Freedom comes  
from human beings,  
rather than laws  
or institutions.

George Herbert

There are no problems  
we cannot solve together  
and very few  
we can solve by ourselves.

for he is the only animal that is struck  
by the difference between what things are  
and what they might have been.

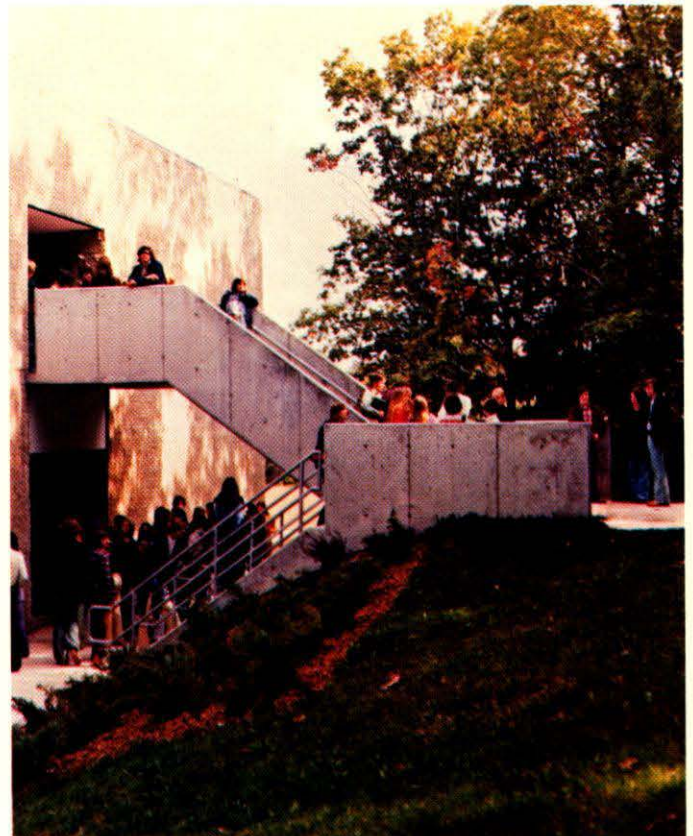

William Hazlitt

To be beautiful and to be calm  
is the ideal of nature.

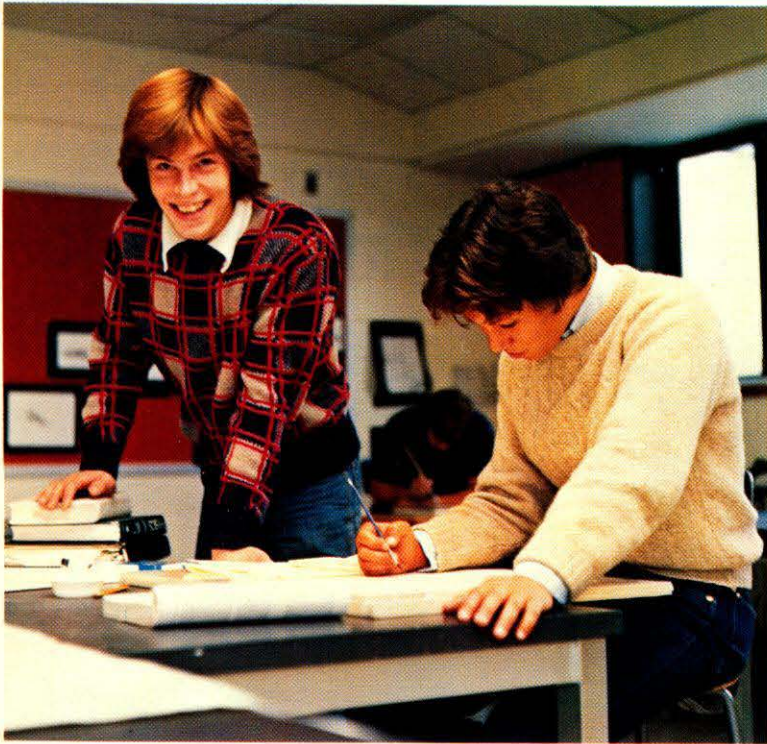

Richard Jefferies

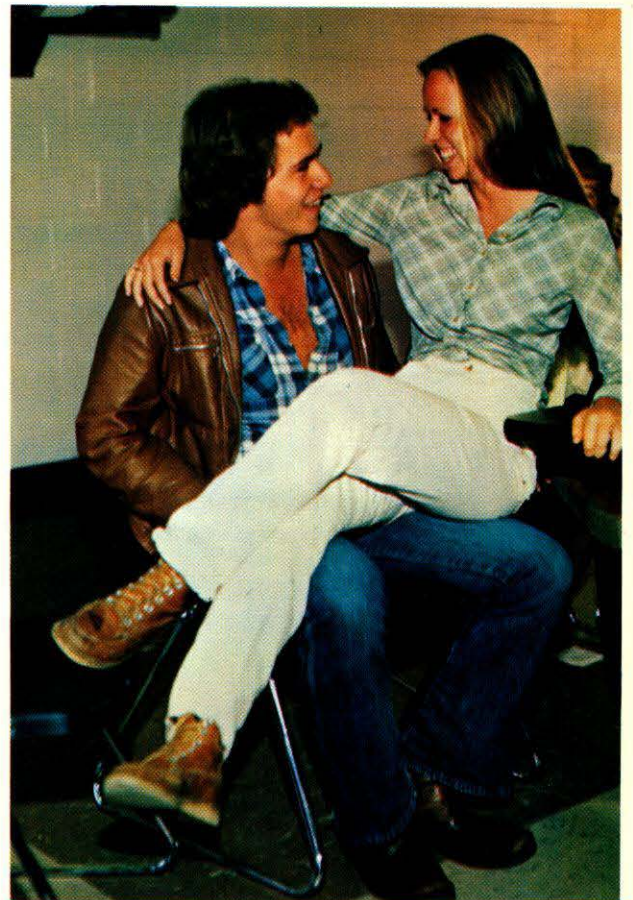

What is a friend?

I will tell you.

It is a person with whom you dare  
to be yourself.

Frank Crane

The vision of one man, lends  
not its wings to another man.

Kahlil Gibran

The fate of this man or that man  
is less than a drop,  
though a sparkling one,  
in the great blue motion of the sunlit sea.

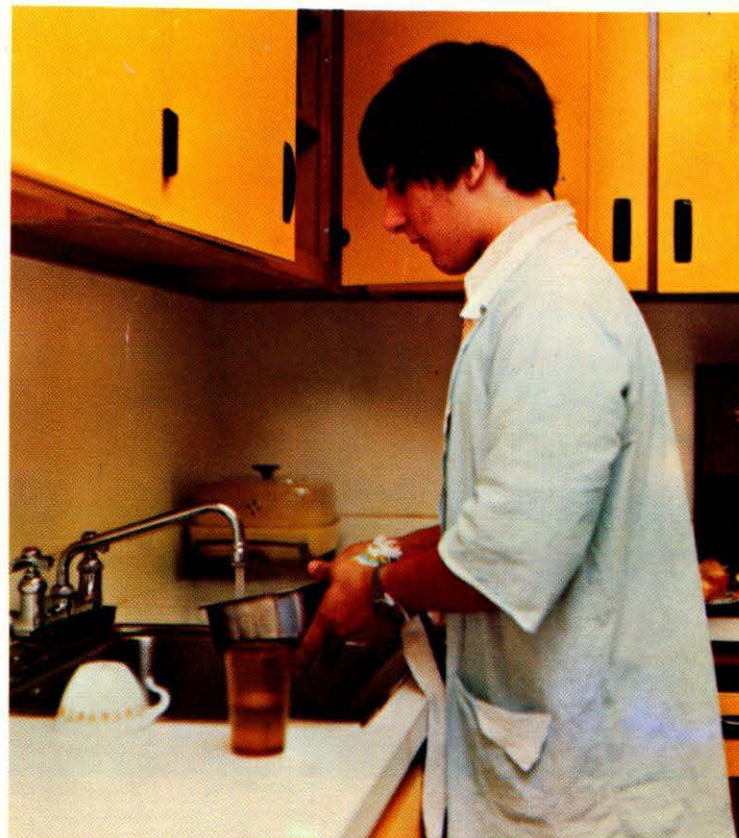

T. H. White

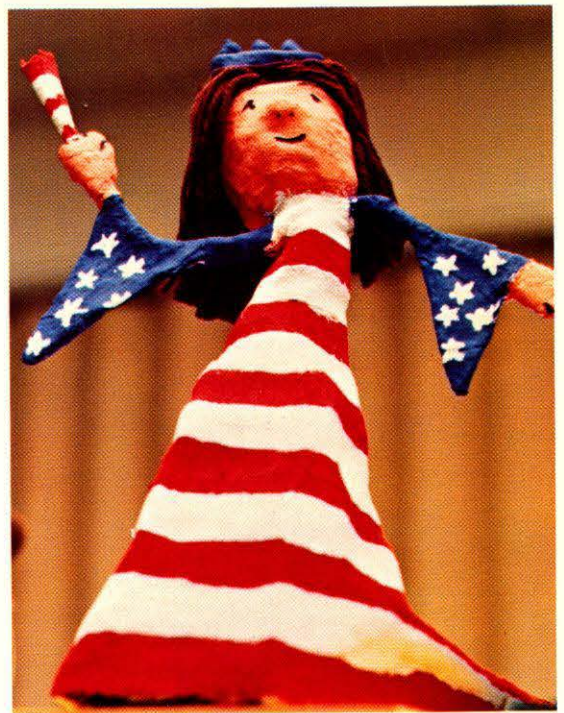

Education is the ability to  
listen to almost anything  
without losing your temper  
or your self-confidence.

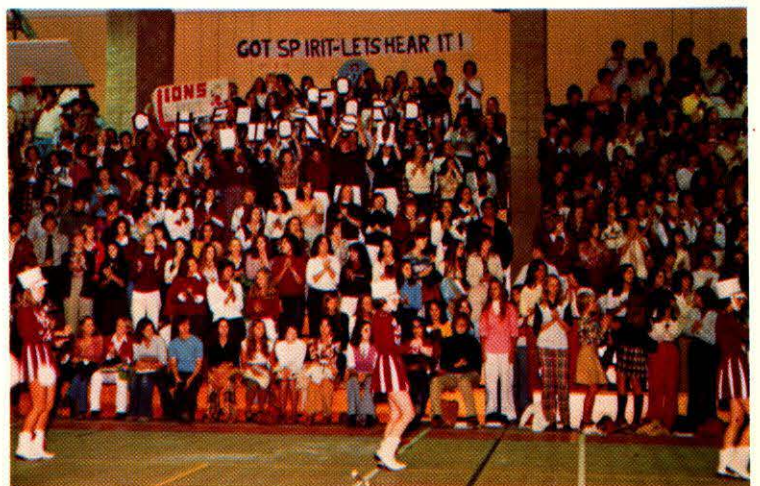

Robert Frost

He too serves a purpose  
who only stands and  
cheers.

Henry Adams

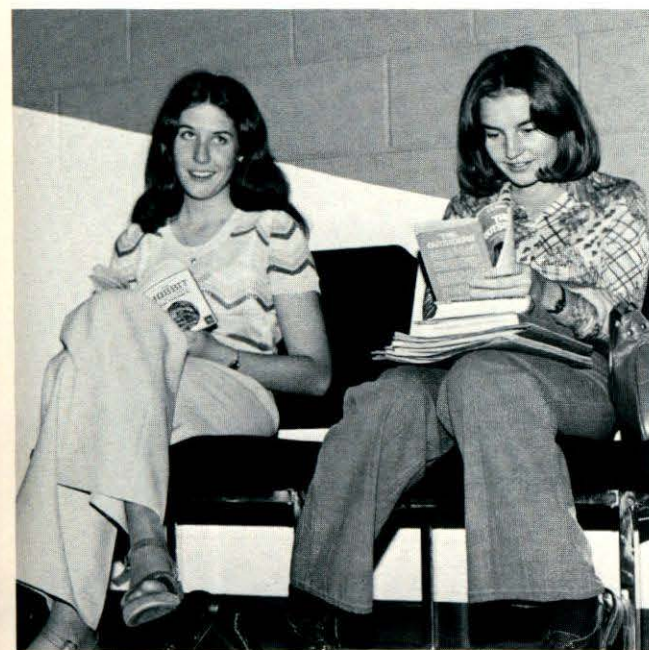

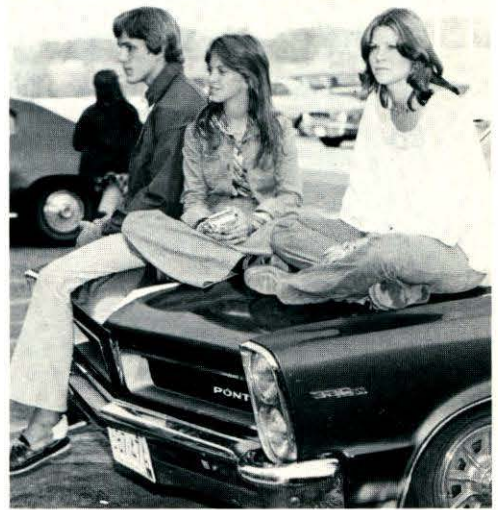

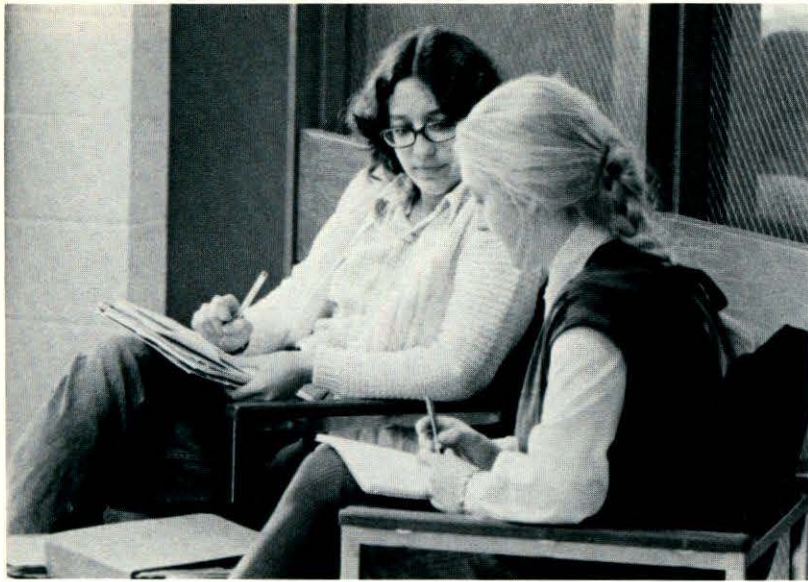

We must indeed  
all hang together,  
or most assuredly,  
we shall all hang  
seperately.

Benjamin Franklin

The only way to have a friend  
is to be one.

Ralph Waldo Emerson

The best way to secure future happiness  
is to be  
as happy as is rightfully possible today.

The value of it is seldom known  
until it be lost.

Is dedicating a yearbook, a finite object of memories, an adequate tribute to a man of infinite dedication?  
 How does one measure hours of work for "kids"?  
 Not by the clock.  
 How does one imitate the character, a model for "kids"?  
 With years of experience.  
 How does one capture the boundless interest and enthusiasm in all the activities of "kids"?  
 There is no device so large.  
 How does one adequately explain in so small a dedication what one wants to say about a teacher, a dean, a friend?  
 There is no space.

Thus, it is with deepest appreciation, gratitude and honor that we, the Chelmsford High School Class of 1976 dedicate our yearbook, *The Lion*, to Dean, Donald E. Boucher.

0-14-2 is not a bad record for a first year team. Captain Heitzman, along with Co-Captains Bosselman and Tyros, tried hard and achieved a lot. We earned the respect of all with players like Blitz, Charlie, McLarney, and McMahon who were known as "the hitters". We had speed with Pearle, Biggs, and Harry, and we also had ball stealers like Buz, Cornie, and Espo. The big kick always came from Carlisle and Yeinger, and who could lose with hustlers like Gerry, Rolly, D'Amato, and O'Hara. They never gave up! We also had the support of clutch men like Henry, Mercier, Sully, and Holmes, and the work crew of Moran, Jones, M. Schwartz, McCreedy, Cease, and Ronan. Goalies Miller and Grove did a great job guarding the net all year. Maybe the coach will stop smoking someday and watch out because Green will be back next year!

Bosselman - M.V.P. and All-Conference; D'Amato - M.I.P.; Miller - All-Conference; G. Schwartz, Biggs, and Esposito - Honorable Mention.

## FRENCH HONOR SOCIETY

The French Honor Society, or La Societe Honoraire de Francais, is a little known organization at CHS. It is a national society, and its purpose is to reward excellence in French. Students are nominated into the society by their French teachers, and are inducted at a special ceremony in the spring. Students must have maintained an "A" average in French through 3 semesters of French, and at least a B average in their other subjects. Plans for the society include a tutoring service to students at CHS, help with the formation of a Spanish Honor Society, and a plan for an outing.

To the Graduates:

As you approach your graduation, you must feel the anticipation of the future and, perhaps, a sadness for leaving the past. I, too prepare for your graduation with similar mixed emotions. I am reluctant to let go of this year's Seniors because I hold a warm spot in my heart for the Class of 1976. You are the first class that I guided through three years at Chelmsford High School as your Principal.

Your class will remain in my memory for your two outstanding qualities: enthusiasm and responsibility. It was these more than any other attributes that brought this class successfully through their sophomore year on double sessions, their Junior year as the initiators of our new high school, and finally, their Senior year in the sharing of the spirit of this new Chelmsford High School.

I have seen both your enthusiasm and responsibility in every aspect of school life. It is evident in all classrooms, but it is most gratifying to see in athletics, clubs, activities, in the student leaders you have chosen and the projects you have undertaken and completed. I have been enthusiastic in my associations, with the members of this Senior class and have felt a responsibility to provide you with the best high school experience possible.

You have left a lasting impression on me as I hope I and Chelmsford High in some way have left a lasting impression on you. It may be only a thought, an emotion, or a learning experience for the future, for it is for your future that I am as confident and excited as you are, the graduates.

In this Bicentennial year of renewed spirit and challenge, it is my fondest wish that the Chelmsford High School Class of 1976 will carry their enthusiasm and responsibility to the challenges of their future.

Memories light the corners of my mind  
Misty water color memories of the way we were.

Scattered pictures of the smiles we left behind,  
Smiles we gave to one another for the way we were.

Can it be that it was all so simple then,  
Or has time rewritten every line?  
If we had the chance to do it all again,  
Tell me would we? Could we?

Memories may be beautiful, and yet,  
What's too painful to remember,  
We simply choose to forget.

So it's the laughter we still remember,  
Whenever we remember the way we were.
