CHALLENGES

We are entering a new age, an age of challenge, constantly vying to achieve and reaching toward new frontiers. Chelmsford High School has provided the opportunities that have called on us to fully use our individual abilities, energies, and resources. This building is a monument of our achievements, but it is within its corridors that we have attained our successes. Here, by means of exertion, skill, practice, and perseverance, our desired outcomes have become realities. Success has been our reward. The students, faculty, academics, and extra-curricular activities at Chelmsford High School are representative of this fact. Four years have prepared us for what lies ahead, a future whose only boundary is one's imagination.

Best Wishes for a challenging and successful future,
The 1985 Lion Editors

DEDICATION

A Letter to Our Friends

Dear Ms. Aguiar, Ms. Demaras, and Ms. Ingalls,

How do we begin to thank three totally unselfish people for completely giving of themselves? During the past four years, your wisdom and understanding have shown us new horizons. The more need we had, the more support, sacrifice and smiles you gave. Whether the job was a menial task or a huge undertaking, we knew that you would organize and guide us.

We have often wondered how you survived it all! Why didn't you ever lose patience? Weren't you ever tired? Why didn't you ever say "no"? Many times we fell; how often you helped us experience the joy of rising. How can we show our appreciation?

Sharing our trials and tribulations has created a special bond. For us, you were true educators — providing challenges and teaching how to succeed. Our gratitude deepened each time.

We came to you as young people of promise. After four seasons with you, we cross the threshold into womanhood and manhood. It is our privilege to dedicate **THE 1985 LION** to three most dedicated class advisors.

Fondly,
The Class of 1985

OUR DEDICATED CLASS ADVISORS

Ms. Demaras prepares for a lab.

Debbie asks Mr. Ingall's advice.

Ms. Aguiar can solve any problem.

The advisors are always available ...

to guide ...

to listen ...

and to give ...

a friendly smile.

The Class of 1985 is special. We are the first class to be a part of Chelmsford High School for four years. In these four wonderful years, friendships have been formed and goals have been reached. Each year has been filled with individual challenges that are never to be forgotten.

As freshmen, we were frightened at the unfamiliar surroundings. It was not just the huge building that was so intimidating; it was all the new faces, too, that were so overwhelming. Five hundred sixty-two of us brought together our different personalities and backgrounds. It took some time, but we unified to become unique.

As sophomores we were more confident. This was the year for involvement in clubs and sports. The everyday schedule was now a routine and our struggles from the past year had paid off. Some of us got too sure of ourselves and dared the unthinkable . . . remember the class trip to Canobie Lake Park?

Our relaxing sophomore year was quickly forgotten as we became juniors. Pressure closed in on all sides as homework, tests, lectures, reports, SAT's, and college information boggled our brains. Yet there were easy times, too. Class spirit rose as many participated in the successful Rainbow Collection Drive, the Candy Drive, and the Beach Party Dance. The event that topped off the year was, of course, the Junior Cotillion with four hundred in attendance.

Entering our senior year, we had more money than any other class had raised. What an achievement! We also participated in many successful activities, like the Magazine Drive and the Halloween Dance. Certainly, memories of Senior Week will be locked in our hearts forever. Of course all this would not have been so special if it had not been for the class officers: Michelle Adams, Vice President; Melanie Lemieux, Secretary; and Julie Burns, Treasurer. If it were not for their constant help and support, I never would have made it! Also, I want to thank the best advisors and friends a class could have: Ms. Ingalls, Ms. Aguiar, and Ms. Demaras. They gave us guidance and a shoulder to cry on when the going got tough. Finally, thanks to the class representatives. Our successes were fruitful because of their time and energy.

Our experiences at Chelmsford High School, whether frightening, happy, exciting, or fulfilling, will be cherished. We will often find ourselves looking back on our challenges and achievements in The 1985 Lion.

It is not easy to leave the familiar surroundings of Chelmsford High School. We will forever remember our times together — learning, growing, and living everyone happiness. May the future bring new hopes and new dreams. We will never be far apart. We will be together again: may you never forget the wonders that the Class of 1985 has shared.

THERE IS NO DEATH

There is a plan far greater than the plan you know;
There is a landscape broader than the one you see.
There is a haven where storm-tossed souls may go —
You call it death — we, immortality.

You call it death — this seeming endless sleep;
We call it birth — the soul at last set free.
'Tis hampered not by time or space — you weep.
Why weep at death? 'Tis immortality.

Farewell, dear voyageur — 'twill not be long.
Your work is done — now may peace rest with thee.
Your kindly thoughts and deeds — they will live on.
This is not death — 'tis immortality.

Farewell, dear voyageur — the river winds and turns;
The cadence of your song wafts near to me,
And now you know the thing that all men learn;
There is no death — there's immortality.

JINGLE BELL ROCK

'Tis the season to be jolly!

Visions of sugar plums danced in their heads.

Mr. Simonian and Mary take time out for a chat.

Our lovely advisors receive flowers.

All that dancing worked up a thirst.

Wendy Marshall and Bill Campbell were crowned Queen and King.

The happy holiday season is reflected.

Donna and Rick dance up a storm.

The holiday spirit smiles upon us.

TOM JONES

Perfect!

Have you aged a little, Mike?

I don't like mousse in my hair!

It must have been Jenny Jones!

Tom listens to Sophie's every word.

Squire Allworthy is on his sick bed.

My mutha was killed!

I'll put £ 5 on Jones!

The deeper qualities, such as money and property, last a lifetime.

It only hurts when you thank me.

A dozen roses were sent on opening night.

SEE HOW THEY RUN

Shake it up, Dean Taranto!

Many faculty members gave time and talent to raise money for scholarships.

Mr. Simonian receives a change of face.

That sherry was for cooking, Mrs. Ovitt!

But I thought I was the Reverend Humphrey!

Would someone please tell me what is going on?

Jitterbuggers demonstrate how it was done in the 50's.

I'm just saying my prayers, sir.

You won't believe what I just did!

Ooof!

See how they run!

REFLECTIONS OF 1984/85

The space shuttle allowed man to walk on a new frontier.

1984/85 proved to be a time of change in many respects. New frontiers were further challenged by man and machine, augmented interests in the entertainment field were evident, and a restored sense of nationalism was apparent. . . .

"Who ya gonna call? ... Ghostbusters!"

Clara Peller asked, "Where's the beef?"

Modern science has a heart.

Miss Liberty underwent a face lift.

... In the 1984 Summer Olympic Games, our athletes' achievements reflected America's warmth and pride. On the professional playing fields, new records were set—athletically and financially. ...

Doug Flutie — B.C.'s six million dollar man.

The U.S. Gymnastics Team expresses our success in the Summer Olympics.

Walter Payton broke Jim Brown's all-time rushing record.

Phil Maher raced his way to victory in Yugoslavia.

Mary Lou Retton proved to the world that she's a perfect "10".

The Detroit Tigers utilized great talent to win the World Series.

... Peace and goodwill were expressed domestically and internationally. New beginnings in world harmony were escalated. Traditional values were upheld. It was a beautiful year in the neighborhood...

Throughout 1984/85, the Pope delivered his message of peace to the many peoples of the world.

Desmond Tutu received the Nobel Peace Prize for his efforts to end apartheid in South Africa.

Mr. Rogers hung up his sweater forever, in the Smithsonian.

In a landslide victory, Reagan and Bush were re-elected.

The world welcomed the newest Royal Edition, Prince Harry.

India lost Prime Minister Indira Ghandi to vengeful Sikh assassins.

... 1984/85 contained many hardships; yet, hope prevailed. Duty was sometimes costly, but reasons often justified the cause and made pain more bearable. Recognition was given to those who lost their lives in defense of these convictions, while assistance was given to those who might someday travel the new frontiers.

The Chelmsford High School Class of 1985 sponsored foster child Mustapha Nyei of Liberia. This five year old child was given a new hope for the future. The C.H.S. Class of '85 truly cares!

Vietnam Veterans received well-deserved recognition for their heroism.

The Marines came home.

The Class of 1986 delights in challenge. We challenge our parents, our teachers, the rules, and each other — daily. This should not be seen as disrespect, but as a searching for identification, a willingness to take part in a contest — we lay claim on the world around us and seek our just role. We are filled with contradictions in a contradictory world. We will challenge what we cannot accept as ours. We will dare to create an alternative. If the rules do not apply, we will examine and re-write them, if necessary, so that they apply fairly to all. We challenge Chelmsford High School to teach us, to prepare us for what lies ahead. We do not want to stumble, but we will — even without your help. Life offers many challenges to us as individuals. Its greatest — the challenge to be one among many, belonging, and still being me. And it is with the guidance and leadership of our advisors, Miss Michlyn Scarpitto and Mr. John Morse, that we meet, accept, and accomplish our challenges.

Jolly juniors always have a smile ready!

Smile: Aliens may be watching!

C'mon Scott, cat food isn't that great!

Tell me this isn't going in the yearbook!

Okay, now is this your good side?

Will the person who is really selling these lollipops please stand up?

How now brown cow and the cow jumped over the moon.

Ladies of the Round Table?

Look, I can see you without turning my head!

Really, I do belong to the human race!

I'll just pretend the camera isn't there.

Another soul-lifting day at school.

Yeah! We finally made it to the right side of the camera!

The Class of 1987 is one of the largest to pass through the halls of Chelmsford High School. Although large in size, the students are friendly, cooperative, and personal. They are always ready to accept challenges through a united direction. Positive of leaving their mark in the annuals of the school, the students are anxious to follow the strong traditions of preceding classes and hope to make their four years at Chelmsford High School a time to fondly remember in the years ahead. As their advisors, we, Mr. Edmund O'Shea and Mr. Bernard Queenan, are eager to help them make these years memorable.

Heather is always ready with a smile.

Smile, Rob; this one's for the yearbook.

The Cafe is always the place to do your homework.

Hey, give me that camera.

Get me in, too!

Karyn and Amy are all set to leave.

5 ... 4 ... 3 ... 2 ... Come on, Bell!

Robyn says, "Relax".

Everybody say, "Cheese!"

See you later, guys!

Matt looks thoroughly excited.

Give me a break.

The Class of 1988 is enthusiastic and fun-loving. Its members are very supportive of both school and class activities. The class representatives provide effective leadership in challenging the class members. The class advisors, Mrs. O'Bryant and Miss Tanguay, are most pleased and impressed with the spirit of cooperation shown in the efforts of all the class members in supportive functions such as Freshman Get Acquainted Pot Luck Supper and candle sales and in meeting the challenge to help others through the turkey drive, Santa Fund, and toy drive. The members of the class are generous, thoughtful, and a pleasure to work with in class activities.

I'm good enough for a solo shot, right?

Don't look in your locker; a book is eating your hand!

Try to look interested, okay?

Hey, is it alright if we get to hear this joke?

Yes, freshmen are smiling people, too!

Are you talking to me?

If we pretend they're not there, maybe they'll go away.

Thanks, Mom; you made my day!

At least one person knows what is going on!

Doug Flutie and B.C., all the way!

I love it! What is it?

When we welcome an incoming freshman class to Chelmsford High School, one of our most important commitments to the young adults is to help them develop a personal commitment to meet the challenges facing them during their high school years and to build the foundation necessary to meet challenges beyond graduation. These challenges come in a variety of forms: personal integrity, honesty, and dependability; social responsibility, involvement, and commitment to fellow-man; intellectual curiosity, independence, and maturity.

In the last four years, the Class of 1985 has demonstrated in a most serious fashion that it accepted the challenge of meeting challenges and is leaving a model of maturity, integrity, responsibility, commitment, and involvement for underclassmen to follow. This is the finest of gifts that any class can ever dream of leaving. It is not only a gift but a legacy.

As you leave Chelmsford High School, you take with you the qualities that will continue to make you a success. For what you leave to Chelmsford High School, you have our deepest thanks. Wherever you go and whatever you do, you have our prayers and very best wishes.

It has been my privilege to serve as your Principal.

Most sincerely,

George Simonian
Principal

DICKINSON

Donald J. Boucher
Dean

As you leave Dickinson House and Chelmsford High School to enter a new age of challenges that will lead you to new and exciting frontiers, my best wishes for continued success go with you. I sincerely hope that we have fulfilled your expectations of us, but most importantly that you have fulfilled your own expectations. Together, we have met with success — we have faced problems straight on, never once running away from them — we have cried together — we have laughed together . . . In short, together, each and every one of us, students, staff, and Dean, we have spent another year of our lives maturing and growing just a little bit more. As we part, I deeply hope and pray that the importance that we all carry within ourselves became for you also the basic ingredient of all lessons to be learned in Dickinson House and at Chelmsford High School.

EMERSON

Edward J. Quinn
Dean

The Emerson House staff is dedicated to assisting each individual to attain his or her desired goals. By recognizing and accepting individual differences, a team effort among administrator, faculty, support staff and student works toward this end. In the final analysis, however, it is the quality and sincerity of effort on the part of the student that ultimately determines the degree of success that is attained. Emerson House, its staff and resources, need only be tapped by the willing worker to find that success.

WHITTIER

John T. Conrad Jr.
Dean

I sincerely hope that Chelmsford High School has prepared the members of the Class of 1985 to meet your goals and expectations for the next plateau of your career. The next century will well prepare young people to help keep this country young. I challenge you to do the following: get involved in your community — especially in the education of your children and your children's children, vote, don't drink and drive, and find a job you really enjoy doing.

The Class of 1985 and especially these Whittier House students have given me many enjoyable moments. I hope the best things will happen to and for you.

Remember, every day has a smile in it — find it!

Four peas in a pod!

Athletics, a vital part of the overall curriculum at Chelmsford High School, provide valuable lessons to all our student-athletes. Meaningful education gained from athletic competition will directly relate to the many challenges these athletes must confront in their lives after graduation.

Our student-athletes learn that success comes only after dedicated preparedness; that the contest must be played in strict accordance with good sportsmanship and adherence to rules; and that they must learn from victory and defeat.

We hope that our graduates will look back on their experiences in Chelmsford High School athletics and know that their lives were subsequently enriched.

Sincerely,
Randall S. Whitehead
Athletic Director

The track team isn't always serious.

When you entered Chelmsford High School four years ago as freshmen, an abundant amount of advice was offered you by parents, siblings, peers and teachers. Perhaps you can recall my words to you at your orientation. I advised you to become involved in the life of Chelmsford High School by participating in one of our activity programs. The extensive offerings described in detail that day were so diversified that there was at least one activity to appeal to every student who desired to become involved in the school life out of the academic setting.

Our activity program is far-reaching. The advisors give unselfishly of their time, energy and expertise in order to open new experiences for the student body. Your activities have called on you to represent our school in New Orleans, Baltimore, Chicago, Boston, Dallas, Venezuela, France, Canada, Italy and England to mention but a few places. In every instance your parents, the community, and we at the High School are proud of the positive impression you have made in these distant places. You have brought recognition and honor to our school through your performance and achievement.

Taking advantage of the extra-curricular offerings, many of you have developed interests that will continue in your adult lives.

Sincerely,

George J. Betses

PEER COUNSELING

J. LaRoche, S. Kierce, E. McCormick, C. Mitsakos, P. Burrier, A. Canfield, L. Reiser

The Peer Counseling Program has been developed in an effort to meet a wide range of interpersonal and affective needs of students at Chelmsford High School. This program trains high school students as Peer Counselors who provide direct counseling and support services to other students through group discussions, individual meetings, and classroom presentations on adolescent life issues.

PHYSICAL THERAPY

The Physical Therapy Program pairs Chelmsford High School upperclassmen who are interested in pursuing related careers with multihandicapped students, aged three to twelve years old, at the Lowell Y.M.C.A. Under the direction of a physical or occupational therapist and a pool-side coordinator, these volunteers aid their charges in developing both fine and gross motor coordination skills as well as learning how to swim.

THE VOICE

The Voice supplies the school with a free, responsive, reflective, and critical publication through which all students may inform or address the school community. The staff is totally responsible for the paper — from information gathering to distribution. **The Voice** has won first place from the Columbia Press Association for the past three years, and the staff hope to continue this standard of excellence.

THE 1985 LION

The Chelmsford High School yearbook, **The Lion**, is a memory book for the entire community. It is a probing, sensitive look at life in the school and in the community at this point in time. It must examine not only the academic, but the home, community, and extra-curricular lives of the students. Furthermore, it must present the issues with which the students deal. These must all be faced honestly, in words and in pictures.

Producing a good yearbook, one worthy of the time and energy spent in the preparation, is a rewarding experience for the staff. The achievement of this goal, a quality production, demands organization, patience, and a genuine interest in doing the job correctly. **The 1985 Lion** staff has achieved a tremendous success.

Mrs. Silva is relieved to meet deadlines on time.

Editor-in-chief Jon Dudek and Layout Editor Stacey Halloran put forth their best efforts.

YEARBOOK STAFF

Tracey Wallace takes care of the business end of the yearbook.

The drama club performed the one-act version of **Tom Jones** at the Massachusetts High School Drama Festival, a drama competition in which the CHS Drama Club has already won many prestigious awards. In addition, they presented a children's play, directed by students, attended a professional production in Boston, and went to the fall Theatre Workshop at Bridgewater State University where they were instructed in everything from make-up to stage combat.

T.V. STUDIO

The T.V. Club was organized for those students who cannot schedule into their day the class of Introduction to T.V. Production. The club meets once a week after school in the T.V. Studio. Students learn portable television production and studio production. The ultimate goal is for students to become proficient enough to be able to produce programs for Cable 43. Other activities may include a field trip to a television studio in Boston and an end of the year party.

PHOTOGRAPHY CLUB

The purpose of the Photography Club is to help students learn more about taking and developing pictures. This is done by showing the students how photography works, the use of cameras and equipment, and how to process negatives and prints. The emphasis is placed on reaching goals which the students set for themselves; thereby, improving the quality of their photographs.

CONCERT CHOIR

The CHS Concert Choir is open to any student in grades nine through twelve. It is a full-time, ten credit course. Daily rehearsals are in preparation for concerts during the Christmas season, the spring "Pops" concerts, and traveling concerts. Exchanges are a part of this group, which has performed in Newport, Rhode Island and Ontario, Canada. The spring musical involves members of the concert choir as well as any interested student in the school. This course is also defered on a part-time, six credit basis. There are no pre-requisites.

CONCERT BAND

The combination concert and marching band works very hard during the year, which started with a summer band clinic led by senior drum major, Len Shokum. The marching band performs, rain or shine, at all of the football games. Elaborate half-time routines are a real crowd pleaser. The concert season commences with the annual Christmas concert and ends with the Pops concert in May. This year the band will have a musical exchange with Maryvale High School in Cheektowauga, New York. The band works hard all year long to raise money for this exchange. Being a member of the Chelmsford High School Concert/Marching Band is a total commitment, one that is well worth the student's while.

JAZZ BAND

Each jazz band has its own melodic and rhythmic characteristics, and the Chelmsford High School Jazz Band is no exception. As they combine their imagination with both familiar and modern tunes, they transport their audience from reality to fantasy. The excitement of the polytonal sounds and polyrhythmic accents truly makes any listener feel so good.

Congratulations to the Class of 1985. I have had the pleasure of knowing and working with many of you over the past six years. I have enjoyed seeing you grow and develop into young men and women, and, now, watching you prepare to face larger challenges within the community.

As you go on to higher education or enter the work force, you will be presented with opportunities and challenges. Today's world is moving at a faster pace than ever before and you, as young graduates, must be ready to face this and recognize what will need to be done. You are inheriting the problems of the previous generation, but you will also have opportunities that have never before been available. Advances in technology will continue to offer limitless potential to those who can keep pace.

As you go out into the community, you must be aware of the challenges and grasp hold of the opportunities. You have been educated well and should be confident in your skills. I wish all of you successes in whatever avenues you choose to pursue.

Sincerely,
Scott E. Johnson

Good LUCK, Class of '85!
from
THE LION Editors

IN MEMORY OF ...

Frank J. Page
Curriculum Specialist | Music and Art

Daniel F. Horgan
Principal, Byam School

I would like to take this opportunity to thank **The Lion** editors and support staff for their sincere devotion and hard work toward this publication. Also, I offer my gratitude to the advisors, Mrs. Fenton and Mrs. Silva. Finally, I give many thanks to my "right hand", Assistant Editor-in-Chief James Prescott. (I could never have done it without you, Jamie!) Without their creative ideas and assistance, **The 1985 Lion** would be just "another yearbook."

After looking through this yearbook, I am sure you have noticed several changes, some subtle and some obvious. With time comes change. Look at yourself and think back four years ago. A lot of things have happened since then. You have faced many challenges, be it with people, values, or the community. Chelmsford High has served as preparation and bridgework for the personal encounters which we will be confronting throughout life. Change will reoccur and we will readapt.

As you go your separate ways, pursuing your individual hopes and goals, the four years at the high school will become but a memory. **The Lion** is a collaboration of these remembrances; it will serve as a reminder.

I wish all of you a successful and rewarding future. Meet the challenges; enjoy the new frontiers. Always remember, the future is what you make it. Here's to a successful life!

Cheers!

Jonathan A. Dudek
Editor-in-Chief
