something to anticipate happily, and not for anything would anyone of the fortunate group have missed the privilege of working with Chelmsford's own Bernie Larkin.

Glee Club

The Glee Club, under the direction of Miss Olive Littlehale, has had a very successful year. In December the members presented a Christmas Concert and in April the Spring Concert in the form of an operetta, entitled "The Waltz King." The members of the club feel that this has been an interesting year and that much has been accomplished.

Junior Red Cross

Under the energetic supervision of Miss Marjorie Scoboria, the Junior Red Cross finished a very successful year. At the first meeting the following officers were elected: President, Marjorie Carr; Vice President, Margaret Blott; and Secretary, Gail Shawcross. The homeroom representatives chosen at that same meeting were:

Ayotte, Claire	Brown, Eleanor R.	Kydd, Robert
Barrows, Gladys	Cole, Muriel	Moss, Mildred

These representatives succeeded in carrying out a successful membership drive. Nearly all the homerooms had 100% membership and the sum of \$24.73 was collected.

Bi-monthly meetings were held in Miss Scoboria's room. The first project undertaken was to collect material to fill eighteen good will boxes for children overseas. During the winter term, members made two hundred attractively decorated Easter baskets. Later in the spring, one thousand newspaper disposal bags for hospital use were folded.
