Markham Wonders: Right Man for the Job?

Year Later - Bentas Boundaries Still Unresolved Job Too Big For Town Engineer

Jerry House

Monday night, the Board of Selectmen met with Louis Rondeau, Superintendent of the Highway Department to discuss several projects that Edward Cavanaugh, the town's part-time engineer was unable to complete. Cavanaugh was to attend the meeting but was unable to.

The meeting was primarily concerned with a project to determine the bounds of the Bentas property on Proctor Road. The town has infringed upon this property with the road and the bounds must be determined before any action at Town Meeting can take place. The town has the option of taking the infringed property or of moving the road to its proper location.

The Board first became interested in this matter in November of 1971 when they asked the Town Engineer to prepare a plan for the relocation of Proctor Road to correct this situation. The Board asked for this plan by December 20, 1971 in order to prepare an article for town meeting. On January 18, 1972, the Board was informed that this was a very large project requiring much work and research, and that it probably would not be ready for that town meeting.

On October 11 of last year, the Board asked for a status report on the project. They were informed nine days later that the Town Engineer does not have the time to do this project because of its scope. On October 25, the Board then instructed the Town Engineer to do the work as originally presented. Last week, the Board learned that architect Paul Bienvendu had given the Highway Department an estimate of \$1000 to do the work. This resulted in the Board's request to meet with the Highway Superintendent and the Town Engineer.

Mr. Rondeau explained to the Board that the problem lies in the fact that the bounds are missing, both on the property and on town records. This applies to all of Proctor Road from Park Road to Tuttle Road. In order to determine the bounds, one would have to start from Old State Estates where the bounds are known and work down to the property in question. Rondeau told the Board that this project is too large for a part-time employee to handle. (Cavanaugh works on a fee basis for the Board of Selectmen, the Highway Department,

and the Planning Board.)

Rondeau also told the Board that the road was built when another person was Highway Superintendent. It is Rondeau's belief that at this time, Mr. Bentas was aware of the infringement and had no objections. Subsequent to this, Rondeau stated, Bentas spent some time abroad and after his return, he wished the matter rectified.

Chairman Lannan told the Superintendent that the Board was disturbed by two factors: that this project has been hanging for over a year, and that the Town Engineer had not done the job.

Selectman Humphrey stated that he was disturbed also by the time factor and stated that the Bentas people have been very patient. He also stated that the town has been lax in this matter. He said that the town must find a base to start from to determine the bounds and that if this base is far away, it will require a great deal of money and take a great deal of time. Humphrey said that this is not a job for a part-time person and that something should be put in the budget to cover the cost of this survey by outside engineer. Humphrey suggested a figure of \$1500 and asked that the job be put out to bid.

Selectman Markham stated that he wondered what Cavanaugh's engineering activities for the town involved and asked that he be requested to submit a report on his activities for 1972. Markham stated that \$4500 was spent on the engineer in 1971 and was told that almost that amount was spent in 1972. Markham also stated that a question came to mind as to whether the town now needed a full-time engineer rather than a part-time one. He stated that it was "not surprising to me that the engineer is not here tonight." He also asked whether the town has the right person in the right slot.

Selectman Humphrey stated that the town was getting twice the value of the money expended with this engineer than it would with any other part-time engineer. Humphrey refused to explain this statement any further because it involved personalities, but Rondeau supported his statement.

The Board then turned its attention to a parking problem at Parliament Plaza. This problem became apparent last winter when Post Office employees were forced to park on the plaza

because there was not enough parking space at the Post Office. Presently, a 40-car addition to the Post Office parking lot is being built.

A problem remains, however, of determining the bounds of the town street as customers at the Plaza have been parking in the street. The street itself is a cul-de-sac in theory which ends a little bit past the Post Office. The extension of the Street onto Fletcher Street is private property.

Again, the Town Engineer was faced with the problem of no boundary markers to work from. Superintendent Rondeau stated that the original bounds were either destroyed or were covered over with asphalt. He also stated that, because the Town Engineer could not afford the time for this project, Engineer Conrad Kitson is assisting the Highway Department in the laying out of the roadway.

Selectman Humphrey stated that this was the same situation as with the Bentas property. He asked what the purpose was in determining the bounds. He was told by Selectman Lannan that the Board has decided to place asphalt curbing on the street's edge to prevent parking on the street. Rondeau stated that the Board had agreed instead to paint the bounds because the curbing would interfere with the customers of the Plaza. Humphrey stated that that was also his memory.

Humphrey then suggested that the town paint the road at the approximate bounds rather than spend money to determine the exact bounds. He added that if the owners of the property disagreed with these bounds, the burden of proof would be on them. This was agreed to by the Board and Rondeau promised to have this done when weather permitted.

On other matters, Rondeau told the Board that the Street acceptance plans for Greenway Street and Overlook Drive would be ready in a few days.

Selectman Markham asked if any plans had been submitted for the Balsom Drive extension. He was told that nothing had come in. He stated that the owner has done some work on the work and that he hoped he would prepare this street for acceptance because he did not want to be stuck there again.

Redistricting May Cause Problems For Residents

Kathy Cryan

Monday night the Home Rule Advisory Committee met at the North Town Hall to discuss, among other things on the agenda, the State Legislative Redistricting and how it will most likely affect the town of Chelmsford.

Chelmsford's population (more than 30,000) exceeds the limit allowed for one state representative by 7,000. As a result 7,000 residents will be added to another district. There is talk of adding them to one or more districts in the city of Lowell.

Chairman Bill Murphy stressed the importance of keeping Chelmsford separate from the districts of Lowell hoping that those in charge of the redistricting will "take into account the distinction between town and city problems". Mitsakos expanded on this by saying that "residents in the Bishop Markham Housing Project do not have the same needs as residents of Riverneck Road" (in Chelmsford). The Committee seemed to agree that one representative for two such different areas could not adequately serve those he represented.

Because of the concern of the HRAC with how this redistricting will change the representation of the town in the legislative the Committee has put forth three recommendations: "1) That Chelmsford be split into no more than two (2) districts. 2) That the districts be of sufficient size that Chelmsford will continue to have a significant role in determining its representative. 3) That the new districts take into account the distinction between town and city problems and not combine Chelmsford within a city district."

A motion was made to send a letter to the Selectmen asking them to write to Rep. George Keeverian, chairman of the legislative committee in charge of redistricting the state, officially recommending the suggestions of the HRAC. Also discussed at this meeting was Cable TV. Mr. Murphy explained that Cable TV "is more than just wires and cables, it involves much larger

issues". He cited the community control of the media and service to the schools as two of the issues. He suggested that Chelmsford look ahead and study Cable TV and its implications to a town such as Chelmsford so that all alternatives can be considered when it is time to make a choice on Cable TV.

He recommended a special program concerning itself with Cable TV in Massachusetts which will be re-aired on Channel 2 January 21 from 1:00 to 2:00 p.m. and again on February 19th from 7:00 to 8:00 p.m. The title of the program is "The Liveliest Wire". The Committee agreed to do more study on Cable TV before making any recommendations to the Selectmen.

Old business included a report on the 100% evaluation. The Committee is awaiting word from the State House on the bills filed concerning the 100% evaluation. As of yet they have not received the numbers of bills but plan to follow through on all bills in this category.

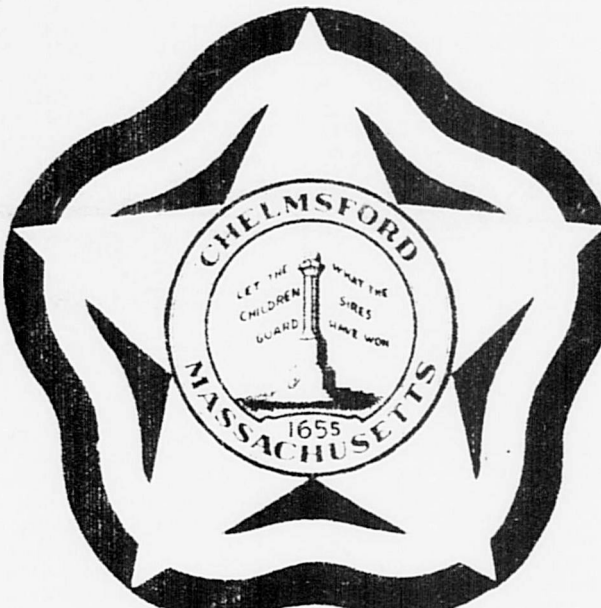

Mr. Murphy reported that there will be slight changes made in the Appointed Committee Handbook before it goes to final print. He plans to have them ready by the end of March in time for newly elected committee members.

The HRAC is awaiting a reply from the Planning Board to their letter asking if an article will be added to the Town Warrant requesting additional funds for the updating of the Master Plan. Mr. Murphy says that it appears the article may be entered but has not yet received any confirmation from the Planning Board.

supplies. They also recommended that the HRAC survey town committees at the end of the 1973 legislative session on the value of receiving copies of legislation in order to guarantee that the expenses are worthwhile.

Copies of this legislation and of all bills filed last year in the state legislature will be on file in the public library. Along with this will be a subject index.

Before ending the meeting Mr. Murphy passed out copies of a statement he suggested be sent to the Legislature through the Town Selectmen. The Statement follows: "With the start of the 1973 Legislature, it is appropriate to reiterate a simple principal we feel is basic in determining the advisability of enacting new state legislation. The Legislature should shroud themselves from enacting laws which obligate cities and towns to pay for programs without either adequate state funding or a local option clause by which a municipality could vote to accept or reject the program. Recent examples of legislation ignoring this principal are the mandatory requirement for cities and towns to provide kindergarten and the chief pay raise bill. Other examples are the failure of the state government to provide full reimbursement for regional school transportation costs, educational incentive pay for police officers and the cost of the 1971 Census."

This Seal has been adopted by the Town of Chelmsford, Massachusetts as the official distinctive mark for the town's celebration of the American Revolutionary War Bicentennial. It shows the Town Seal within the symbol of a star and the Red, White and Blue of our national flag symbolizing that the Chelmsford Celebration is a part of the national effort. This seal will appear on all literature, programs and such, of all the activities conducted as part of our official celebration. Prior permission must be obtained from the Chelmsford Bicentennial Commission for its use by any other organization.

Bicentennial Plans Underway

Despite recent reports on the status of national and state extravagance and lack of planning, the Chelmsford Bicentennial Celebrations Commission is developing a program that will combine historic, patriotic, educational and social activities.

On the morning of the 19th of April, 1975, Chelmsford men answered the alarm and hurried to Concord to help route the Redcoats that had marched from Boston in search of secreted military stores. It is, therefore, most appropriate that Chelmsford's celebration should officially open on Sunday, April 20th 1975, following by only one day the programs planned by Lexington and Concord.

During the period of April, 1975 to the summer of 1976, there will be numerous programs to meet the varied interests of all Chelmsford residents. Some will relate to the rich historic heritage of the town, others will be concerned with "where we are today", and still others will be devoted to town improvement and living. The climax will be on Monday, July 5th, 1976 with a mammoth

Independence Day parade. The combined efforts of many individuals as well as clubs and organizations are being sought to carry out this ambitious program, and the Commission would like to hear from anyone willing to aid in this goal.

Freeman On Major House Committee

STATE HOUSE — House Speaker David M. Bartley, (D) Holyoke announced yesterday, the naming of Rep. Bruce N. Freeman (R) Chelmsford to serve on the prestigious Post-Audit and Oversight committee. In naming Rep. Freeman to this committee, Speaker Bartley stated that he considers this a key committee in the House of Representatives. The Post-Audit and Oversight Committee is concerned with the "03" consultants who have been paid extravagant amounts of money.

School Committee Wants Better Informed Public - Approves Public Relations Committee

by Bernadette Alston

At Tuesday night's meeting of the Chelmsford School Committee, approval was voted for formation of a Committee on Public Relations to work for and by the direction of the Chelmsford School Committee with the assigned purpose of planning, developing, recommending and implementing a Public Relations Program for the Chelmsford School Dept. and Committee.

The 5-man Committee shall consist of 1 representative appointed by the School Administration, 1 representative appointed by the Chelmsford Teachers' Assoc., and 3 representatives appointed by the School Committee. The suggested motion was drawn up by School Committee Chairman Martin Ames and presented as a motion by Committeewoman Carol Clevin.

Committeeman James Geary wanted to know if Ames was dissatisfied with the press coverage the Committee was receiving.

Ames stated that the press coverage has been very good, especially in recent months, but that there are a number of things going on in the system which are not reported and possibilities should be explored for better coverage.

Geary stated that he was opposed to the motion for two reasons: (1) although the proposed committee requires no budgetary consideration as of now, these committees have a way of picking up costs as they progress and (2) there is no present need for such a committee in the system. "The best public relations' tool, I feel, is the presence of a well-instructed, well-adjusted student in the community," said Geary.

Vote taken showed passage of the motion with Hall, Ames and Carol Clevin in favor and Geary and Jean Callahan opposed.

Ames stresses the importance of publicizing the newly adopted committee in hopes that members of the general public will come forward to serve.

Mr. Donald Boucher, Department Head of Foreign Languages, made a progress report to the Committee. He stated that this year Spanish had been introduced into the 8th grade curriculum, thus instituting a second 6-year

language program in the system.

Language teacher workshops had been run during the summer of '72 and many long-range plans had been formulated.

An unprecedented 74% of the eligible students are enrolled in the foreign language classes, a marked increase.

During the past year, language students had visited Canada, France and Spain.

Students, this year, entered the French Written National Contest without dramatic results. However, a Chelmsford entrant in the French Oral Regional Contest placed 2nd and was awarded a \$250 scholarship.

As a result of tapping resources in the community, mini-courses are now being given in nearly every major language including Chinese, Russian and Hebrew.

Boucher feels that, in the future, they should continue with the workshop and evaluation programs, introduce a broader and more varied program for all intellectual levels and stress the cultural aspects of the language program for students who are not proceeding to college.

Carol Clevin questioned Boucher about a lack of motivation at the 7th grade level, especially among boys who have definite ability.

Boucher stated that a reexamination of the 7th grade program is underway. He stated that he thought 7th grade might be too young to start the program and that, perhaps, the textbook approach was too formal at that age.

Mr. Daniel Wallace, Program Supervisor of Instructional Media, also made a progress report to the Committee.

Wallace stated that his department operates out of a centralized location in the basement of the Junior High School, aside from the basic libraries in each school which consist of books and some films and audio-visual equipment.

He stated that his dept. distributes a newsletter on a regular basis and that he meets once a month with teachers to keep abreast of teaching techniques in his area.

He is also conducting 6 on-going workshops, 2 on utilization of equipment and 4 on slides, graphic design, etc.

Two workshops are in the formative stages and are earmarked for library aides. Wallace foresees non-professionals doing teacher instruction in the audio-visual area.

Wallace hopes, in the future, to collect materials produced by the mass-media during the 30's, 40's and 50's. This material would consist of old TV and radio series and old new items. He believes that students would gain a new insight into the culture of the past through this method.

He stated that, at present, the TV studio in the system is being put to good use. A crew of 9th graders spend 5 1/2 hours a week in the studio and have become quite adept at handling the equipment. The TV program at the High School continues to flourish and several on-location programs have been completed or are in the works.

Wallace cited the recent successful program honoring retiring High School Principal John Conrad. The students used the "This Is Your Life" format and the whole thing was a complete surprise to Mr. Conrad and a very successful venture.

Carol Clevin reported that the School Building Committee heard a report at last week's meeting on progress at the new High School. The report was made by George Simonian and dealt with equipment and furnishings needed at the new school. A completed list of furnishings and equipment will be ready in March. She reported that the new school is still meeting the building schedule.

Director of School Management Services, Charles Watt, recommended the purchase of a new 4 wheel drive truck as the present vehicle's remains are so rusted that the State would not issue an inspection sticker to same.

Watt added that the old truck was of no value on a trade-in and suggested that the Committee keep it for use on the High School grounds. He received qualified approval, providing that the truck be driven "very slowly."

On a motion by Hall, approval was granted for purchase of a new vehicle from Pierce Ford in the amount of \$4,794.72.

The resignation of Teacher Mrs. Carol Deutsch, Jr. High School English was approved by the Committee, likewise, the appointments of Teacher, Mr. John Craig, Elem. Music-Center School, Teacher Mrs. Agnes Yankopolos, 4th grade-North School and Teacher Aide Mrs. Margaret Laliberte, South Row School - Special Education.

School Supt. Thomas Rivard submitted a schedule on dates of reports to the School Committee.

The schedule for the High School in September, 1973 will be presented at the meeting on Jan. 30, 1973.

A new system townwide structure for 1974 to include

Editorial

Let's Not Waste Our Tax Dollar

The beginning of the new year brings new resolutions and sadly enough it also brings the harsh realization that April 15 isn't very far off. As we all know April 15 is the day Uncle Sam is his happiest—the day income taxes are due. This is the time that we sit down to figure out our taxes and wonder: "what did we get in return?" The Post Audit and Oversight Committee has released their report concerning the "use of consultants or '03 non-employees' by the commonwealth. Here is where some of our money is going:

An Assistant Director of the Division of Marine Fisheries created a consulting corporation while working for the state. He signed a contract giving his firm \$50,000 worth of consulting work and then resigned from state service one day before the contract went into effect. This case has gone to the Attorney General.

The "Dr. Dooley Case" cited in the main report details how a man was hired by the Commissioner of Youth Services for a position which did not exist. The man eventually was paid from the State Treasury even though he was neither a state employee nor a consultant. This case involves perjurious certification by Youth Service Division officials as to his payroll status. The position created out of thin air was "Director of Medical Care and Planning," and carried a price tag of \$24,840 annually.

There are numerous other examples. Consultants are hired to keep costs down for the state in fringe benefits, but somehow these "consultants are getting State Group Insurance Coverage at a cost of \$154,000.

Chelmsford's State Representative Bruce Freeman has been appointed to this most important committee, the Post Audit and Oversight Committee. We urge him as a member of the legislature and particularly a member of this committee to utilize our tax dollar in providing goods and services for the citizens of Massachusetts, and not waste. Taxes are too high as it is.

Places to be... Things to See

OATH OF OFFICE is administered to Congressman Paul Cronin by House Speaker Carl Albert of Oklahoma, during ceremonies at the House of Representatives on the opening day of the 93rd Congress.

Cronin Plans for Busy Year

Several announcements concerning future plans, committee assignments, staff appointments and the opening of a new district office in Lexington have been announced by Congressman Paul Cronin. "My first priority is that of stimulating the economy through the attraction of new industries to the Fifth District," stressed Cronin shortly after being sworn in as a member of the 93rd Congress.

"I am committed to a program of industrial development that will create new jobs for the district. I also intend to continue the personal service programs that assist the people of the Fifth District in solving their day to day problems with the Federal government."

To assist in helping to carry out those programs, Cronin announced:

— The appointment of Daniel A. Cronin Jr. of Concord, as Administrative Assistant for District Affairs.

— His choice for assignment to the Interstate and Foreign Commerce Committee.

— Plans to open a Lexington office.

— Several staff assignments for the Lawrence, Lowell and Washington offices.

"My chief concern is for the District," said Cronin, "I intend to spend a major portion of my time working to not only restore jobs but to turn the economy around to make it productive once again and to provide the economic base that is needed if the area is to prosper."

"The appointment of Dan Cronin and my request for a position on the Interstate and Foreign Commerce Committee reflect my commitment to a program of industrial development that will create new business and more jobs."

Cronin said that he also hopes to be assigned to either the Space and Aeronautics Subcommittee or the Government

Operations Subcommittee, which will work on restructuring and streamlining of the government.

The later subcommittee, he added, is particularly important to the cost of government. "Restructuring government is the only real way to achieve tax reform."

Cronin noted that the Interstate and Foreign Commerce Committee "will be working on legislation that can bring jobs to the Fifth District as a result of new import-export rules."

Referring to his appointment of Daniel Cronin, who is not related, the new Congressman said it was a step towards developing a close working relationship with the officials in each of the communities "so that we can assist them in getting all the federal assistance they deserve. Cronin will also work with existing representatives to strengthen them to preserve existing jobs as well as working with new firms to convince them to locate here."

"Dan Cronin was one of the most successful businessmen in the Fifth District. He's built new plants here. He understands our problems. He shares my views on our advantages. I know he'll be an effective spokesman for economic and expansion with both existing and new business in our district," the Congressman stated.

Other staff appointments include Mrs. Helen Giarrusso and Mrs. Fanny Benink in the Lawrence office; Miss Shirley McLaughlin and Robert A. Castricone with Daniel Cronin in the Lowell office; Mary McInerney and Patricia Ames, who were members of former Congressman F. Bradford Morse's staff in Washington, Miss Susan Leggett of Lowell and Paul Toomey of Andover, also in the Washington office.

Staffing for the Lexington office will be announced later this month.

Humphrey criticizes Liquor Licensing Plan

As part of the Governor's proposed reorganization of state boards and commissions, the Alcoholic Beverages Control Commission will be eliminated. The ABCC is presently the overseer of all municipal decisions pertaining to liquor licenses. The new plan would put the burden of responsibility upon the local licensing boards — in the case of Chelmsford, this would mean the Board of Selectmen. The local boards will decide where the liquor licenses will go, on what merit they will be awarded, and how many shall be awarded in their community. Presently, the number of available licenses are determined according to the population of the community. By a vote of the Board, neither of Chelmsford's two available licenses will be acted upon until after town elections.

The Sentinel asked three of the present Board of Selectmen for their opinions on this proposed move. Chairman Gerald Lannan declined comment, stating that he has not had time to read of the proposed reorganization. Selectman Thomas Markham noted that this plan may not be final because he believed that an act of legislature was necessary to make it possible.

Selectman Howard Humphrey sharply criticized the plan, calling it "a step backwards." Humphrey stated that it would indeed require an act of legislature. He indicated that the 351 communities in the state should not be allowed to decide on this matter without a central overseer. He also told this paper that he felt the ABCC, acting as

overseer, was a necessity. Selectmen Humphrey and Eugene Dody will not be called upon to act on any liquor decisions under this plan if it becomes a reality; the terms of both men expire this year and neither are seeking re-election.

Sen. Mackenzie At Town Hall Sat. Jan. 20

Senator Ronald C. Mackenzie would like to notify local residents who wish to see him on Saturday, January 20th that he will not be at his office at Pleasant St., Woburn. But he will hold office hours at the Selectmen's Office at the Chelmsford Town Hall on Saturday, January 20th. The Senator makes himself available to constituents regarding legislation or other problems. No appointment is necessary. The hours will be from 10:30 a.m. to 1:30 p.m.

Special Hours For Election Registration

The Board of Registrars requested and received permission from the Board of Selectmen to hold special hours for registration for the annual town election. The Town Clerk's office will be open for this purpose on Monday, January 29 from 7:00-8:30 p.m.; Saturday, February 10 from 6-8 p.m.; and Tuesday, February 13 from 12 noon to 10 p.m.

Middlesex County Training School: What next?

Last Wednesday, Selectman Thomas Markham attended a tour of the grounds of the Middlesex Training School in North Chelmsford with the two newly elected County Commissioners Tsongas and Ralph and other officials. Monday evening at the Selectmen's meeting, Markham reported on this tour.

Markham stated that he discussed a proposal put forth by that school's superintendent, James MacMahon, to transform the institution into a specialized educational facility. He also stated that he spoke to the County Commissioners about proposals for use of that facility.

Markham told the Board that he felt they ought to indicate that they would wish to discuss possible uses of the site with the

Commissioners. Markham strongly suggested that the Board support MacMahon's proposal. He stated that if MacMahon's proposal was turned down, the Board could consider possible town uses for the property. These uses would include a civic center, a new town hall, offices for the School Committee, classroom space, old age facilities, and a youth center.

Markham stated that the Commissioners are meeting this Wednesday and that Selectman Hart has indicated that he will try to attend the meeting.

The County Commissioners recently voted to close down the training school. In addition, they have fired a number of professional and non-professional employees at the

site. Markham suggested that the Board send a letter to the Commissioners for Wednesday's meeting stating that the Board would like to use the property for town purposes, if MacMahon's proposal is turned down. As Chelmsford does not have control over the area in question the Board must get the Commissioners approval for any uses the town may wish for the Training School.

Chairman Lannan agreed with Markham and endorsed the proposal.

Selectman Humphrey stated that he could not endorse the proposal as he has not seen it. He stated that he was in sympathy with the intent of the proposal, which calls for a school for the handicapped. Humphrey stated that the

Board should endorse the intent of the proposal only at this time and added that he hoped that this was not an attempt to hold jobs.

Humphrey also stated that the prime concern of the Board should be their endorsement several months back of the proposal that one of the buildings be used to house SHARE's Anabasis House, a drug rehabilitation center. Humphrey said that as far as the other buildings were concerned, the intent is fine. He added, however, that it would take quite a bit of planning and money to convert the buildings for town purposes.

Markham stated that the Board had been advised that the SHARE program would not interfere with the functioning of the school at the time of the

endorsement. He also stated that at that time, he did not know that the training school would be closed. He said that he felt the town now must have an idea of the total use of the facility before making a commitment.

Humphrey then moved that the Board include in its letter to the Commissioners a restatement of the Board's endorsement of the SHARE proposal. Markham stated that he would not second the motion, although he believed in the program, because too many things have happened since the original endorsement.

It was then up to Chairman Lannan to second the motion, which he did. The motion passed 2-1, with Markham opposed to the motion as stated.

Pollution At River Meadow Brook

The Conservation Commission met Tuesday night for its regular monthly meeting. The Commission invited two guests to speak at this meeting. One, James Miller, a graduate student at Lowell Tech; and Mrs. Brown a resident of

Chelmsford, concerned with the taking of land on Westford Road.

Mr. Miller has done extensive study on River Meadow Brook in the town and offered to inform the Commission of his conclusions. His data shows

that the coliform bacteria exceeds the limit and a major source of this pollution, he claims, is from improper septic tank drainage.

He offered suggestions to the Commission that a green belt land area be established, a kind of buffer zone, to absorb any pollutants in order to filter what is drained into the brook. This, he said, may help to improve the quality of the brook, but he feels that any major improvements, at least in the near future, are unlikely.

In order to focus the attention of the town on the problems of the brook, Mr. Miller suggested to the chairman, Mr. Balco, a canoe race on the brook. Mr. Miller mentioned that he rode the brook in a canoe while studying it. He said that he may contact the Jaycees and offer the suggestion to them.

Also invited to speak to the Commission was Mrs. Brown. She, along with her husband and

several neighbors, asked the Commission's support for an article at Town Meeting which would allow the town to take over a section of land (presently occupied by a gas station) at the end of School Street on Westford Road for recreational purposes.

This land formerly owned by Mr. Royal Larson of West Chelmsford was sold to Robert Hicks in December 1972. The Browns said that Mr. Hicks plans to expand the present station. The residents of the area would like the town to take over the land, which they describe as a residential and recreational area, and simply add it to the existing recreational area that abuts it. They have met with the Selectmen who they say gave tremendous support to the idea, and also have met with PARC and the Recreation Committee, where members of the committee gave their personal support.

The residents of the area fear that there will be an increase in the traffic flow because of the rejuvenation and expansion of the station, more pollution in the stream that flows through the property because of increased facilities and an increase in noise and visual pollution.

Mr. Balco stated that he had walked the area last Sunday and claimed that the land perhaps comes under the provision for pollution control in the Wetlands Protection Act which would require Mr. Hicks to apply for a hearing with the Conservation Commission if he plans to change the nature of the stream in any way or if he plans to do any building on the land.

Because of this possibility the Commission could not give its support to the article proposed by the residents. Such a motion of support would immediately bias the Commission.

Town to seek legal action on Vrouhas property

At Monday night's meeting of the Board of Selectmen, Chairman Gerald Lannan read a brief letter from the Building Inspector concerning alleged violations on the property of Charles Vrouhas on Littleton Road. The Building Inspector stated that the matter has been turned over to Town Counsel for legal action. The letter also contained an enclosure from Attorney James Geary, counsel for Mr. Vrouhas, to the Building Inspector. This letter stated that Geary felt there were no health or zoning violations.

The letter read, in part: "The mere fact that individuals have registered to vote from the dwelling units in question does not demonstrate any violation. As you know, under the new regulations, a person is entitled to register to vote on the first day in the community."

"More significantly, the situation is no different in November of 1972 than it was in the Fall of 1963. We wonder what circumstances caused you to make this inquiry after 9 years."

"It is our contention that the definitions you refer to do not apply to this area as we pre-existed their enactment. Alternatively, if they do apply, we are in complete compliance."

Last year, Vrouhas was denied a liquor license for the Highway Farm Market on Littleton Road. One of the reasons for the denial was an allegation that a series of dwelling units owned by Vrouhas and situated next to the market were in violation of the zoning laws.

Also, in order to provide information about the ways job seekers successfully find jobs, questions will be asked those who have changed jobs within the past year about methods they used in obtaining their new jobs.

These questions are in addition to the usual ones asked in the monthly survey which the Census Bureau conducts nationwide for the U. S. Department of Labor. Results of the November survey showed that unemployment had dropped to 5.2 percent of the labor force, the lowest rate since August 1970. Total employment was unchanged from October, 82.5 million, but had increased by 2.2 million since November a year earlier.

Information supplied by individuals participating in the survey is held confidential by law and is used only to compile statistical totals in which no one can be identified.

all the towns for this service. Supt. of NVTHS Lafonatis requested the endorsement of the area towns in the hiring of a key punch operator, costs to be shared by all the area towns and subsidized by the State.

Geary moved for the formal endorsement. Motion passed unanimously.

Geary moved to send a letter of congratulations to Miss Kathleen Coffey for winning the Regional Voice of Democracy Contest sponsored by the VFW.

Miss Coffey will now proceed to State competition. Acting-Principal of the High School, George Simonian, made mention of the fact that a film crew from Channel 5 did a feature story on the TV educational program at the CHS last week. The feature will be aired on the program, "5 At Large" on Thursday, Jan. 25 at 7:30 p.m.

Workshops For LWV

Now that the second part of the League year is in full swing, these upcoming weeks will see a number of members of the League of Women Voters of Chelmsford attending a variety of State workshops. Program Chairmen, Resource Committee members and other interested League members will be attending the following: Budget Day for State and Local Budgets, January 18th; School of International Relations at Tufts University, January 24th; Legislative Action Day, January 30th; Land Use Workshop, February 5th; and the Annual Valentine's Day party for the Massachusetts Legislators at the State House, February 14th.

The League of Women Voters is organized on three levels; local, state, and national. These state-level meetings are an important part of overall League effectiveness and local members are encouraged to attend and share their ideas with League members across the State of Massachusetts.

School Comm.

Continued from page 1
kindergarten and the new High School will see an interim report filed at the March 27, 1973 meeting and a final report filed by June 30, 1973.

Evaluation reports on the present experimental programs in the school system will be forthcoming at the meeting on June 30, 1973. An interim report on long-range plans for accommodating continued growth in the school system will be submitted on June 30, 1973. Rivard reported that for the past 2 years Nashoba Valley Technical High School has been providing services for the school systems of the area (printing of report cards, etc.) Now, the school would like to service the area schools by supplying salary scheduling reports. However, NVTHS can't supply a key punch operator to

93 Chelmsford St., Chelmsford, 01824

Sergeant Peter Gray and Captain Bob Noble of the Chelmsford Colonial Minutemen peruse a map at their Monday, January 15 meeting. (Burgoon-Richardson Photo)

Minutemen Begin Work On Bicentennial Activities

Captain Robert Noble of the Chelmsford Colonial Minutemen has announced two major new programs for the local militia company as the first steps in planning for the Bicentennial Celebration of the Independence of the United States of America.

As the descendants of the original Chelmsford Minutemen who responded to Paul Revere's call on that first April 19th, the modern-day militia will participate with other companies on the Middlesex County Militia in the various Bicentennial events in Massachusetts and at other Revolutionary War States. The members of the original Chelmsford militia fought at Concord, during the British retreat to Boston, at

Bunker Hill and later at Saratoga and endured the terrible winter at Valley Forge while a part of the Continental Army.

Captain Noble stated that the Company will appoint a permanent Bicentennial Planning Committee. This group will be responsible for establishing effective lines of communication with town, state and federal groups involved in bicentennial planning; for collecting all available information regarding planned events; for selecting those events of greatest interest to Chelmsford and for completing plans for Company involvement which is most appropriate to our community.

HRAC Year End Report

The Home Rule Advisory Committee were re-instated in May of 1972 by the Board of Selectmen and include William Murphy as Chairman, Robert Stallard, Michael Devine, Charles Mitsakos, John Griffin, and Gerald Selver. They have filed this year end report on their activities.

Much legislation in enacted each year by the General Court of the Commonwealth of Massachusetts that has impact on the affairs of the Town of Chelmsford. In order to understand the full impact of this legislation and to attempt to influence bills that are being considered at the State House, the Chelmsford Board of Selectmen maintain a Home Rule Advisory Committee. The Selectmen have charged this committee not only with analyzing pending and enacted legislation for its impact on the town but also with recommending new legislation that would benefit the community. Although the Committee had been quite active when it was first formed in 1963, there had been less interest in it and the Committee had been of less service to the town in more recent years. The Home Rule Advisory Committee was reactivated in May 1972 and its charge renewed.

Since being reactivated the Home Rule Advisory Committee chaired by William Murphy has completed a series of projects vital to the town of Chelmsford. These projects include:

1. A review of the 814 acts and 92 resolves enacted into Massachusetts law in 1972. Copies of 333 of these acts were forwarded to one of thirty appropriate town agencies for its information and action.

2. A comprehensive study was made of the new municipal fiscal cycle law which demanded an 18 month budget in order to place local communities on a July 1 to June 30 fiscal year. The study was reported to all town department heads, boards, and committees at a special meeting conducted by the Home Rule Advisory Committee. Information was also provided the local press so that the public at large would be informed of the impact of the new law on the collection of property taxes.

3. A thorough analysis of state legislation on equalized or 100% reapportionment and its impact on state receipts to the Town of Chelmsford. The Home Rule Advisory Committee drafted legislation which has been filed and will be debated by the Massachusetts legislature during 1973. The legislation will provide for enforcement by the state taxation commission of the law requiring all communities to fully assess property.

4. The development of APPOINTED COMMITTEE HANDBOOK. This publication which will be made available to all town committees is designed to help committees focus their major efforts to the specific tasks assigned and to prevent technicalities and procedures from confusing and frustrating progress.

5. Organizing a mechanism to review all bills filed for the 1973 session of the General Court, following these bills through the various hearings and readings, and providing timely recommendations to the Board of Selectmen on pending legislation.

The Home Rule Advisory Committee is grateful to the various town agencies for their cooperation and encouragement in its work.

"Your Federal Income Tax" At Post Office

Postmaster Thomas F. Burke announced today the official Internal Revenue Service guide, "Your Federal Income Tax", is on sale again this year at the Chelmsford Post Office.

The booklet provides assistance to taxpayers filing separate or joint returns. It contains sample completed forms with entries keyed to appropriate pages and many clear examples of allowable expenses, deductions and contributions.

Postmaster Burke said this year's revised edition, priced at 75 cents, is expected to be another "best seller."

Selectmen's Notes

by Jerry House

The Board of Selectmen in regular session Monday evening, January 15. Chairman Gerald Lannan and members Howard Humphrey and Thomas Markham were present. Selectman Eugene Doody was tied up in Boston and could not attend; Selectman Paul Hart was ill.

Topics program have funds specifically allotted for sidewalks. The Topics program may help funding for sidewalks only if they are adjacent to highway construction. Mr. Freeman Asks Sarge To Respond To Oil Crisis

Thursday, January 25, was proclaimed JAYCEE-ETTE DAY in Chelmsford by the Board. Present when the Board signed the proclamation were Jaycee-ette president Phyllis Dougherty and committee chairman Jo-Ann Weinert.

There seems to be little outside assistance looming on the horizon as far as funds for town sidewalks are concerned. John Clark, head of the local EEA office, has informed the Board that neither Chapter 90 of the General Laws nor the

Freeman Asks Sarge To Respond To Oil Crisis

On Monday, Representative Freeman, along with several other representatives, asked Governor Sargent to reactivate the Emergency Energy Commission. This was also recommended by the former Executive Director of the Consumer Council, Dermot Shea.

The supply of #2 fuel oil is growing dangerously short in the New England area and, according to representatives of major oil companies, if cold weather persists, there will be serious problems.

Representative Freeman said in his letter to the Governor, "We urge you to re-establish the Emergency Energy Commission in view of the impending prices that will be caused by a shortage of fuel oil. The Commission could coordinate and reallocate fuel in the event that the growing shortage becomes more severe. The people of the Commonwealth will face a catastrophe if they are unable to heat their homes. Mass. industry that depends on fuel oil will be crippled by such a shortage."

The Commission, within emergency powers, could allocate fuel through a system of priorities in the event of such a crisis. We must prepare for what certainly may happen in the event of a serious fuel shortage."

The Chelmsford Exchange Club has asked to meet with the Board of Selectmen to discuss a proclamation they have requested which calls for naming the week of February 11 as Crime Prevention Week in Chelmsford.

American Legion Post 366 has told the Board that they feel the article calling for the present East Chelmsford Fire Station being turned over to the Post when available should be presented at Town Meeting. The Board agreed to include the article in the warrant.

The Building Inspector has informed the Harvey Building and Wrecking Company that he has condemned their property on Cushing Place. The owners had until noon of the day following receipt of the notice to begin work to either repair or remove the building. The Building Inspector has legal authority, with the approval of a special committee, to have the building removed on his own; the cost of this action will be paid by a lien on the land in question.

The Building Inspector has reported to the Board that the owner of North Chelmsford Auto Parts has stated that the back end of a trailer is protruding about 30 inches past the fence on the property. The

owner stated that this trailer which is frozen to the ground would be moved inside the fence once the ground thawed. The owner also told the Building Inspector that he intended to raise the old building on Tyngsboro Road.

In response to this, Selectman Markham stated that there are other vehicles which still protrude past the fence. Selectman Humphrey stated that this may possibly be allowable under the original agreement between the Board and the present owner. Markham also stated that he would be willing to view the property with the Building Inspector. Chairman Lannan informed Markham that the assessor's records indicate the address of the business to be Sleeper Street. Markham again stated (as he had in several previous meetings) that the normal entrance to the business is on Butterfield Street and that there seems to be no entrance on Sleeper Street.

The Data Processing Committee has been dissolved on its own recommendation. Acting Chairman of the Committee William Murphy stated that the goals of the committee have been fulfilled and that the Committee has made its recommendations to various town boards and officials.

Selectman Humphrey has asked that the electric company be asked to place a floodlight on an existing pole to shine on the new skating rink at the McFarlin School. This rink is now in operation although only one end of it is flooded. Water would not hold at the other end when the rink was flooded. The Fire Department used 90,000 gallons when they flooded the rink. A rink at the Roberts property on Old Westford Road was also flooded for skating. Humphrey asked that the Fire Department return and flood the rest of the McFarlin School rink when weather permits.

The Alcoholic Beverages Control Commission has told the Board to disregard a recent letter to them.

Chairman Lannan met with the Recreation League and PARC last Wednesday evening. He reported that the Recreation Commission has agreed to place a fence around the PARC playground on the Roberts property. An article for the needed funds will be included in the Town Meeting warrant. The Recreation Commission will also add the cost of the fence (\$2000) into the budget as an outlay item with the condition that the funds will not be used if the article is passed.

Selectman Humphrey directed a few words to a recent editorial in the Chelmsford Newsweekly. The editorial concerned itself with an alleged action of the Board in which they allegedly refused to make a report on the Eastgate Plaza Zoning situation available in individual copies to the press. Humphrey stated that as far as he was concerned, the action which "wasn't taken" (as opposed to an action which was taken) is not to be construed as suppression of the press.

Campaign Contribution or Bribe—Campaign Finances Topic For LWV Discussion

Folklore has it that Abraham Lincoln's only campaign expense in 1846 was 75¢ for a barrel of cider. Today's candidate's expenses on all levels are astronomical and climbing. The total costs of campaigns for all elective offices in 1968 came to approximately \$300 million, and projections for 1972 indicate the bill may go as high as \$400 million!

"U.S. Congress — Campaign Financing" will be the highly controversial subject under discussion at units presented by the League of Women Voters of Chelmsford on January 22 and 23.

The first meeting will take place January 22 at the home of Fran Doody, 35 Charlmont Court, at 7:45 p.m. The speaker for this meeting will be Mr. Robert Michaud, Bedford, the Coordinator for the Bi-Partisan Monitoring Program conducted by Common Cause in the 5th Congressional District.

On January 23 there will be two meetings at which Glenn Cooper, a candidate for the Democratic nomination for the 5th U.S. seat, will speak on his experience of running for this office. The morning meeting will be at 9:15 at the home of Claire Knapp, 27 Temi Road. Babysitting will be provided by Barbara Schindler — call first at 256-5442. The evening meeting will be at 7:45 at the home of Nancy Clancy, 135 School Street.

Because of the extraordinary expense of running for national office, and probably as a result, more and more successful politicians are either wealthy in their own right or closely tied to wealthy individuals or organizations. Who hasn't heard the statement "Only the wealthy or the crooked can afford public office"? This is perhaps a somewhat overdrawn description of the worst aspects of the relationship which exists between money and politics.

The primary reason for the increased cost of campaigning has been the growing reliance on television and radio advertising as a campaign tool. Yet, despite the phenomenal outlays for such advertising, its effectiveness is questionable. Even more important a factor in determining the outcome of an election is incumbency. This is an edge that is hard to beat no matter how much money is spent.

Campaign financing has two separate but overlapping aspects. One is the straightforward problem of how to curb the scoring costs of campaigning and to distribute funds so that the costs of elections are not prohibitive to all but the wealthy. The other — the ethics of campaign finance — is far less clear-cut. These are the Scylla and Charybdis that politicians often must negotiate in order to win. As Senator Russell Long said, "The distinction between a campaign contribution and a bribe is almost a hairline's difference." As long as private money is a legitimate political resource, the contributor will often expect to exert some influence no matter how innocent, and the elected official will feel some sense of obligation to the people who support him.

All this affects the voter, either directly or indirectly. The LWV has been studying the various aspects of campaign financing and invites members and guests to attend January units and look deeper into this vital, if not always visible, part of elections. For further information, call Cheryl Salamone, 256-4818, U.S. Congress Chairman.

Kiwanis Scholarship Applications At High School

Senior High School students in Chelmsford are urged to check with their school principal or guidance counselors with regard to the annual New England Kiwanis Scholarship awards according to an announcement by Thomas R. O'Connell, President of the Kiwanis Club of Chelmsford. Some of these scholarships provide assistance for three years towards the tuition in a college of the recipient's own choice. Basis for the awards are need, scholarship, character and leadership qualities and these awards are made to outstanding young people in New

England without regard to sex, race, creed, color, or national origin. Kiwanis Scholars from New England are now attending M.I.T., Harvard, University of Massachusetts, Yale, Lehigh, U. of Maine, Fordham, Worcester Poly. Tufts, Bowdoin, Florida Presbyterian, Boston University, U. of New Hampshire, Brandies, Syracuse, Northeastern, Southern Connecticut College, Smith, Wheaton, U. of Bridgeport, and many others.

Funds for these scholarships come from voluntary contributions made by individual members of Kiwanis in the New England District.

Kiwanis will award five three-year scholarships of \$1600 each and 21 awards of \$200 each.

The opening flag ceremony was performed by Cubs Den 3. All dens participated in decorating the tree with hand made ornaments. With Mrs. Maloosian at the piano, Lou Murray led the audience in carol singing. As it was a snowy evening Santa Claus arrived on his sleigh and distributed gifts to all Cubs.

Youth Group To Hold Dance

The Aldersgate Youth would like to announce a dance for 7-12th graders this Friday, January 19, 1973 from 8-11. The dance will feature the popular local group "Hellion".

Pack 45 Welcomes New Cubmaster

Cub Scout Pack 45 ended the last meeting for the year 1972 by welcoming new Cubmaster Ray Pallas. As one of his first official duties as Cubmaster he greeted new Bobcat Kevin Kelly. Cubmaster Pallas explained that CUBS meant Courage, Unity, Bravery and Service.

The opening flag ceremony was performed by Cubs Den 3. All dens participated in decorating the tree with hand made ornaments. With Mrs. Maloosian at the piano, Lou Murray led the audience in carol singing. As it was a snowy evening Santa Claus arrived on his sleigh and distributed gifts to all Cubs.

A graduation plaque was presented to John Moler. Achievement awards for the month were received by: W. Riley - 2 year pin; P. Longtin - athlete; E. Perron - artist; engineer, 2 year pin; W. Woodman - geologist, outdoorsman - naturalist, showman; S. Nisco - athlete, showman; M. St. Hilaire - engineer; Paul Murray -

athlete, engineer, naturalist, traveler; Phillip Murray - outdoorsman, naturalist, traveler; P. Atwood - citizen; G. Soucy - aquanaut, engineer; J. Lupoli - sportsman; J. Conrad - artist; D. Maybury - artist; J. Teele - athlete, sportsman; J. Moler - artist; J. Laurin - naturalist; R. Stanley - wolf badge.

Following the meeting refreshments were served. The next regular Pack meeting will be on Friday, January 26, 1973 at 7:30 p.m. at the Westlands School Cafeteria.

Troop 61 Winter Sports Day

A sun-filled, frosty day greeted the scouts of Troop 61 sponsored by All Saints Church as they climbed the snow-covered slopes of Crooked Spring Reservation in Chelmsford on January 13 to hold their Winter Sports Day. Outing under the supervision of Scoutmaster Al Lawrence and Assistant Scoutmaster Bob Phillips.

The morning was spent in an exploratory hike, sledding, tobogganing, and practicing with a scout-built Klondike sledge which each patrol will use in the District Camporee contests to be held in February. After lunch, scout advancement sessions involving instructions and demonstrations were held, while others blazed down the slopes. As the sun sank slowly in the west, the following scouts were ready to call it a day: Richard Kilmartin, Richard Nagle, Steven Lawrence, Scott Cinsavich, Dave Costa, Richard Martin, Mark Lacasse, Dave Lacasse, Andrew McAllister, Daniel McAllister, Michael McAllister, Ross Phillips, John Peterson, Ken Waters, Jim Waters, and Douglas Smith.

Mrs. Ducharme Works At Adams

The art work of Mrs. Judith Ducharme will be on exhibit at the Adams Library in Chelmsford, from Jan. 11th through Feb. 1st. Mrs. Ducharme has lived in Chelmsford for six years and studied with Richard Marion of Lowell. Her floral and still life paintings have been exhibited at the Parker Gallery at the Whistler House in Lowell and at the Lucy Larcom Park where she received the "Most Popular Vote" Award. The public is cordially invited to view this exhibit.

HOCKEY ROUNDUP

The MIDGET A team won out over North Middlesex 3-1 on a pair of goals by Jim Mattison and a single by Mike Sargent as Paul Ware and Doug Rogers played a good defensive game.

The MIDGET B team split a pair of games last week as they beat Tewksbury 5-2 and lost to Wilmington 7-4. In the win, Bill DeAngelis and Dave FitzGerald scored two goals each with a single from Dave Bowman. The Wilmington scoring was provided by Jim Fairadue, Mike Britton, Ray McGowan and FitzGerald. In Sunday action they lost out to Arlington 5-2 as Wayne Mann and DeAngelis handled the scoring. The BANTAM A had to play catch-up hockey on Sunday night against a fired-up Westford team. The final score of 3-3 saw one goal being registered by the Yellow, Blue, and Green units.

The BANTAM B team hung a 6-3 loss on Marlboro. George Chigas registered a hat trick to go along with singles from Ron Coody, Paul Cleary and Mike McManamon.

The PEE WEE A team blanked Somerville 5-0 in league play as the Yellow Unit scored three times and the Green Unit put in a pair. In scrimmage games they lost twice and won once.

The PEE WEE B team had a big outing as they beat North Reading 7-2. Dan Goggin and Greg Gingrow scored two goals each with solo efforts from John Hoyer, Glen Kohl, and David MacKenzie.

The SQUIRT A team posted an 8-1 win over North Reading as Mark Goggin and Butch O'Leary each scored a pair to go along with one each from Mike McGuire, Larry Estelle, Bill Hadley, and Scott MacPhail.

The SQUIRT B played a good game but to no avail as Reading took the 4-2 verdict. Paul Melchione and Ted Seay put the home team on the scoreboard.

The MITE A squad split a pair of games last week. Stoneham took a 2-0 game and North Reading was a 7-2 win. Ron Vars and David Russo had a pair each while Bruce Cole, Mark Ellis, and Mark Morris tallied singles.

The MITE B team won and lost shutout efforts. A 5-0 win over North Reading produced a pair of goals from Neil Fogarty and Dave Dion with a single from Jeff Feeny. Somerville scored a 4-0 win over the local team.

INTRAMURAL LEAGUE action saw the BANTAM BRUINS win 6-3 over the BLUES. Tom Proudman and Tom Marcaurelle scored two goals each while Mike Mann and Francis Harrison had one each. Blue goals were put in by Mike O'Connell who had a pair and by Dan MacAuliffe.

The FLYERS blanked the LEAFS 4-0 as Bill Simonds had a hat trick to go along with a solo from Don Kohl. Harry Bosselman did a standout job in the winner's net.

The PEE WEE BRUINS edged the KINGS 3-1 in an action-filled game. The Bruins had goals from Jeff Ellis, Mike Bogacki, and Mike Wolnik while the King goal was put in by

The SABRES also won a 3-1 game as they edged the FLYERS. Gary Turgiss, Steve Dee and Paul Logan handled the scoring chores.

The LEAFS then handed the BLUES a 5-1 loss. Phil Murphy had the solo Blue goal and we'll try and pick up the leaf scorers this week.

The SQUIRT BLUES posted a 7-0 shutout over the KINGS on goals by Mitch Wojcik, who had three, Scott Goodwin with a pair, and singles by Ken Stumpf and Steve Whitcomb.

The BRUINS edged the LEAFS 2-1 in a well-skated game on goals by Dave Williams and Glen Turgiss. Paul Healey had the Leaf goal while Jeff Brown and Neil Julian played fine two-way

AROUND-THE-RINKS: If you have not been contacted yet about tickets to the CHA dance set for Jan. 26th, you had better ask around as tickets are moving very well....

It's that time of the year already when plans are starting to be firm for some of our teams to visit Hartland, N.B. and Quebec City....

The response has been very good for registering young boys and girls into the Figure Skating and Clinic programs...birth certificates are necessary for any child who wishes to enroll and who will be five years of age by this coming December 31st....

The SQUIRT Bruins of the Intramural League took on underdog competition and came up with a 7-0 win over Grotton...David Lanning was in goal while Chris Hassett scored five goals and Paul Sartorelli and David Glidden had the other two....

Chelmsford Lion Goalie Tony Cincevich makes a save late in the second period against Austin Prep. The game ended in a 2-2 tie.

Nabnasset. Plans for the upcoming spring production will be discussed. Following the meeting will be the workshop, a presentation of Arthur Kopit's one-act comedy, "The Day the Whores Came Out to Play Tennis". This is set in a country club, where six of the members are faced with a grave crisis (described in the title) that seriously threatens the club's existence. The shallowness of the men is revealed as each deals with the situation in his own way, and they are all destined to ultimately fail. It is a play that is both entertaining and thought-provoking, and will surely be enjoyed by all those present. The director is Stephanie Fries; members of the cast are: Jack Dacey, Jem Semonian, Gordon Jones, Ken Sousa, Ed Simonian, and Al Wyman.

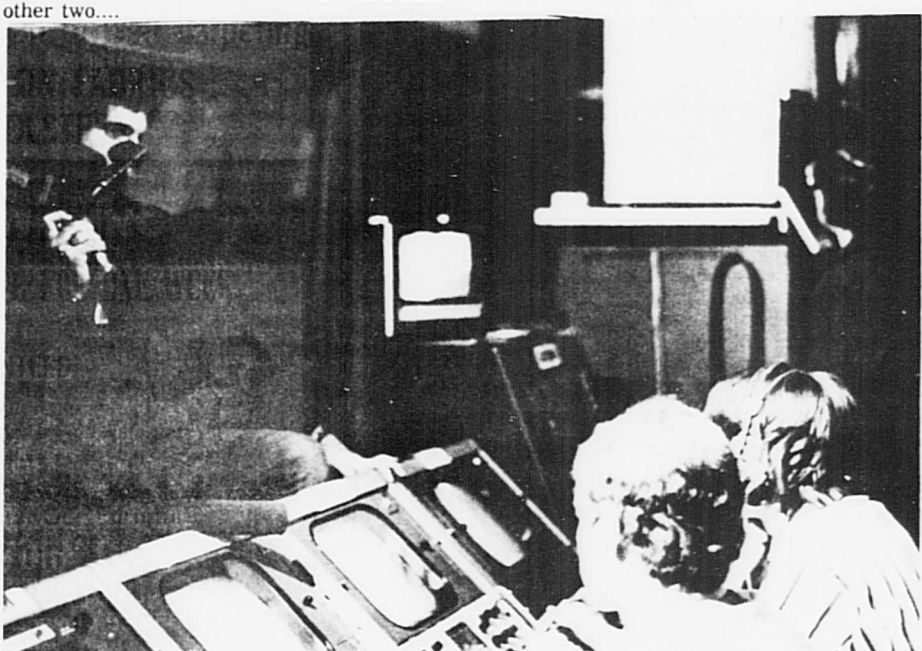

The Chelmsford Players' meeting and workshop is open to the public, and all guests will be welcome.

Headstart Needs Volunteers

Volunteers from the community are needed to work in the Head Start classes in Lowell, Chelmsford, Tyngsborough, Westford, and Billerica. Head Start is an enriched preschool experience for eligible children in the community. Volunteers are needed in the following areas: General Pre-School Education, Organization of Field Trips, Recreation, Medical Services, Arts & Crafts, Social Services, Head Start Kitchen Work. BOTH MALES AND FEMALES ARE NEEDED TO WORK IN THE PROGRAM. The Head Start Program is able to provide a limited amount of transportation. For additional information and to volunteer, please call: Ms. Donna L. Hill, 10 Bridge Street, Lowell, MA 01852, Tel. 459-0551, Ext. 40.

Charter Comm. Meets With LWV

The League of Women Voters of Chelmsford is one of the community organizations scheduled to meet with representatives of the Charter Commission to discuss the final report of the Charter which will be voted on by the town electorate in March. This informative meeting will be held Monday evening, January 29th, at 8:00 at Chelmsford High School Lecture Room.

Larry Crowley of TV Channel 5 is shown filming High School students Steve Bentas and John Hickey as they were taping a program for CHS-TV. CHS-TV will be featured on an upcoming show on Channel 5. (Burgoon-Richardson Photo)

Video Fair At Adams

Ever see yourself on television? The public will have this opportunity at the VIDEO FAIR to be held at the Adams Library Thursday, January 25, from 3:30-9:00 p.m. Neil Weisbrod, Director of the Chelmsford High School Television Studio and his staff will present a continuous demonstration of live television in the meeting room of the Adams Library. Continuous performance of the student video-tape production, "A Day in the Life of an Executive Airline Pilot" as well as other selected tapes will be shown in the periodical room.

At 7:30 the CHS TV studio will be featured on the Channel 5 program, "Five At Large". Color televisions will be available for viewing this program in the periodical room and meeting room.

Heart Fund Ball Sold Out

Due to an overwhelming response, the annual Chelmsford Heart Fund Ball, which

will be held at the Elks Hall, Saturday, February 3, has been sold out. All further reservations will be accepted on a stand-by basis only. Any verbal reservations that are not confirmed by a check on or before Thursday, January 25 will be cancelled and given to those people on the waiting list. The committee regrets having to make this ruling but in view of the long waiting list they find it necessary.

Players Workshop Jan. 18

The Chelmsford Players, Inc., will hold their next regular monthly business meeting on Thursday evening, January 18, at 8:00 P.M. at the H.E. Fletcher Club on Brookside Road in

Surrounded by Billerica, Chelmsford Lion Artie Johnson still manages to get off the shot and score in Friday's (January 12) game at Billerica. (Pulstar Photo)

Kelly Leads Lions Over Billerica

Led by Junior forward Bob Kelly's 18 point and 11 rebounds, the Chelmsford Basketball Team defeated a stubborn Billerica Squad 57-42. Along with Kelly, scoring in double figures were Charlie Dunn and Jim Finnegan with 14 points each. The game was close at halftime but the superior height of the Lion front court put Chelmsford ahead to stay at the end of the third quarter.

Earlier this week, Chelmsford had defeated Wilmington by a score of 68-62 with Ralph Jenkins high score with 18 points.

The Lions are now 3-2 in League play and play a crucial game with third place Central Catholic on Tuesday night.

Merrimack Valley Conference Standings

Team	W	L
Tewksbury	7	0
Andover	6	0
Central Catholic	4	1
CHELMSFORD	3	2
Billerica	3	3
Austin Prep	2	3
Wilmington	2	4
Dracut	1	4
Methuen	0	6

Track Team Leads League

The winter track team just keeps rolling along in the league lead with a recent 59-27 conquest of the Methuen Rangers at the Phillips Andover Cage.

Individual winners for Chelmsford were as follows: Shot Put - Bob Ziltz - 40'8 1/2"

High Jump - Mark Donohoe - 5'7"
300 yard run - John Robinson: 36.5 second
600 yard run - Knute Berge 1:27.5
1,000 yard run - John Sherman 2:32
45 yard hurdles - Dick Millard 6.5

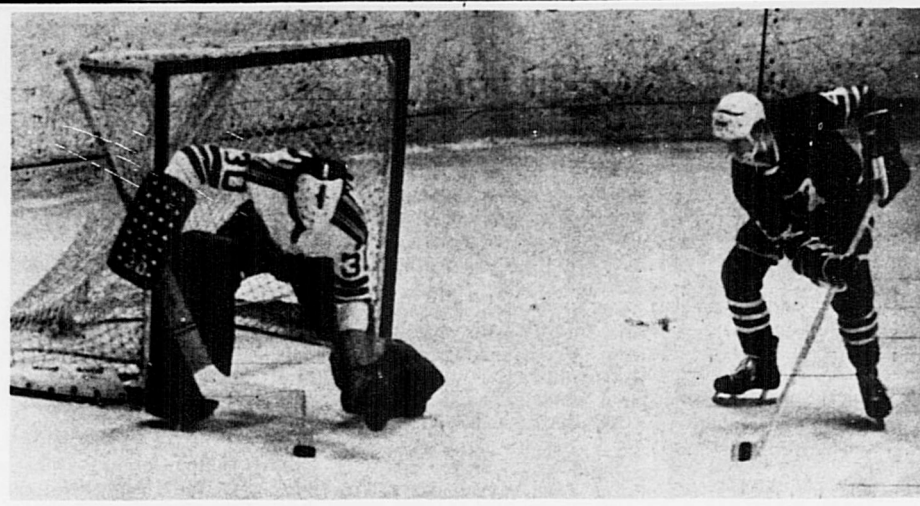

Also running strong for the Lions was 2 miler Frank Durkin with a time of 10:47, miler Peter Harrison at 4:58, 50 yarder Bob Meehan at 6.0 seconds and Walter Chagnon at 6.1 seconds.

Chelmsford's record now stands at 3-2 with their next meet versus Shawsheen Tech on Tuesday.

Grapplers Remain Undefeated

With successive wins over Methuen 70-3 and Phillips Andover Academy 35-17, the Chelmsford Varsity Wrestlers topped their slate to a perfect 7-0 on the season. On Friday night, the Lions demolished a weak Methuen Rangers squad on the power of 10 pins and a victory by decision. In this meet, the school record for the fastest pin won broken twice as Bruce Rich slammed down his opponent in a mere 12 seconds at 147 pounds. But his record was to last for only 15 minutes as 187 pound Jim Berndt stuck his foe to the mat in an unbelievable time of :06 seconds to bring the crowd to its feet in a standing ovation.

Traveling to Phillips Andover on Saturday night, the Lions did not have as good a showing as they defeated the prep-school foes 35-17, avenging a loss by 5 points of last year.

The Tewksbury goalie made a fine save on this shot by Chelmsford Right Winger Jeff Morris in Saturday's game. (Pulstar Photo)

Underclassmen Lose 4-2

It was a day for the underclassmen at the Forum last Saturday as the Seniors in the League were taking college boards. Consequently, none of the games scheduled were officiated. It didn't matter much anyway, as the Tewksbury Redmen beat Chelmsford by a score of 4-2.

Newcomer goaltender P.J. McCormack was beaten once in the first period, 2 times in the middle canto and once again in Period 3 as the Lions ran their winless streak to 4 games.

Bill Dempster and Kenny Kerrigan scored the lone goals for the Lion youngsters with assists going to John Mattison and Mark Ziminsky.

Chelmsford's record now stands at a dismal 1-4-2 worth 4 league points and puts them ahead of only cellar-dweller and winless Austin Prep (0-6-1).

Vikings Tame Lions In Scrimmage

The Nashoba Tech Vikings beat the Chelmsford Lions Hockey Team by stunning them 8-1 in scrimmage. Nashoba skated all over the Lions during the entire game. The checking was fierce with both sides throwing their weight around. Nashoba easily carried the play into the Chelmsford end throughout the entire scrimmage with some very crisp passing which resulted in eight goals.

Nashoba opened the scoring with a little over a minute gone in the first period. They ran the count to 6 goals before the Lions finally got a goal on a two on one breakaway by John Madison.

The goals scored by Nashoba were by Roger Skillings with 1 goal, Bob Cadwel with 1, Wayne Cadwel with 2, Bob Evans with a goal on a powerful slap shot from the point, Joe Gervais scored on a wrist shot, Ray Boucher scored as he made some good moves on the defense and just slipped it by the goalie and the final goal was scored by Ray Lelieur.

The Vikings, who are undefeated in League play with a record of 7 wins and no losses, added to their overall mark and they now stand at 9 wins with the only loss coming at the hands of Lawrence Academy.

Guy Bonfiglio played an outstanding game in goal against Chelmsford stopping just about everything that was thrown at him. He made some very key stops on a couple of breakaways that lifted the team and turned into scores for the Vikings.

Sentinel Ski Report

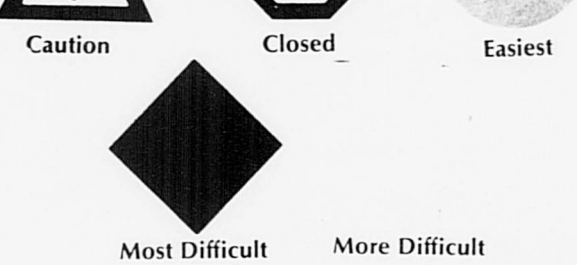

Safety on the slopes has become serious business. Too many skiers either do not know or do not wish to practice the essential skiing rules.

Waterville Valley is doing something about the reckless and out-of-control skier. Reckless skiers will lose their lift tickets. Tom Corcoran of Waterville Valley, states, "There is a time and place for very fast skiing. We are not necessarily discriminating against fast skiers - we are cracking down on skiers with bad judgement so everyone who skis Waterville Valley may have a safe and enjoyable experience. Warnings are given the first time the patrol stops a dangerous skier and the corner of his ticket is marked. If he is stopped again he's all through for the day".

It is hoped more areas will follow this lead. The first day 40 skiers were warned.

Some suggestions for your skiing safety:
1. Make sure your bindings are adjusted to your height, weight and ability. National Ski Operators Council demonstrated that 88% of bindings are too tight and 34% are poorly mounted. At Temple Mt. (Peterborough, N.H.) the ordinary \$2.50 charge for checking skis is dropped on clinic days. Free binding checks are available on that day.

2. Always ski trails you can handle. Know these signs-

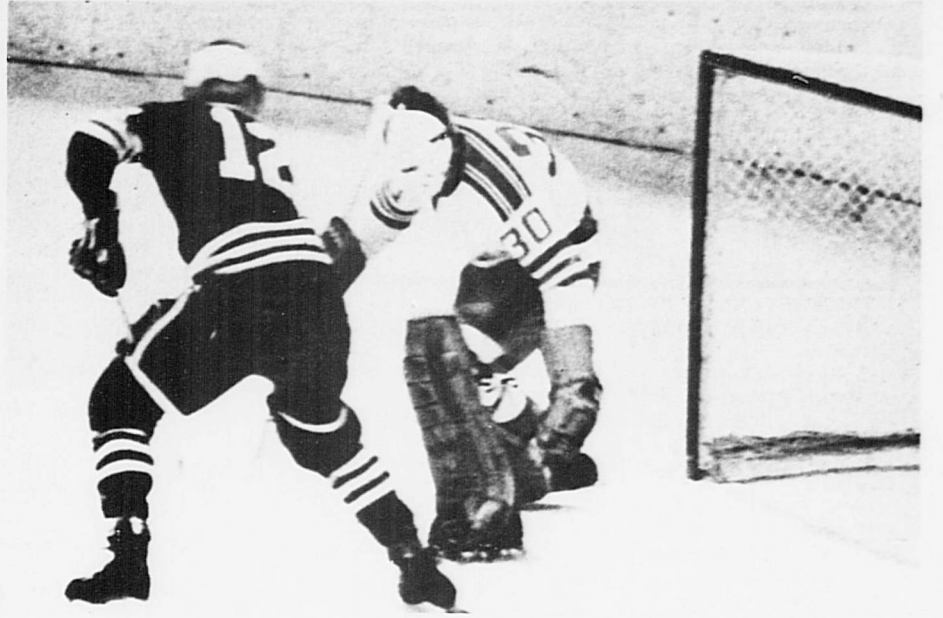

Nashoba Rovers Dominate Ward Hill Junior Slalom

WESTFORD — The Nashoba Rovers Ski Team captured seven of twelve medals Saturday at the Ward Hill (Shrewsbury) Ski Area's Junior Slalom. The Rovers took first place in all categories, had two second place finishers, and one third.

In the women's events, sisters Roberta and Pat Williamson of Concord each took first place in their age groups. Lowell's Missy Hatem captured second place for girls 12-13 years old. Lowell's Tommy Murphy and Westford's Richy Holden took first place honors in their groups. Not to be outdone by their sisters, John and Paul Williamson won medals for second and third for boys 9-11 years.

Tommy Murphy, a consistently high finisher in both slalom and giant slalom, had the best Rovers time of the day, finishing the course in 39.800 seconds.

Center Jack Pyne (#12) for the Lions tries to sneak a shot past the Tewksbury goalie but was unsuccessful. (Pulstar Photo)

3. When entering a slope from a side trail watch for the skier above you. Do not just "shoot out".
4. Always watch the skier below you. You are responsible for his safety.
5. Never stop in the middle of the trail.
6. Never stop immediately off the lift. Move on so others may unload safely.
7. Warn the downhill skier where you will pass ("on your left") if there is any danger of collision.
8. No scussing when entering lift trails.
9. Always use safety straps. A run-away ski is a lethal weapon.
10. Make sure the ski pole loops are around your hands not in them.

11. Don't wear long flowing scarfs that may become entangled in lifts. Recently the New Hampshire Ski Area Operators Association prohibited the wearing of long scarfs by skiers using any of the many ski lifts in the state. Also included in this ban was extremely long hair. Operators plan to first ask an offending skier to confine the hair or scarf. Or "Any skier refusing to comply with these requests will be denied use of the ski lifts."

Jan. 20 - Giant Slalom - Ragged Mt.
Jan. 20-21 Corcoran Cup, Waterville Valley (FIS)

Cougar Booster Club First Meeting Jan. 18

The Pop Warner Football Booster Club will hold its initial meeting on Thursday, January 18 at 7:00 CHS Lecture Hall. The purpose of the meeting is to have as many interested parents and fans who enjoy success that it can be. Much of working and rooting for young this support and help has to people come and learn about the come from the parents and Youth Football program in fans.

Last years football program that you would share or some

time to spare now and then, or if you would just like to be part of a sports program that crackles with hard work, fun and reward for young and old, you are cordially invited to come to the Hall on Thursday, January 18, at 7:00 p.m.

Bob Messersmith, local organization President will be on hand to speak about the program and to impart in some way, the excitement that was generated in 1972 as the tackle and flag football programs got off to a rousing start in Chelmsford.

Winter Ball Plans Set

Plans have been completed for the Fifth Annual Winter Ball to be held on Friday, March 2, at the Chelmsford Lodge of Elks. Tickets are now available at the cost of twelve dollars a couple. Anyone wishing to obtain tickets and make reservations may do so by calling 256-0838, or 256-0829. Proceeds from the Ball are used to defray the expenses of the town's 4th of July Celebration.

Children Movies At Gun and Rod Club

The South Chelmsford Gun and Rod Club will show children movies at the clubhouse, 160 Mill Rd., Chelmsford on Saturday Jan. 27 1973. The movies will be shown from 2 p.m. to 5 p.m. Small Donation per child.

Seed and Cher
At First

A special "mini-concert" will be presented Sunday evening, January 21, beginning at 7:30 in the evening at the First Baptist Church of Chelmsford (South Chelmsford Center). The main feature will be a folk singing duo from Gordon College who compose much of their own

St. Mary's C.Y.O. will sponsor a cake sale January 20, 1973 between the hours of 10:00 a.m. and 3:00 p.m. at Eastgate Plaza in the front foyer. If you would like to donate a cake please get in touch with Mary Regan at 256-0329 or Robin DeMartin at 256-3979. Your efforts would be most appreciated.

Cake Sale

St. Mary's C.Y.O. will sponsor a cake sale January 20, 1973 between the hours of 10:00 a.m. and 3:00 p.m. at Eastgate Plaza in the front foyer. If you would like to donate a cake please get in touch with Mary Regan at 256-0329 or Robin DeMartin at 256-3979. Your efforts would be most appreciated.

Obituarie

Mary E. Colpays

Mrs. Mary E. Colpays of 13 Howard Rd., died January 7, 1973 at the Tewksbury Hospital. Mrs. Colpays was a former resident of Hudson Falls, N.Y. She was a communicant of St. Mary's Church. Mrs. Colpays is survived by two sons, H. Joseph Colpays of Groton-on-Hudson, N.Y. and Gerald T. Colpays of Chelmsford, with whom she made her home; a brother, Fred Lawler of Fort Edward, N.Y. and six grandchildren. A funeral Mass was offered in St. Mary's Church, Hudson Falls, N.Y. on January 10, 1973.

OLDE STAGE ESTATES SOCIAL COMMITTEE: Back row: (L-R) Mrs. Howard Woon, Mrs. Irwin Shapiro, Mrs. Louis Overbeck. Front row: Mrs. Lawrence Reardon, Mrs. Jeff Carrier, Mrs. George Demoulas.

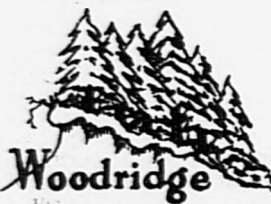

OSEA Sno Dance

The social committee of the Olde Stage Estates Association met at the home of the chairman, Mrs. Howard Woon, to finalize plans for the Sno Dance to be held at the Spare House on January 20th. The annual dance will honor the 1971-72 outgoing officers and formally inaugurate the 1972-73 incoming officers.

Decorations to carry out the snow theme were presented for approval by committee members, Mrs. Jeff Carrier, Mrs. George Demoulas, and Mrs. Louis Overbeck.

A social hour at the Rod and Gun Club, following the annual elections of OSEA on January 12 was discussed. A cheese and beverage hour was planned for all to enjoy.

Mrs. Irwin Shapiro was appointed in charge of OSEA publicity for 1972-1973, and Mrs. Daniel Hayes appointed as OSEA photographer for executive board meetings held in members homes.

Gardening Enthusiast
Leo Trembly explains cultivation methods for dahlias to the Woodridge Gardeners. (Burgoon-Richardson Photo)

The Woodridge Gardeners held their monthly meeting January 10 at the home of Mrs. Joseph Fisher, 34 Galloway Road. The Garden Club discussed various crafts and the ability of the members to work on committees in preparation of the group's first boutique. Mrs. John Pianowski was selected as General Chairman.

Mrs. Edward Fox presented a "mini talk" regarding the most common weeds found in your lawn. She presented sketches for members to view as she explained the growth and control of these unwanted greens.

You already look like a skier.

Edna Lindahl Area Chairman For Channel 2 Auction

Named greater Lowell Area Chairman for the 1973 Channel 2 Auction is Mrs. Donald Lindahl, 39 Bridge Street, Chelmsford, Mass. As Area Chairman, Mrs. Lindahl is responsible for lining up the many volunteer Go-Getters who will solicit greater Lowell merchants, companies, industries and individuals for the products and services to be placed up for auction.

The 1973 Channel 2 Auction is scheduled for June 1-9. Each year, more than 4000 volunteers from all parts of Massachusetts, New Hampshire, Rhode Island, and Connecticut participate in this electronic bazaar which attracts an audience of more than one million.

The greater Lowell area includes the following communities: Chelmsford, Dracut, Forge Village, Georgetown, Graniteville, Lowell, Tewksbury, Tyngsboro, Westford.

This marks Mrs. Lindahl's second year with the Channel 2 Auction. She had served as a Go-Getter in the 1972 Auction. In addition to her efforts for Channel 2, Mrs. Lindahl is on the Board of the Curriculum Advisory Committee of the High School; superintendent of the 9:30 Sunday School Service of the Central Congregational Church, Chelmsford and has worked for the election boards in Chelmsford. She is a real estate broker with the firm Terry Witt Realty.

Mrs. Lindahl has also been

Lazy Daisies - New Garden Club

The Lazy Daisy Gardeners toasted the New Year and their new club with a flaming wine Punch, Jan. 8, at the home of Mrs. Jane Abernathy.

The speaker for the evening was Mr. Lukas from Lukas Florists & Greenhouse, who gave a demonstration on flower arranging. The beautiful arrangements were raffled off, and the lucky winners were: Sandy Boggs, Arlene Jeppson, and Louise Newlands.

Plans were made for a March social, and future programs were discussed. Mrs. Ehlers will speak on conservation at the Feb. 12 meeting, at the home of Mrs. Jean Schott.

The Lazy Daisy Gardeners will have a bake sale Friday, Feb. 9, from 6:00 to 9:00 p.m. at Purity Supreme.

The Lazy Daisy Gardeners is a sub-group of the Chelmsford Newcomers Club.

Mrs. Crowe introduced Mr. Leo Trembly, a garden enthusiast as guest speaker for the evening. "Bring Spring into January" was Mr. Trembly's topic and he suggested starting seeds indoors now which will produce a lovely garden in the spring. Construction of a cold frame to protect plants was also outlined by the speaker.

During the coffee hour the monthly raffle was held. A floral arrangement of white daisies and yellow carnations created by Mrs. William Meeker adorned the refreshment table.

On Stage

by Chris Simorellis

Last of the Red Hot Lovers

In Neil Simon's hit comedy "Last of the Red Hot Lovers" the hero is a dull, married, aging, finger smelling fish restaurant owner who is disillusioned with his existence and proceeds to plan an affair to recoupe his emotional losses. His premise: life would not be a total loss if he is willing to give in to one of his fantasies. To help him carry out his infidelity, and to show us what a klutz he really is, three women unknowingly help him fail; and thus preserve his identity as a "king, loving, decent human being". In between there are a lot of laughs due principally to Simon's famous one liners. Mr. Simon is such a skillful comedy writer that I found myself laughing even though I was not impressed with the presentation. Although I must confess that I haven't seen all of Neil Simon's plays performed, I still get the feeling that he is misunderstood. I think that he would like his characters to be more than just funny, wise-cracking, kooky individuals.

The production at the "88" in Nashua is indeed an admirable one and for those of you who would like to see a well performed play, have more than a couple of good laughs and pass a nice weekend evening dining with friends then I urge you to attend. If you are looking for more than just a jocular evening and are serious about theater then you will probably spend the evening wondering what happened to Mr. Simon's serio-comic play.

The play as directed by F. Peter Phillips was misdirected with sincerity. The mistake he made is difficult to pinpoint as he either misguided three of his players or gave them too much leeway. I prefer to choose the latter. As a result, with the exception of Kate Zentall in Act Two, the play was uneven.

Speaker for the evening will be Kay Korbey from the Art Room in Parlment Plaza.

Membership in the club is open to all newcomers to Chelmsford. There are various sub-groups within the club. Some of these are: book club, singles and couples bridge, garden club, dinner theater, and handicrafts. Anyone interested in more information concerning Newcomer's please phone 256-4970 or 256-3219.

Kay Korbey To Speak At Newcomers Club

The monthly meeting of the Chelmsford Newcomer's Club will be held at 8 p.m. on Wednesday, January 17 at Aldersgate Methodist Church.

Arnold Lovering, candidate for the Chelmsford Board of Selectmen, is greeted at the door by Mrs. Kazar Hedison, hostess for a coffee for Lovering. (Burgoon-Richardson Photo)

New Winter Hours:
Closed Sunday, Monday & Tuesday
Open Wednesday thru Friday
1 p.m. to 4 p.m.
Saturday 11 a.m. to 6 p.m.

The Chelmsford Art Society's March Art Show Committee met Tuesday, January 9 to formulate their plans. Discussing the up-coming show were: (l-r) Agnes Cronin, Eleanor Lewis, Marie LaLiberte, Madalene Pattershall, and Corinne Morse. (Burgoon-Richardson Photo)

ART-noun
1. aesthetic work, as painting, music, etc.
2. skill or craft
CRAFT-noun
1. skill; art
Art and Craft as defined by Webster - very different - very much the same.

The arts and crafts abound - they're everywhere. One need only to pick up a magazine at the local drug store or supermarket and one can find HOW-TO on almost any form of art or craft today. Whatever may be your thing, you can probably find it in a kit in your local discount store, hobby shop, or needlework house. For those not so inclined to DO IT YOURSELF many local shops feature items hand crafted by the skilled and the not so.

Whatever your preference, be it watching, doing, or just appreciating - the arts and crafts are with us, more so now than ever.

For the watchers: the Billerica Arts and Crafts Association is presenting "Doing Your Own Thing" by member craftsmen and artists on Friday evening, January 19, at 8 p.m. at the First Unitarian Church in Billerica center. Among the many demonstrations going on there will be Barbara Wheeler - weaving; Jeanne Kunze - watercolor painting; Phyllis Lima - macramé; Mary Watkins - burlap flowers; Mrs. Carson - abstract painting;

Ross Celeste - sculpture; Barbara Johanson - landscape in oils; and others. There is no admission charge.

For those who do or would like to: There are classes to be found everywhere - the Evening Adult Education Program at the High School sponsors classes in every possible subject. At the local needlework and fabric shops you can find classes in Needlepoint, macramé and crewel.

The Chelmsford Art Society sponsors classes in almost any subject in the arts and crafts you might be interested in. They have classes for children from first grade through high school. For the children ages 7-12 there is Crafts and Painting which takes place on their free Thursday afternoons. For those students in 7th grade through high school there is now a Drawing and Painting class held on Thursday evenings in the Adams Library. For the Moms with a free morning there is on Tuesdays a Silk-Screen class and an Oil Painting Workshop, on Wednesday there is a class in Drawing and Design, and on Friday there is featured a class in hand-built pottery. Of special interest to the men is the wood carving class on Monday evening and the photography course on Thursday evening (women are invited also). As you would expect from the Chelmsford Art Society there are classes in oil painting (Mon. and Tues. nite), acrylic painting (Tues. nite), and watercolor (Thurs. nite). Brochures and applications are available in the Fine Arts Room at Adams Library, McKay Library, the Art Room or call 256-9315.

For the appreciators - more next week...

At a Pot Luck Supper a few years ago, my casserole loving husband raved over one of the casseroles a friend had made. I requested the recipe and after two years, finally made it for my family! My husband still raved and now I wonder why I hadn't bothered to make this delightful recipe before.

Port Chop Rice Casserole
1 Cup White Rice
1 Cup Wild Rice
2 Cans Onion Soup
2 Cans Cream of Chicken Soup
2-10 large pork chops
Wash rice and place in a large casserole. Pour both cans of Onion Soup and one can of water over the rice. Place pork chops on top. Mix the two cans of Cream of Chicken soup with 1 can of water. Pour over top of meat. Bake at 350 deg. for 2 hours. Allow 2 pork chops per person.

This may be served with a tossed green salad or cabbage salad. Top off the dinner with Ginger Crumb Cake.

Ginger Crumb Cake
Prepare 1 box ginerbread mix according to package directions. Grease and lightly flour one round 9 inch layer cake pan, 1-1/2 inches deep. Pour in batter. In a bowl put 1/2 cup flour, 1/3 cup brown sugar, 1/2 teaspoon cinnamon, 1/4 cup teapsoon ginger and 1/4 cup

butter or margarine. Mix together by rubbing between fingertips, to form small crumbs. Sprinkle over cake batter. Bake in moderate oven, 350 deg. for 35-40 minutes until done. Remove from pan and serve warm. This can be topped with whipped cream.

Common Cause Petitions To End the War

Common Cause, a national citizens lobby with nearly a thousand members in our own congressional district (thirty in Chelmsford) will sponsor a petition drive to end the war. The drive will be held this Saturday January 20 from 9 a.m. to 5 p.m. The purpose of the petition, which will be presented to Congressman Paul W. Cronin, is to gather the signatures of those people in the fifth district who feel that he should support legislation to end the war. Petitions will be circulated outside local supermarkets. Common Cause is a non-partisan citizen's lobby which was begun in 1970 by John W. Gardner, former Secretary of Health, Education and Welfare. It has over 200,000 members and has made significant impact on the government in the areas of campaign spending and party reform. David Broder of the Washington Post said about Common Cause: "Gardner has preceived something few politicians are willing to admit publicly: disillusionment with 'the system' is not confined to the college youths or radicals or blacks. Much of the educated, affluent, middle-class America is equally turned off by government and politics today, distrustful of the ability or willingness of elected officials to meet the problems that plague America. As much as anything, Gardner is seeking to revive a hope and confidence in them."

Common Cause is an issue-oriented lobby, and it continues to work very hard to bring pressure from the people to the Congress to end the war. The petition drive is its latest effort. It is hoped that all Chelmsford residents who want Congressman Cronin to take a stand against the war will let him know by signing this petition this Saturday from 9 a.m. to 5 p.m. If you would like to help circulate the petition or have questions concerning this please call Sally Smith 256-6486.

COMMONWEALTH OF MASSACHUSETTS
HOUSE FOR SALE
(to be removed)
CONCORD

NOTICE TO PROSPECTIVE BIDDERS:
Sealed bids for the purchase and removal of structure in Concord, listed below, will be received in Room 427, 100 Nashua Street, Boston until 11:00 a.m. on Thursday, February 1, 1973, and publicly opened and read aloud in the Auditorium immediately thereafter.
L.O. Order - Parcel "O"
1 1/2 story wood frame dwelling, 3 bedrooms and 3 other rooms, detached 2 car garage. Located about .4 of a mile west of Concord Reformatory Rotary on Route 2, formerly the property of Thomas F. and Alice E. Meehan.
NOTE: All combustible material must be removed and all foundation walls; cellar floor broken into pieces, and cellar hole filled with inorganic material to ground level soon as structure is removed.
SEALED BIDS:
must be submitted on form ROW 612, ROW 042 and accompanied by a fully completed form ROW 610.
SURETY OF \$1,000.00 REQUIRED FROM SUCCESSFUL BIDDER.
A certified personal check or Cashier's check payable to the Massachusetts Department of Public Works for One Hundred (\$100.00) Dollars or Ten Percent (10%) of the Bid WHICHEVER IS GREATER must accompany the Sealed Bid.
BIDDERS ARE CAUTIONED TO ALLOW SUFFICIENT TIME TO INSURE THAT BIDS WILL BE RECEIVED BEFORE THE DATE AND TIME SPECIFIED.
IT IS THE RESPONSIBILITY OF BIDDERS TO INVESTIGATE AND BE POSITIVE THAT THE AUTHORITIES, BOTH LOCAL AND STATE, WILL GRANT A PERMIT TO MOVE THE STRUCTURES TO THE BIDDER'S LOCATIONS.
Structures must be removed by April 15, 1973. No extension will be granted.
Forms are available:
1. At Massachusetts Department of Public Works, Room 804, 100 Nashua Street, Boston, Massachusetts, 02114.
2. On the premises, Friday, January 26, 1973 and Saturday, January 27, 1973 from 9:30 a.m. to 4:30 p.m. at which time the structure will be open for inspection.

The Young Peoples' Corner

Winter Night's Danger

Sitting through the branches of pines,
Along the tree trunks making lines

Snowflakes fall from the starry sky,
Beneath the trees a deer slips by,

Leaving track patterns in the snow,
Through the drifts his progress is slow.

Deep into the pine forest dim,
A cougar waits on a low limb.

The deer passes beneath the tree,
Alert for the danger to see.

As the cougar leaps from the night,
The swift deer turns to flee in fright.

But he is hindered by the snow,
And this time is a little slow.

Crouched there by the light of the moon,
The cougar's fierce cry rings out soon.

Charmaine Kinton

Winter

Winter is fun, out in the sun,
But when it gets cold I am done.

We build snowmen and then we say,
That's all for now, have a nice day.

That cold night we went to sleep,
But every few minutes we peeped

At the melting snow on the ground,
The house was still without a sound.

Behind the big pine tree where,
We built our snowmen over there.

There was a mound upon the ground,
The next day we went out and found,
Our snowmen lying on the ground.

Anne Robinson
North 5B

The Snowman

I like to play around the snow,
And run and run and go and go.

I'd like to build a snowman high,
And give him a left and a right eye.

I'd like to make him look real slick,
So I'll give him two arms, each with a stick.

As soon as my snowman's all done,
I'll go and go and run and run.

Peter Sterpe
North 5B

Winter Fun

You may have to dress-up real warm,
But that's to save you from the storm,
So you can play in the cold snows,
Because your mother surely knows
About that old, old, old saying,
"Better keep warm when you're playing."

Susan Rega
North 5B

Santa's Ready

Ho-Ho-Ho
Santa is ready to go.

He packs his bags all nice and tight,
He is all ready for his flight.

In the dark sky, he waves good-by,
Way, way, way, way up in the sky.

Christmas is on its merry way,

Stephen Graceffa
North 5B

Snowflakes

Snowflakes falling to the ground,
Now they're falling down, down, down.

Soon there will be on the ground,
A white covering down, down, down.

Soon there will be plenty enough,
To build a snow fort strong and tough.

Then I'll build a snowman,
And for a hat he'll have a pan.

Frank Homiller
North 5B

In Another World

If there were another world, I would think it would be another kind of universe where things would be much different. If your Mom would say no, it would mean yes! And if your Dad would say yes it would mean no. And candy would make us grow! Wow! That would be fun. The moon would be the sun and the sun would be the moon. Day would be night and night would be day. In this other world cats would bark and dogs would mew! That would be funny! Horses would moo-o-o and cows would neigh! And fat would be skinny and skinny would be fat. We would see with our ears and hear with our eyes and eat with our nose and smell with our mouth. Work would be play and play would be work. And grown-ups would be small and children big!

But, I like this world better. For being here is the best thing of all!

Learning to skate at the McFarlin School Skating Area, left Diane Pattersen and right Karen Pattersen.

Skating Rink At McFarlin, Roberts Field Near Completion

Clear skies and warm (for January) winter weather drew good crowds to the skating areas at Robert Field and the McFarlin school. Both areas were developed by the Jaycees in conjunction with the Recreation Commission and many other town committees and departments. The work actually began last October when a committee of Jaycees surveyed the surrounding towns to learn how other communities provided recreational skating. The group also examined likely locations in town and finally Jaycee chairman Norm Douglas presented the results to the Recreation Commission. Roberts Field and the McFarlin school were selected for development by the Recreation Commission and the project was underway. Each area posed separate problems and the Jaycees called on many groups for specialized skills.

December, while the area at McFarlin field is half flooded. With the cooperation of the weatherman both areas will be completed by this weekend. At that point, the Jaycees will complete their phase in the project and the town will assume the responsibility for maintaining the ice surface at both areas.

All of the work and time involved has been rewarded by the enthusiastic response of the town to date. Although neither area is 100 percent complete many people have been out skating. The Jaycees wish to thank the many groups which contributed their time and support to this project. By working together we have made a positive contribution to the town.

Enjoying a brisk day skating at Roberts Field are: left to right, Jody Pierce, Shelly Pierce, Janet Kersch, Doug Lawson. Front Brian Pierce.

Mrs. Mary Gagnon (Director of R.S.V.P.) explains plans for a new Referral and Gift Shop for the elderly to Louise Bishop and Lillian Gould of Chelmsford. (Photo by Ruth)

Referral Service and Gift Shop Opens For Elderly

Westford — A group of interested persons from ten area towns, including the towns of Littleton, Westford, Tyngsboro, and Chelmsford met recently with Mrs. Mary Gagnon (Director of R.S.V.P.) and other representatives of Community Teamwork, Inc., and the Associated Regional Group of Councils on Aging to discuss the planned opening of a Referral Service and Gift Shop. This service and shop will be located at the office of the R.S.V.P. (Retired Senior Voluntary Program) at 173 Chelmsford Street in Chelmsford and has been made possible through a federal grant. There is already someone at the Referral Service to answer calls, and the number to call is 256-8748.

John DiPirro, and information and referral specialist with the State Executive Office of Elder Affairs, and Mr. Loring Kew, director of the Lowell Council on Aging.

On the second morning, Mr. Gagnon called for volunteers to staff the referral and gift service, explaining that on a five-day week schedule, each of the towns covered would be responsible for staffing the office and covering the phone two days a month. The gift shop is to provide the elderly of the area with a shop in which to sell handicrafts and other items; while the purpose of the referral service is exactly as the name implies. It is a central office where an elderly person can call no matter what the problem, and this central office will either help him directly, or refer him to whatever agency or service can best solve his particular need. The office will also follow up referral to be sure that the client's need has been appropriately met.

The meeting took place at the Old Oaken Bucket Restaurant in Westford on Monday and Tuesday mornings, Jan. 8th and 9th, and was well attended on both mornings. Speakers at the first session on Monday were

No longer will it be necessary for an elderly person to feel there is "no where to turn". He turns to just this one place, and then things start happening to alleviate his difficulty. The whole procedure is now simple and uncomplicated, a real "helping hand" at the dial of a phone. In some cases, it may be just enough for a person to know that someone on the other end of the line cares and is listening. This makes him realize he is no longer alone and forgotten. He counts and help is available.

Mary Ambrose DAR Good Citizen Rep.

Mary Ambrose, daughter of Mr. and Mrs. Edward Ambrose of 12 Sonora Drive, Chelmsford has been elected Chelmsford High School's D.A.R. Good Citizen representative. Mary is a member of the National Honor Society, Secretary of her Class, Business Editor of the school paper, Girl's Varsity Pep Club and a member of the Student Council.

JC Membership Meeting Jan. 23
The Chelmsford Jaycees would like to invite young men between the ages of eighteen and thirty-six to join their organization. A meeting will be held at the Banqueteer, 225 Littleton Road, Chelmsford at 8:00 p.m. on Tuesday, January 23, 1973 to inform prospective members. If further information is desired, call either Roger Abernathy (256-7191) or Bob Anundson (256-4779).
The Jaycees are a young man's organization actively involved in civic projects at the same time improving the members' leadership skills. These projects encompass a broad scope of activities including town recreation and working with handicapped children. If you feel those activities align with your interests, the Jaycees want you to join their organization.
