BEST YEARS OF OUR LIVES

On the following pages we, the class of 1956, proudly preserve in pictures and writing the BEST YEARS OF OUR LIVES.

In the strivings of the underclassmen to become 'almighty seniors', we see reenacted our struggle through the years, to get where we are today. The clubs and activities represent the pleasures and the associations of high school that we shall never forget.

Through these "Best Years" we have been brought to realize, more and more, the value of our freedom of education and the need for the continuance of both the freedom and the education. In addition, we have come to understand that through these years we have been receiving what our teachers, our parents and the world have to give us in order that we may, with a feeling of satisfaction, move forward to assume new and responsible positions in our ever-changing world.

Now as the day of graduation draws near and these "Best Years" come to an end, we approach another phase in our development when we recognize that "Not what we gain, but what we give" is the criterion of a successful life. What the members of the class of 1956 shall give of themselves in loyalty, devotion, and service shall be the measure of their true value in the years ahead.

Thus we, the class of 1956, keeping "not what we gain, but what we give" as our inspiration, hope to go forward making every year the "Best Year" of our lives.

Dedicated to One

Who because of her understanding of us and her insight into our problems has been a just and wise Vice-Principal . . .

Who because of her sincere desire for our growth intellectually has been a stimulating and inspiring teacher . . .

Who because of her kindness, her humor, and her genuine interest has been our cherished friend . . .

C. EDITH McCARTHY

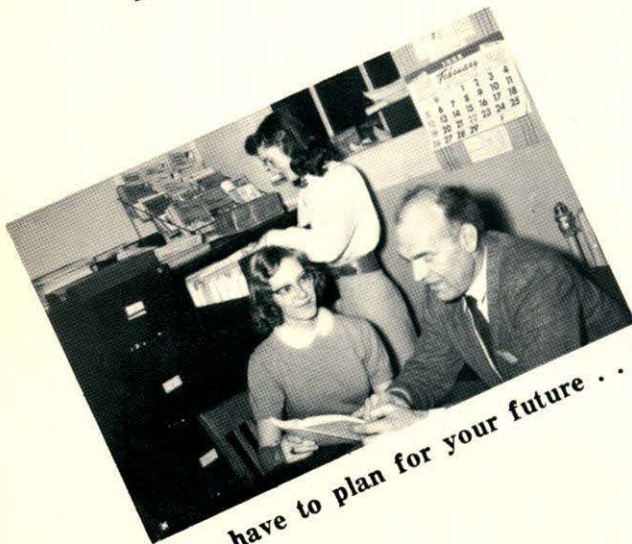

"Let's give the winners a big hand . . ."

"Thanks for your capable work . . ."

"Do you think you can do it . . ."

"You have to plan for your future . . ."

"Let's get something with OOMPH to it!"

Board of Editors

Basically, *The Lion* is a documentary publication which records clearly and impartially the events of our school days. For us, the editors, it has been a great pleasure to compile this roster of information. As we have collected these facts, we have looked back and relived our joys, our triumphs and, of course, our defeats.

We have tried to present an all-around picture of Chelmsford High School which we can carry with us through the years. Lest we take ourselves too seriously, we have attempted a flick or two of humor at our expense.

Hoping that you will spend many happy hours with this book, we, the Board of Editors of 1956, present to you—the faculty, students, and friends of Chelmsford High School—*The Lion*.

OUR SUPERINTENDENT

THOMAS L. RIVARD

TO THE SENIORS:

Your greatest challenge lies ahead. Your education will do for you only as much as you have done for it. You never know what you can accomplish until you try with faith, determination and persistence. May God bless you with the vision and the courage to be successful in the occupations and professions that you choose.

THOMAS L. RIVARD

OUR PRINCIPAL

JOHN T. CONRAD

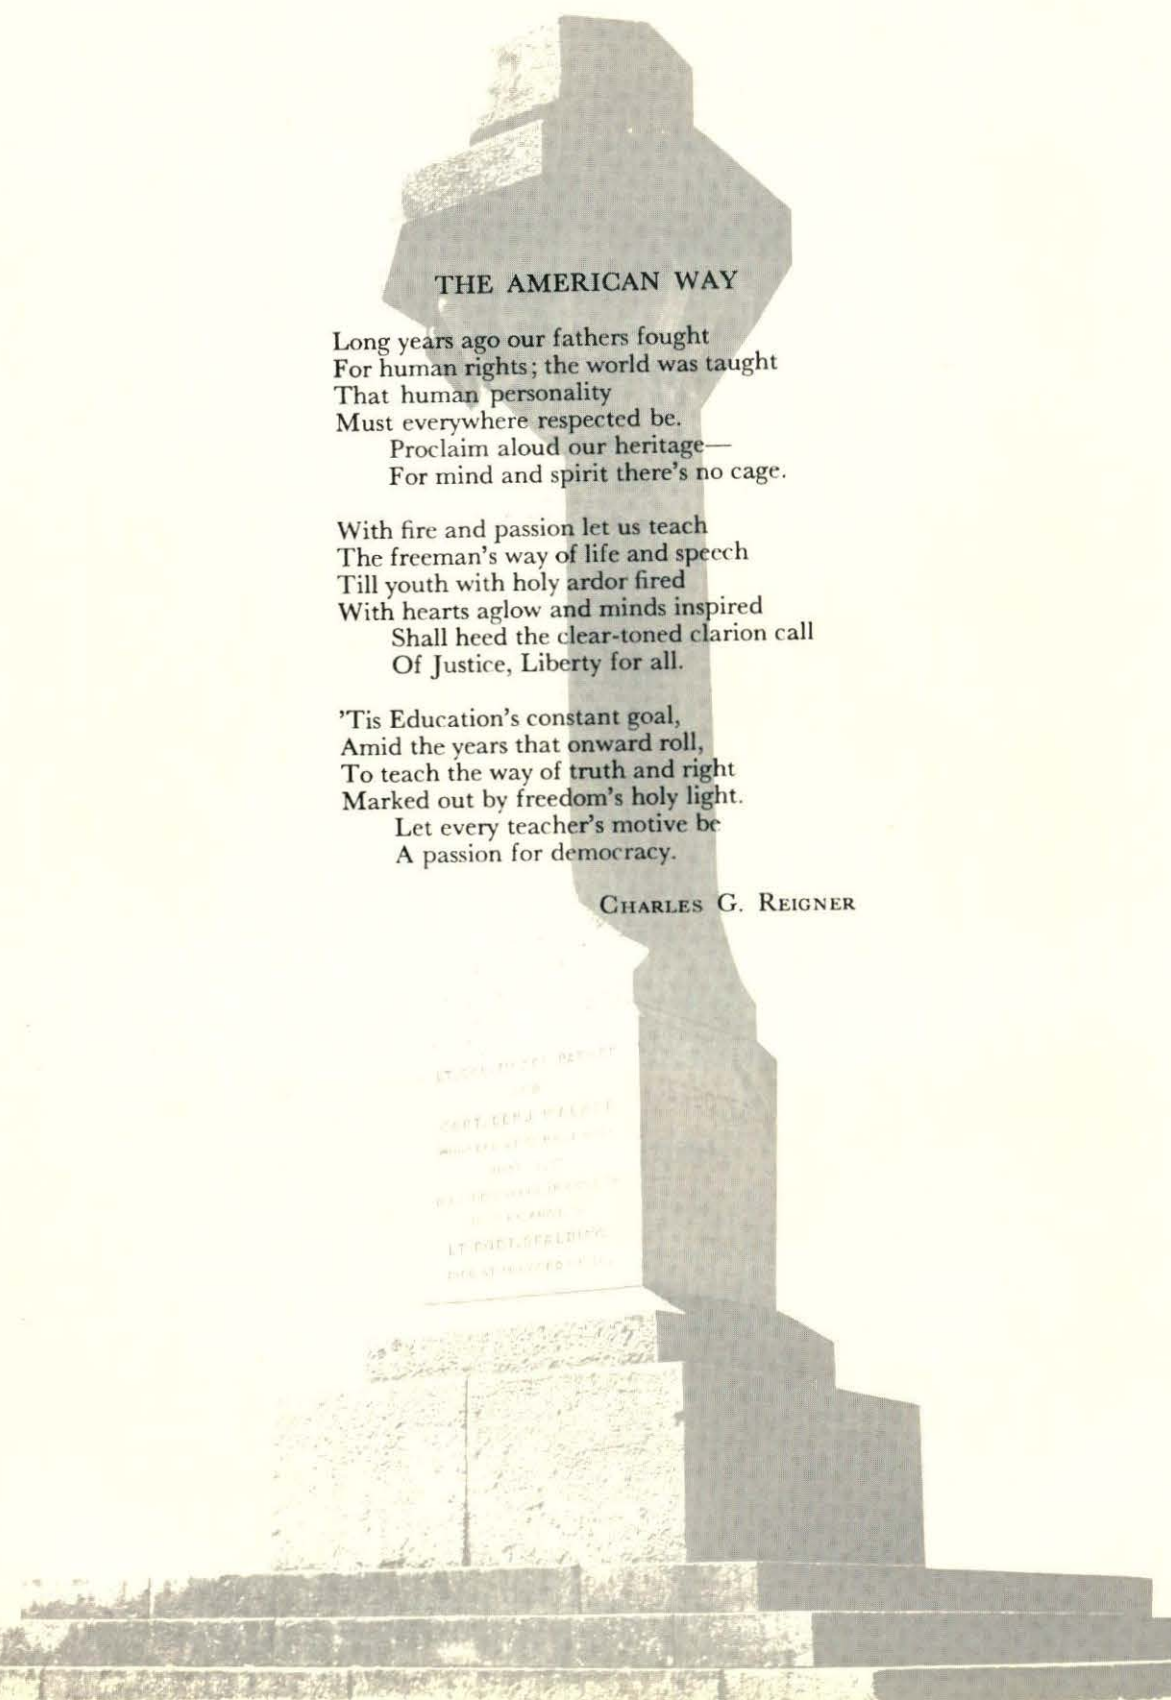

TO THE SENIORS:

You are living in a world where changes occur so frequently that education must aim to assist the individual in developing his adaptability. This age of automation, atomic energy, and scientific progress demands that you be alert to capitalize upon these advances. Your teachers have worked to assist you in preparing for this ever-changing world.

In the last quarter of the century, more has been discovered about why people behave as they do than has been revealed in all the history of mankind. However, the real values of life are timeless and unchanging—the need for love, security, approval of our fellow men, and most of all guidance from God.

To you, Seniors, I extend the earnest hope that you use wisely your knowledge to meet the present problems and to bring to the future your share of good example and worthwhile contribution. Remember always—your life is what you make it.

JOHN T. CONRAD

THE AMERICAN WAY

Long years ago our fathers fought
For human rights; the world was taught
That human personality
Must everywhere respected be.

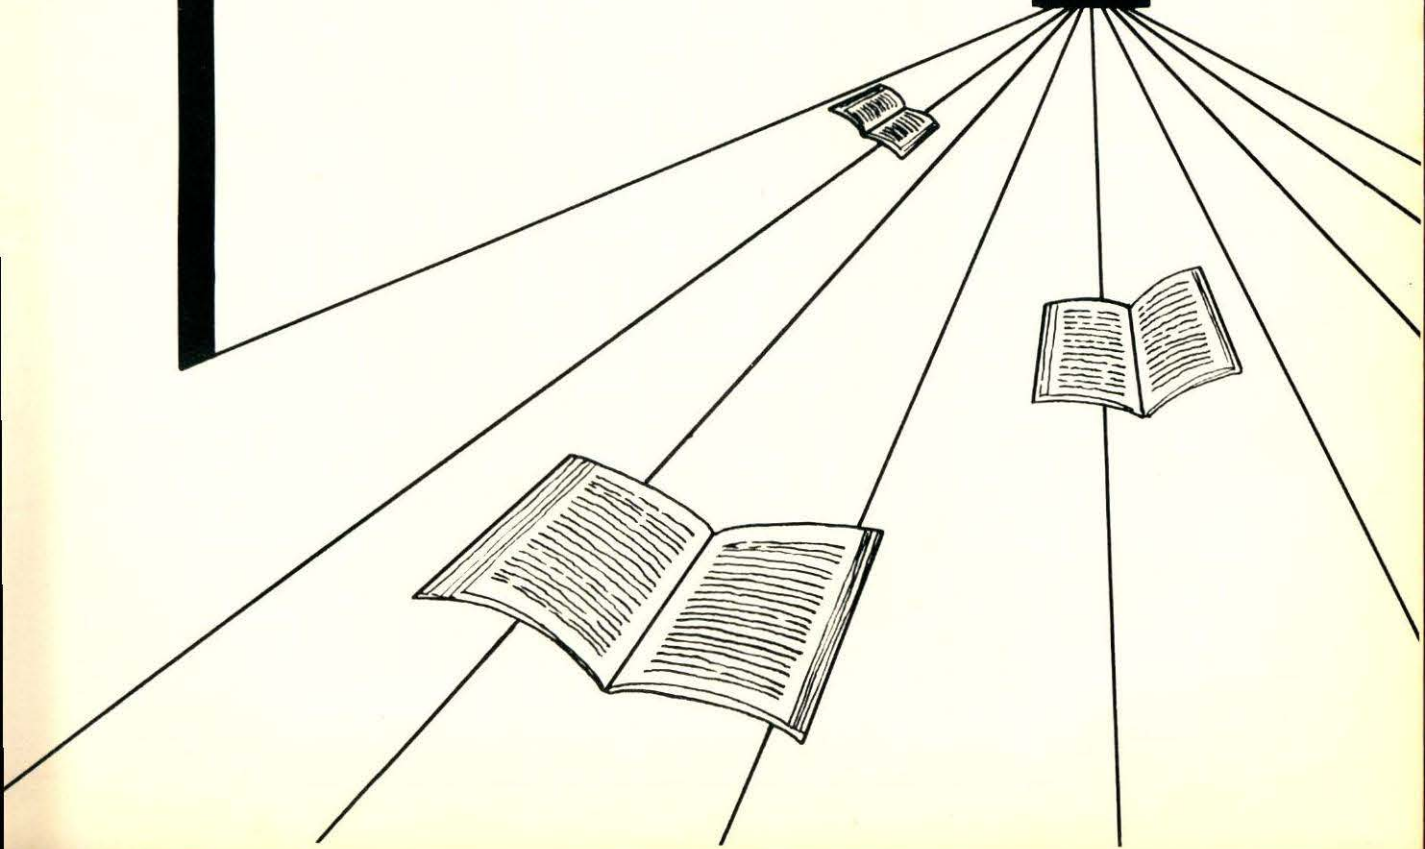

Proclaim aloud our heritage—
For mind and spirit there's no cage.

With fire and passion let us teach
The freeman's way of life and speech
Till youth with holy ardor fired
With hearts aglow and minds inspired
Shall heed the clear-toned clarion call
Of Justice, Liberty for all.

'Tis Education's constant goal,
Amid the years that onward roll,
To teach the way of truth and right
Marked out by freedom's holy light.
Let every teacher's motive be
A passion for democracy.

The Athletic Association

Practically the entire student body of Chelmsford High School is included in the membership of the Athletic Association this year. Merely by purchasing an A. A. ticket, a student became a member. The money from these tickets, added to other funds, helped purchase uniforms and equipment for the school teams. This year we welcomed a new faculty manager, Mr. Walter P. Copley, who assumed the duties held by Mr. John T. Conrad in past years.

Cheerleaders

The 1955-56 cheerleading squad, captained again by Barbarann Howard and coached by the efficient Miss Mildred Hehir, has performed many new and outstanding routines. This year the squad was made larger with another mascot, Mary Ellen Goodwill, and another acrobat, Mary Reeves, Barbarann Howard who has been on the squad for four years and who for the last two has been the captain did an excellent job in leading the squad in promoting school spirit. The cheerleaders attended all of the football games and worked on a two platoon system for the basketball games, with half of the squad cheering for the girls' basketball team on Tuesday afternoon and the other half for the boys' team at night.

Also this year the cheerleaders looked smart and up-to-the-minute in their new uniforms of white ski sweaters, maroon plaid kilts and white knee socks.

Football

*To Wayne
 Co next football
 season, be good
 Bert.*

Urged onward by our popular captains, Omer Desmarais and Murray Hicks, Jr., and capably directed and trained by Joseph Nolan and Victor Caliri our football team chalked up another successful season.

The 1955 football season was highlighted by our stunning victory over a once powerful Ipswich eleven. We also finished a creditable second in the newly formed Lowell Suburban Football Conference. This league is composed of six teams: Ayer, Dracut, Wilmington, Tewksbury, Burlington, and Chelmsford. Our only loss was to eventual champion Dracut, by the tight score of 7-0.

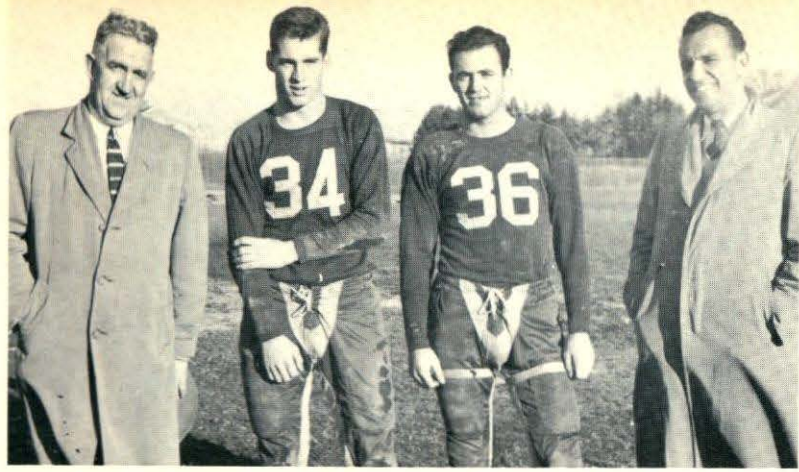

In the annual Thanksgiving Day game, we were forced to accept defeat graciously as we were beaten by our arch-rival Billerica, 19-12.

We are all proud of the way the boys conducted themselves on the field and the way they met both victory and defeat. We know that next year's team under the leadership of Robert Prescott and Albert Scaplen will uphold this wonderful sportsmanship.

"Ouch"
66*

Led by our spirited and hustling captain, Philip Molleur, and tutored by Murray Hicks, our basketball team once again enjoyed another successful season as they compiled a record of 13 victories and 7 losses. In the Lowell Suburban League, we finished second to North Andover with a nine won, three lost record. We were beaten by the league champs, North Andover, twice, and were upset once by Tewksbury. In non-league action, we won four and lost four with one of those losses being a squeaker to Pepperell 64-65. Once again we qualified for the Eastern Massachusetts Tech Tourney and in a preliminary game we journeyed to Natick where we were eliminated by a red hot Oliver Ames quintet, 64-36. Best of luck to next year's hoopsters.

Girls' Basketball

Under the able leadership of the co-captains, Mary McCarthy and Marilyn Vaipan, and the excellent coaching of Miss Mary P. Lynch, this season's basketball squad ended in second place in the Suburban League.

This year the varsity and junior varsity played their Tuesday games in the afternoon. This schedule was adopted to give more people an opportunity to play and to give a better opportunity for the girls in the league to meet on a social as well as a competitive basis.

The J. V. squad, playing at least one scheduled game a week, had a most successful year, chalking up wins in every starting performance.

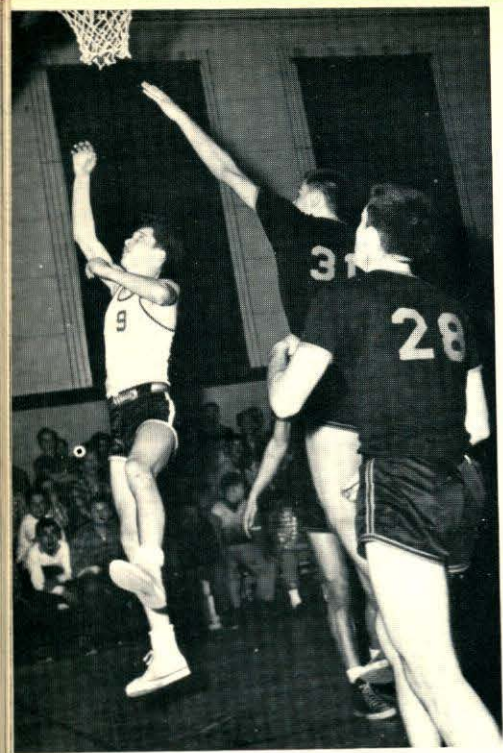

The 1956-57 squad promises to be a good one under the spirited leadership of Kay Morrow and Lila Crowley. We all hope that they will have as much fun and success as the 1955-56 squad had.

Field Hockey

Field Hockey is becoming a much more popular sport at Chelmsford High School. Under the excellent coaching of Miss Mary P. Lynch, this year's field hockey team played outstandingly. Because of inclement weather, only three of the scheduled games were played. The girls were able to emerge as victors in two out of three games. With Joyce Murphy and Joan Dodge as the able captains, the team was spurred to action even on muddy fields. We owe thanks to Anne Marie Crowe who has been the team's manager for four years.

We wish the best of luck to next year's co-captains-elect, Alberta Jones and Janet Bell, and the team.

Baseball

The 1955 Chelmsford High baseball team led by the capable duo of Paul Peterson and Bob Farrow, and masterminded by Coaches Nolan and Verre, finished in a creditable third place tie with Tewksbury. Their final record was eight wins and six losses, but four of these losses were by the hard luck margin of one run. Against the Greater Lowell teams, the locals had a seven and one record, the lone loss being to Burlington. However, against the Greater Lawrence teams the Lions came up with only one win in six games.

The big game of the season was the Tercentenary Day game in which we faced our arch-rival Billerica. The bleachers were filled with shouting fans and this moral boost helped the boys celebrate this big day with a 3-0 victory. If these bleachers were filled every home game it would give the boys the extra incentive to win the close games.

As the Lion goes to press, the "56" baseball team is just taking the field and therefore, only their schedule can be published. However, we hope the luck is with our side this year and that Co-Captains Johnny Goodwill and Dave Weeks will lead the Lions to another successful baseball season.

ACTIVITIES

Student Council

The Student Council since its organization in 1950 has attempted to further the welfare and spirit of our school, and to do everything in its power to make our good school better.

This year, as in the past, the Student Council has been very active under the leadership of its first woman president, Barbarann Howard, and under the competent guidance and direction of Miss Mildred Hehir.

The Council sponsored the adopting of a Christmas family by the school and purchased the gifts and food from the students' contributions. A committee from the Council selected the artists to appear on our assembly programs which were very entertaining as well as educational. Student Council members attended conventions to get information, inspiration and fellowship with other schools.

To aid in the purchase of audio-visual equipment and to furnish sweaters and jackets for our athletes, the Student Council became supersalesmen again in home-rooms and at games. Also in behalf of these causes, they presented very successfully the Sixth Annual Talent Show, in the production of which they were ably assisted by Miss Martha Kinneen, and Mr. Costas Kevghas.

This fall, a new refreshment stand appeared on our athletic field. This fresh and clean stand presented not only a better appearance but also offered improved conditions for the workers and greater ease in serving the public efficiently and well.

To further good relationships with other schools, the Student Council planned activities with the councils of both Westford and Dracut which proved the most successful get-togethers.

All in all, the Student Council of Chelmsford High School can present an admirable record for 1955-1956.

The Chelmsford High School Chapter of the National Honor Society, under the guiding hand of Miss F. Christine Booth, has now completed its fourth year at our school. The purposes of this organization are to create an enthusiasm for scholarship, to stimulate a desire to render service, to promote leadership, and to develop character in all students. Eligible juniors and seniors are installed after the second semester in an impressive ceremony to which their parents are invited.

Each year the main activity of this chapter is the sponsoring of help sessions for those seniors planning to take the College Board Examinations. Three members of the organization were chosen to compete for the National Honor Society Scholarships in March.

It is a privilege and an honor to be a part of this organization, and it is our hope that this will be the group to which every student will aspire as it certainly is a worthy goal to achieve.

Junior Red Cross

The Junior Red Cross Council once again completed its usual outstanding projects for this year. Under the expert leadership of Miss Marjorie B. Scoboria, the officers and homeroom representatives obtained 100% membership for the fourth consecutive year.

A committee of Juniors and Seniors decorated at Bedford Veterans Hospital, twice; once for Halloween and the second time for Thanksgiving. Throughout the year posters have been made by the members and also cartoon books, which were sent to the Bedford Hospital. These projects were fully appreciated as they are every year.

The International Correspondence Album, a yearly project for our group, with Linda Brown, chairman and Carolyn Smith, Marcia Ricker, Lillian Gray and Patricia Westwood as the committee, was completed and sent to Ireland.

We would like to congratulate the faithful members who worked so hard throughout the year and we hope that in the future they will be rewarded for such service.

Faculty Adviser — Mrs. Charlotte Carriel

The Press Club has enjoyed its fifth year of existence as the group which releases to the townspeople and C. H. S. students the news of all school activities. This year the seniors have welcomed the assistance of many juniors in pursuing their duties as reporters. The club meets once a week with Mrs. Charlotte Carriel, the adviser, for discussion and assignment. All work is checked by Mrs. Carriel before being sent to the Chelmsford Newsweekly and the Lowell Sun.

Although the club works quietly and inconspicuously, it is a very important organization, which not only gives the students an opportunity to practice expressing their own ideas and to see them published in the papers, but also helps the school to build up good public relations. The Press Club and talented adviser deserve our thanks for faithful service.

The Lamplighters are students, under Mr. John Dunigan's efficient supervision, who have charge of the school's movie projector, tape recorder, slide projector, and phonographs. This group is well trained in the use and maintenance of this equipment. The Lamplighters are always ready to give of their time when one of the school's audio-visual aids is to be used to increase the understanding of the pupils of C. H. S.

We are grateful to the Lamplighters and Mr. Dunigan for their willing service.

The Science Club

Mr. Frederick Bardsley, our new science teacher, has more than stimulated our interest in science. This year he has organized a Science Club for the express purpose of extending interest and curiosity in the scientific field. Particular stress is given to the background of scientific problems, the orderly analysis of these problems, and the experimental approach to these problems.

The results of the studies of the individual members of The Science Club are summed up in The Annual Science Fair. The purpose of the fair is to indicate the contributions made to the student's own development mentally, as well as to the development of his interest in research and to the products of research in science.

The members of the club are most grateful to Mr. Bardsley for his enthusiasm and able guidance.

Driver Education

The mounting toll of death and destruction resulting from traffic accidents has been a matter of national concern for many years. Various methods of alleviating this problem have been proposed, but all indicate a need for better education of drivers, better engineering of highways, and better enforcement of traffic laws. It has been shown that high school courses in driver education are most effective in creating an awareness of the hazards of driving.

Driver education and training in the secondary schools is considered a necessary course as manifested in the following statistics: in 1936, 3 cars were in use in the USA for this purpose; in 1953, there were 6,300 cars; the number is still increasing. Chelmsford High has for the past five years offered classroom instruction and behind-the-wheel training.

The aim of a driver education and training course is to teach the student the attitudes and skills necessary to become a safe, competent driver. This year 79 pupils enrolled; 32 have completed the course and have received licenses.

We are most fortunate to have had Mr. Dunigan as our instructor for the past five years. He has been a patient and understanding guide as well as an excellent teacher. In the past few months, because of increased popularity of the course it has been necessary to have an assistant. Mr. John Hughes of the McFarlin School has been assigned to the position.

Glee Club

The mixed Glee Club consisting of sixty members under the able supervision of Mr. Paul E. Bordeleau, has had a very successful year singing at assemblies and at concerts. The members of the Glee Club took pleasure in performing for any civic or religious group which asked them to entertain.

Anyone passing the music room during A period heard the melodious harmony of sopranos, altos, and baritones. The group sang popular spirituals, folk songs, and Irish melodies, as well as operatic pieces.

The highlight of the season was the annual May Concert where, together with the Band, the club presented an outstanding program.

We thank the Glee Club and its leader for representing Chelmsford High School so willingly and well.

We, the class of 1956, wish to sincerely thank Priscilla Hoyt for four years of splendid co-operation, untiring patience, and generous sharing of her talent as she acted as accompanist for so many of our musical organizations and activities or as gifted entertainer at so many of our presentations.

Priscilla, who began her musical career at the age of five, has studied under Ann H. Scannell of Lowell and Mrs. Gladys Ondricek of Boston University.

We are proud of Priscilla and her accomplishments and wish her all success in her chosen career.

COACH

Miss Mildred Hehir

The Baton Twirlers, coached by the energetic and skillful Miss Mildred Hehir, strutted through this season very successfully. Captained by Eileen Cummings, they were an added touch to all C. H. S. football games. Eileen, a veteran twirler of four years, was an outstanding and spectacular captain. Two of Eileen's classmates, Anne Marie Crowe, who joined the group this year, and Shirley Gould, who twirled for three years, ably assisted in making the group a success, wherever it appeared.

The addition of two gold uniforms brought extra sparkle to the unit, as it participated in the Chelmsford Memorial Day Parade, Lowell Field Day, and Massachusetts Music Festival.

The school has every reason to be proud of this fine group of girls.

The Band

This year the Chelmsford High School Band again finds itself moving in full swing with increased membership and greater activity. We have every reason to be proud of this fine musical organization which, under the able guidance of Paul E. Bordeleau, continues to maintain our tradition of service through music.

This well-trained group of fifty musicians performed at all the football games, in any weather, lending moral support to the players and adding a note of gaiety and pageantry to the occasion. The band has also played at all the school assemblies.

During the fall, the band journeyed to Boston to participate in the half-time activities of the Boston University vs. Temple football game. One of the many bands present, they proudly performed their assigned formation and joined with all the bands in a mass concert.

They played Christmas carols for the sick and shut-ins of the town and were happily rewarded by a Christmas Party at the Westlands School.

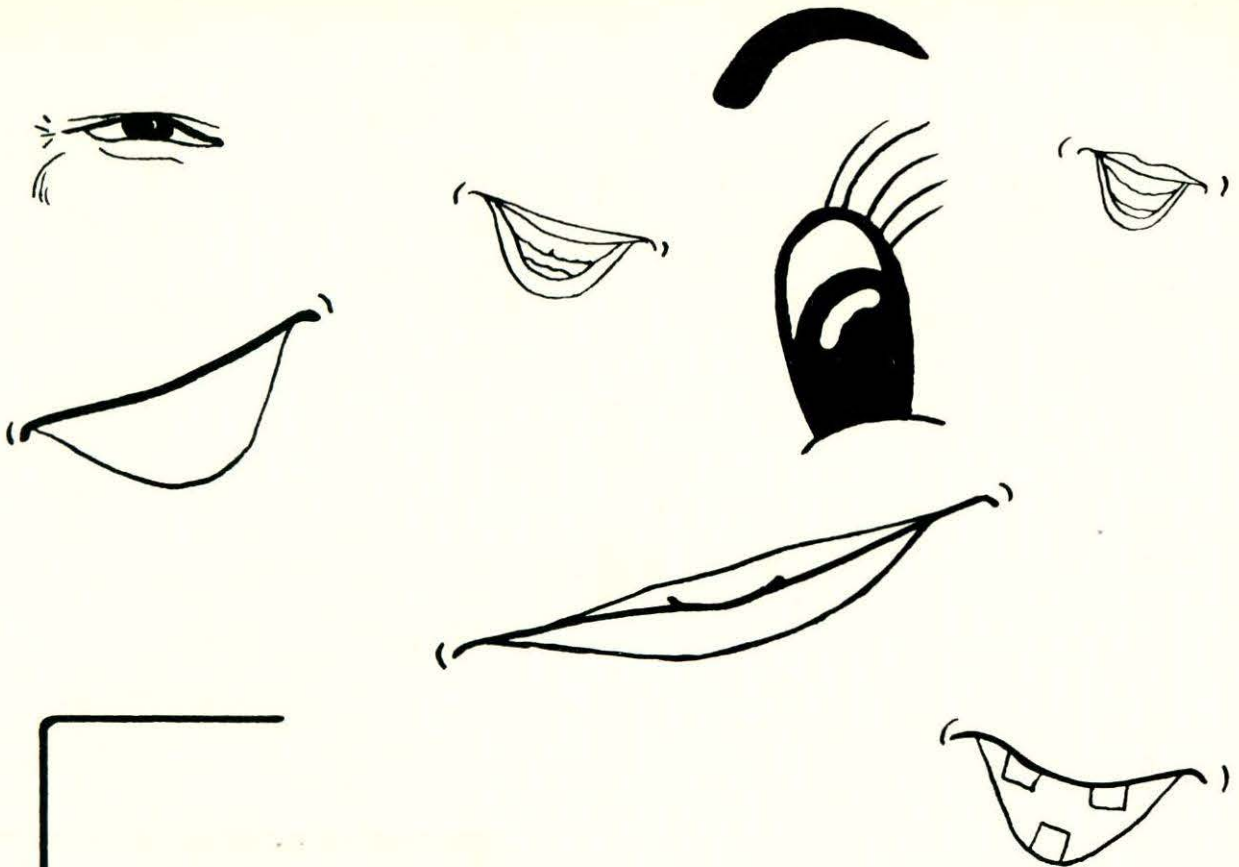

On Memorial Day, they made their now familiar appearance marching first in North Chelmsford and then in the Center. As is the custom, the band accepted an invitation to participate in the Lowell High School Field Day parade.

The high-light of the year was the annual band concert, which gave the satisfaction that townspeople have come to expect.

At the conclusion of another year, the band members thank their leader for the pleasure and profit derived under his excellent leadership.

Class History

FRESHMAN YEAR

Bewitched, bothered and bewildered! How much for an elevator ticket? Where is that information desk? Our first class meeting, Gee! "We like Mike" for president. Our first, and the last freshman dance—attended only by the orchestra! Modern art and music moves us as Miss Greenberg and Mr. Hahn shake up the bottom floor. Mr. Green defeats the German army, single handed, to come to guide us. Sadly the Lions leave the Boston Gardens. Nevertheless, the Lions are basketball and baseball champs. We've now obtained the rank of P. F. C.

SOPHOMORE YEAR

Sophomore English classes get writers-cramp as Mr. Kevghas pushes us through Shakespeare. Weird sounds echo through the hall from Room 5. We dispose of two biology teachers this year. Our sophomore dance is more of a success as the Bunny Hop jounces the joint. "Your attention please" spurts from the little black boxes on the wall. Dungarces are taboo. Our teams are suburban football and basketball champs. We've now reached the rank of Sergeant.

JUNIOR YEAR

School vacated as mad junior chemists invade the lab. "Hoola" Healy leaves Room 30 in good condition for Mr. Pickett's teeth-clenched speeches. Mr. Marchant drives his own bus to school. Miss Lynch and Mr. Verre take over the job of reconditioning our muscles, as Mr. Ciszek and Miss Cordingly depart. Another biology teacher bites the dust. Miss Kinneen helps evict the sixth grade from Room 20. Mr. Bordeleau and the new band uniforms appear on the field. We finally get our rings only to have the boys misplace(?) them. An extremely successful TWIRP dance. A zoo escapee frightens and amuses sport fans—a real live Lion. Suburban football champs. We lose by the skin of our teeth in the Boston Gardens as six busloads of fans turn away disappointed. National Honor Society inducts our juniors. President Larry Miller accepts the senior class gift for us. Lo and behold! We now hold the rank of Lieutenant.

SENIOR YEAR

We all look up at our new faculty manager, Mr. Copley. We welcome our FIFTH biology teacher, Mr. Bardsley. Mr. Caliri takes up the task of making men of the boys. Our class piggy bank gets fatter as we hold our dances. Rock and Roll fever stuns C. H. S. and is condemned to death. Little ladies and gentlemen appear when class pictures are taken. Threats from the top floor! Groans as we become advanced physicists. Shakespeare again rolls over in his grave as WE murder Macbeth. The Yearbook Staff works hard behind closed doors. All teams place in runner-up spots. "You won't graduate if you don't pay your dues!" Our first Science Fair. Another successful Talent Show. An enchanting Prom night. A fun filled Class Trip. And, at last, Graduation! Sadly, we look back on the memories we have gathered in our four years at C. H. S. Hopefully, we look ahead toward the future. With the rank of Captain of All We Survey we proudly retire, honorably discharged.
