Common Sense About City Directory Circulation

THE TRUE VALUE of advertising circulation is
circulation consulted.

TO BE EXACT by actual survey in twenty-four
average American cities by actual count
each Polk Directory averaged three and
one-half consultations for each business
day.

TO BE CONSERVATIVE we will eliminate the
sixty Sundays and Holidays when no
tests were made.

FOR EVERY THOUSAND DIRECTORIES sold
there will be an average of three and
one-half consultations for each book for
THREE HUNDRED and FIVE days, there-
fore $1000 \times 3\frac{1}{2} \times 305 = 1,067,500$.

CONSULTATIONS OR CIRCULATION
CONSULTED

VITAL INFORMATION AT YOUR FINGER-TIPS!

◆ Tens of thousands of people who were formerly strangers to the City Directory are consulting it on questions of citizenship, employment, sources of supply, communications, etc. Also, Directory usage is up among regular subscribers.

NUMERICAL TELEPHONE DIRECTORY

BLUE PAGES

This Directory takes the "mystery" out of blind numbers. It lists telephone numbers in numerical sequence, making it easy to "decode" blind phone numbers in classified ads—especially valuable for real estate agencies, used car dealers, etc.

WHAT'S IN A PHONE NUMBER?

ABOUT THE FIRM:

Who called me? When your call back message gives a telephone number only—or includes a common surname such as Jones, Smith, Brown, etc.—this Numerical Telephone Directory will assist in determining correct firm name. Make use of both Alphabetical and Street Guide information to establish names of officers, owners or partners, products and services, and correct address. Properly identify firm and caller and have needed records, file or correspondence on hand before returning call.

ABOUT THE INDIVIDUAL:

Who called me? When only a telephone number is known, this Numerical Telephone Directory will assist in determining the name of the subscriber—with this information combined with other sections of your City Directory you may quickly establish such information as wife's name, place of employment, job title, home address, business address and telephone number.

some cold.
You
you're going to wish you had
AAA.

If you've never had an emergency situation while driving, count yourself lucky. Sooner or later, it's certain to happen. And when trouble strikes, it's good to know you've got someone to contact.

Frankly, that's one of the reasons thousands of people have joined AAA over the years. Today we have 22,000,000 members ... and, on the average, AAA answers a call for help every 3 seconds of every day. We can't guarantee instant action, but we maintain 20,000 Emergency Road Service installations to serve AAA Club members.

Let's face it, one road service call could cost you much more than an annual AAA Club membership-assuming, of course, that you could easily get someone to answer your call.

Why take chances? Protect yourself. Join your AAA Club and enjoy all the other services that have made AAA the world's largest motorists' organization.
