The Class of 1966
Proudly Presents
THE LION
Chelmsford High School
foreword

250 North Road
There is something special about this building
It is more to us than an address;
It is the embodiment and personification
of our Youth.
Chelmsford High School
Has seen us as modest victors carrying trophies,
As gallant losers upholding school spirit,
   But always as
   Lions.
Our alma mater
Has demanded all that is best within us
We have given her our utmost
   And then given more.
   Idealistic?
Perhaps, but we hope that this book,
The 1966 Lion,
Will help us remember our days of youth and idealism,
Our days at
CHELMSFORD HIGH SCHOOL
The Class of 1966 Dedicates the Lion to
MISS MARJORIE B. SCOBORIA
for
Her eagerness to assist us
Her careful direction
Her patience in our times of confusion
Her genuine concern for our well-being
Her boundless achievements in her subjects
And her persistent effort to understand our every problem.
Reason is a raw material uniquely available to a human being, although it is precious in itself, it requires, as do most raw materials, a process of refinement in order to be truly useful. Education serves as this process.

A man who reasons recognizes his problems and attempts to solve them; but without education, his reason is often dominated by emotion and results in defeat, leaving him frustrated in the knowledge that he, as himself, is not enough.

The educated man is also frustrated by his incapacity, but uses reason only as a basic tool, employing his learning in an effort to better resolve his problems and increase his understanding. Because education is a continual and contradictory process, it cannot offer sure solutions or pre-fabricated ideas; but through its power over a man's mind, it enables him to see himself as both the insignificant and the marvelous.

Education frees the mind and reason of a human being, thus giving him innumerable visions to pursue. The mind of an educated man, knowing no boundaries in its dreams, sees the realities of its existence and does not despair, but strives to better.

We are now moving into positions of responsibility in a world whose only hope is the education of its people; education measured not in years of study but in depth of knowledge gained; education with which to build, explore, heal, and dream; education to free a captive mind, with this ultimate result:

"Education makes a people easy to lead, but difficult to drive; easy to govern, but impossible to enslave."
Interest and Hope are powerful Emotions. They have somehow brought us and our Advisors through four years of Learning Changing Maturing.

Advisors are people who give of themselves and learn from us—that we must be Strongly Urged and told now and then that We are the Ones who must work. Because no one else will. A PROM WON'T PLAN ITSELF!

For this Lesson—and for the many other things—not Profound perhaps, but Warm and Important. We extend our sincerest Appreciation

December 5, 1948 - April 8, 1963

We looked toward the door
And waited for your arrival.
We waited patiently,
Never quite realizing
That your seat would stay empty.
Not so our hearts.
Still they do not forget
And still your place is empty.

activities
The "66 LION" is the product of many hours of enthusiastic work by a motley crew of crafty skeleton diggers, diligent vocabulary hunters, flashing photographers, skillful artists, and zealous typists. Our yearbook owes much to the unconquered perseverance of Mrs. Poland, the steady guidance of Mrs. Drobnis, and the prodigious energy and leadership of our editor-in-chief, Jane Dahlgren.

Witty sessions of the writing staff were committed to delving into light secrets, twisting words to puns, and pooling information about personalities and activities. The art staff found itself in lively discussions and controversies over ideas and sketches. Photographers dashed around snapping unsuspecting suspects. Diligent typists pounded away striving for perfect copy. The summation of all this actively has resulted in your yearbook.

We hope you have as much fun reading the LION as we had producing it.
The National Honor Society, under the direction of Miss F. Christine Booth, continued in the tradition of the Society — exemplifying the principles of Scholarship, Character, Leadership, and Service.

Following the tradition established by N.H.S., at Chelmsford, the Society entertained the faculty at a tea. This is always a highlight, because, occurring at the beginning of the school year, the tea gives the teachers an opportunity to relax after the strenuous "opening" tasks, and to meet and chat informally with the new faculty members and their hosts, the National Honor students.

Demonstrating their desire to serve, the National Honor students ushered at both 1965 graduation and Open House, held during National Education Week. N.H.S. aided the Town of Chelmsford Scholarship Fund by promoting early ticket sales for the Faculty play, You Can't Take It With You. For the benefit of both students and faculty, the Society continued to maintain the school Coke machine.

One of the most impressive assemblies of the year, was the service at which the National Honor Society initiated the seniors and juniors chosen in 1966 for their scholarship, character, leadership, and service.

According to the custom, the year closed for the Society with the annual banquet — an evening whose memories will be cherished for years to come.

Miss Booth and all the members of the National Honor Society can be justifiably proud of their fine performance in 1965-1966.

Under the leadership of President Everett Olsen and Mr. Robert Dube, advisor, the Student Council has completed another successful year.

This year, as in the past, the Student Council has been active in many school projects. During football games the Council managed the refreshment stand. They also sponsored the paid assembly programs, maintained the bulletin board in the front lobby for Boy and Girl of the Week and underwrote the school store.

The Student Council continued its Welfare Fund for the student body to recognize illness or death.

The Talent Show and the Student Council projects were also very successful.

The Student Council was proud to have Sema Banoglu, our Foreign Exchange student, as a guest at meetings.

The Council members have attended conventions at Maynard High School and Bishop Stang High School.

The C. H. S. Student Council and Mr. Dube are to be commended for a year of great accomplishment.
library club

Our Library is a changing, growing room.

This year the Library Club adopted the following objectives as a basis for wanting to assist in the everyday work of the Library:

Membership:

Any student who wishes to join the library club is eligible for membership, just as he is for any other school club. To maintain membership, the club members should give stated free time to the work in the library, should attend meetings and participate in the club activities.

Purpose:

1. To sponsor a greater interest among the students in the use of books and library service.
2. To stimulate reading interests.
3. To help improve the library service of the school.

Precept:

"Books are quiet. They do not dissolve into wavy lines or snow storm effects. They do not pause to deliver commercials. They are three dimensional, having length, breadth and depth. They are convenient to handle and completely portable."
debating club

Under the able guidance of its new adviser, Mr. Donald McComb, the Chelmsford High Debating Team has had a very successful and most profitable year. The varsity team, comprised of Scott Lawson, Bill Connell, Anne Marie Goggin, and Andrew Bragdon, journeyed to Stonehill College for the Northeastern Massachusetts Invitational Tournament. The topic for this tournament, as well as for the year, was resolved: That the Federal Government Should Adopt a Policy of Compulsory Arbitration in Labor-Management Disputes in the Basic Industries.

In as much as a formal league has not been set up as the yearbook goes to press, there has been little inter-scholastic competition. There have been, however, many intra-mural debates covering various topics including labor-management relations and fluoridation.

We of the Yearbook Staff wish the Debating Team the best of luck in future competition.

Under the direction of Miss Jane Reen and Mr. Malcolm Hamilton, the Dramatics Club fulfilled many functions this year. Many members became involved in the Talent Show, either participating in the production or working on the committees. Some very capable people aided the teachers in their production of You Can't Take It With You. The spring production of Lute Song involved nearly one hundred members. The play, which holds the stature of a Hamlet, was well received and much comment was made particularly about the elaborate costumes and the authentic touches in the set. After another year of hard work, the Dramatics Club is looking forward to a summer’s vacation and another active season next year.
Under the able direction of Mr. and Mrs. Carpenter, the staff of *Potpourri* has reached its goal in publishing another first-rate magazine.

Editors Jacqueline Oakes and Brenda McIntosh have proven themselves most competent in their search for talent, in their editing of material, and in their organizing of work and workers. Many students with varied talents — writing, illustrating, typing, merchandising — have pooled their efforts to produce a magazine of value.

*Potpourri*, with its original stories, essays, poems, and drawings by CHS students, provides not only valuable publishing experience to students but also an outlet for their creative expression.
press club

The Press Club serves as a direct link between the high school and the community. Members of the club send news of the high school to the two local papers, the Chelmsford Newsweekly and The Lowell Sun. The school column appears weekly in the papers.

Reporters and typists for the club are Judy Frediani, Claudia Carrington, Ann Marie Goggin, Donna Colton, and Joyce Petro. Advisor to the club is Miss Janet Cook.
future teachers of english

Mrs. Carriel’s English office runs more smoothly through the efforts of the Future Teachers of English. This club aids the English Department by correcting papers, filing, cataloging books and working with the library club on the annual book fair. Formed for self-improvement of perspective teachers, the club has the opportunity to see our school from the vantage point of the teacher. They gain experience from their work in the English office and discussions with the teachers.

This year the club met once monthly for regular meetings and work shop. The club members are Julia Barrows, Cathy Clark, Ann Marie Goggin, Ann Flitcroft, Jeanne Flitcroft, Mary Guaroldi, Donna Perkins, and Jayne Serwin. At the October meeting the club elected Mary Guaroldi, President; Donna Perkins, Vice President, and Ann Marie Goggin, Secretary-Treasurer.
Under the capable leadership of Mrs. Charlotte Carriel and Miss Martha Kinneen, the yearling English Council has again contributed to Chelmsford High's English Department and to the student body as well. Every activity connected in any way with the English Department is represented in the Council by two of its members.

The primary purposes of the English Council are as follows:

1. To inspire increased student interest in the entire English program,
2. To correlate and supervise all English activities,
3. To present the functions and goals of each group to all other groups for better understanding,
4. To develop more inclusive and better integrated plans for each,
5. To sponsor better teacher-student relationships, and
6. To discover and encourage new activities for the English Department.

This year, 1965-1966, showing progress toward these goals, suggests the growing importance of this Council.

speech club

Under the capable leadership of Mr. T. P. Elliott-Smith, the Speech Club, explores such forensic activities as extemporaneous speech and the interpretation of prose and poetry. The members of the Speech Club have participated in the Massachusetts Secondary School Speech League, attending the preliminary contest at Andover High School and the finals at Dighton-Rehoboth Regional High School. In April, they were contestants in the speech contest at Suffolk University and in May, the Massachusetts Public School Speech Tournament. These contests have built in the members a poise and confidence which will be as valuable in later life as it is now.
Under the energetic leadership of Mr. John Jarema, the Key Club offers a varied program of activities. Many useful projects were performed around the school and the town by the Club this year. These projects ranged from contributing to the Student Councils’ Needy Family, and selling programs at football games, to showing support for those fighting in Viet Nam.

The goal of our organization, like that of all other Key Clubs, is the development of initiative, leadership, and good citizenship practices among the youth of America.

school store

Open for business every morning, Chelmsford High's school store offers to the student body such interesting merchandise as stuffed animals, polka-dotted rain-hats, and sweatshirts, in addition to the regular bookstore items. Under the direction of Mrs. Geraldine Gormley, the Retail Merchandising students are responsible for the general planning and organization of the venture. The active selling function of the store is carried on by Marjory Beers, Carol Bonseignor, Linda Whaton, and George Peterson.
This year, full leadership of the Science Club became the responsibility of Mr. Donald McComb. The main objective of the Science Club is to expose interested students to facets of each branch of science, with the help of films and guest speakers. The current members have enjoyed such activities as viewing films concerning the evolution of man and hearing a guest speaker's talk on computers.

The climax of this extra curricular training is the annual Science Fair, during which each member is called upon to present his research and experimentation in one topic which has particularly interested him. Thus each participant gains valuable experience in collecting and presenting data, an ability which is becoming increasingly important in today's world of science. The projects always vary much in topic covered and in form, but they all accomplish one very important goal, that of enabling each member to undertake individual research. The satisfaction gained from this one achievement has proved to be a great stimulus for the Science Club's ever-increasing membership.

The Math Club, under the guidance of Miss Marjorie Scoboria, had a very successful year. During the course of the year, each member had an opportunity to investigate and report on one of the many diverse topics included in Mathematics. Chelmsford's Mr. Nolan gave an interesting talk on shortcuts in Math, and Mr. Richard Miller, formerly of RCA, discussed computer programming. At the end of the year, the students visited a computer laboratory and acted as hosts for visiting lecturers. One of these, Professor Francis Scheid from Boston University, gave some fascinating talks with unique subjects such as — “Square Circles,” “The Famous Tape Problem,” and “Random Numbers.” All in all, the year was a most profitable one for the members of the Math Club.

Once again Chelmsford is participating in the Massachusetts Mathematics League by sending ten students every month to one of the member schools for competition in all fields of mathematics taught at the secondary level. Each of the ten contestants from each school takes three tests with three problems each and is allowed only ten minutes for solving each test. The problems, submitted by the schools, vary from simple math word problems to difficult trigonometry. We are looking forward to an excellent standing in the League this year under the direction of Mr. Joseph Ford and Mrs. Marilyn Carey.
photography club

A small but active membership has been the case of the photography club’s program during the school year. Members have been engaged in the developing and enlarging of film and prints during and after school.

The more experienced members have instructed the newer participants in the five points of darkroom technique.

The club is open to all students during study periods and after school during the week.
To increase understanding and to promote friendship among young people of today's world is the goal of the American Field Service.

Although established only a few years ago, the Chelmsford chapter aided by their active sponsoring group of interested parents and their advisor, Mr. Anthony De Biase has done much to broaden our horizons and to increase our knowledge of other people. It is one matter to speak of international understanding and quite another to acquire this knowledge through actual contacts with students of other lands. We have been privileged this year to have as our friend and ambassador from Turkey, Sema Banoglu. Last summer, Ann Cooke carried our friendship and good-will to Germany and brought back a wealth of information which produced a greater knowledge for us of things German.

We look forward to another summer ambassador from Chelmsford to another country and next year a new friend from beyond our borders to acquaint us with another new world.

As the largest of the school's musical groups, the Girl's Glee Club proves that quality and quantity can and in this case do, go together. The Club, which is open to anyone wishing to join, provides an outlet for any girl who wants to learn more about the technical aspects of harmony and voice while enjoying the satisfaction that singing with a group can bring.

Under the capable direction of Malcolm C. Bessom, the members sing such numbers as "They Call the Wind Maria", "If I Loved You", and "Speak Low" in three-part harmony. The calibre and potential of the Girls' Glee Club is well evidenced by their performances and the spirit with which they sing.
concert choir

The Concert Choir is a select group of mixed voices which seems to turn out consistently fine performances and entertainment with each year. The group performs pieces of beauty with skill and flair, an experience which the ordinary listener merely enjoys, but the practiced ear detects the difficult harmony and work that is put into the presentation of each performance.

With its director, Mr. Malcolm E. Bessom, the choir has performed at the Christmas Concert and contributes each year to the graduation exercises by making them even more inspiring through song. To its members the choir presents a challenge and a rewarding activity; to its audiences it presents true musical talent.
To be a member of the Madrigals is to possess musical talent, the will to work, and the unique satisfaction that is gained in qualifying for this, the school’s most select musical group. This well-blended combination of skilled voices and dedicated direction has produced a sound notable for its harmony, and artistic presentation. The process of selectivity necessary to become a member of Madrigals enables the group to send many of its members to highly competitive regional concerts and at the same time provides a very different listening experience for its audiences at home.
Whether "belting out" a blues or "stomping out" a march, the band under the direction of Mr. Martin D. Enis has always been a credit to Chelmsford High School. Remember the variety of the football half-time shows, the spirit of the Christmas concert, the camaraderie of the concerts with the band of Dumont, N.J., the solemn marching on Memorial Day, and that final rendition of "Pomp and Circumstance" at graduation. "Mr. E" has always done an excellent job with his outfit and in days to come we will recall, with pride, memorable experiences of a very successful year.
The Chelmsford High School Twirlers have added, once again, color and excitement to the football games with their sprightly and vivacious routines. Under the direction of Miss Nona Redding and Captain Carole Beauchamp, many new maneuvers for the flashing batons and the high-stepping white boots were developed to give an eye-catching new look to the halftime performance and to stimulate popular enthusiasm for all things Chelmsford in Sports.

When on parade the twirlers get their cues for their routines from the experienced baton of Drum Majorette Jan Titsworth. The acrobatic routines of Patricia Sullivan enhanced the performances of the twirlers and added to the pleasure of the spectators.

The Chelmsford High Twirlers close their 1965-1966 year with a sense of pride in a job well done. The seniors will long remember games, pep rallies, Memorial Day, and perhaps most of all those practices in the parking lot escaping teachers backing out, pupils driving in, rubbish trucks, and so on.

They have done it again! The Chelmsford High School Cheerleaders for the 1965-1966 season have added that extra spark, that scintillation which makes all of Chelmsford’s sports program outstanding.

Under the leadership of the two Donnas — Adams and Sharpe — and the guidance of Mrs. Nancy MacDougall, the girls cheered our football and basketball teams on to championships in both sports in the Merrimack Valley Conference.

Our “Lioness”, Fran Doherty, we can not forget, for she added that final distinctive touch to our performance wherever she went.

To the Cheerleaders we wish to express our appreciation for the long hours they spent in preparing and perfecting the routines with which they delighted us and our hope that they will long remember the class of “66” whom they so successfully led to victory.

Under the superb coaching of Mrs. Nancy Edwardson, the Chelmsford High School Field Hockey Team has proven its strength and capability by winning the new Lowell Suburban League Conference Championship. All of the members of the team are to be commended for their fine work. Our sincere congratulations go out to our co-captains, Debbie Hordian and Kathy Quinn, for a fine season and sincere good luck to next year’s co-captains, Linda Marchand and Sue Quinn.

Our J. V. team deserves warm congratulations also for a very successful season. Under the fine coaching of Miss Mary Anne Sullivan, and co-captain Mary Craven and Pam Frank, the team was scored upon but once during league action. The J. V.’s have had a very profitable year and many members are now ready to be active varsity players next year.
This year's Lions roared to a very successful season under the direction of Head Coach Thomas Eck and Coaches George Klesaris and Peter Sullivan. Captain Brian Campbell lead the team to the Merrimack Valley Conference championship. The team showed well-rounded power, performing exceptionally in tough situations. Finishing the season with a record of seven wins and one loss, upset only by Methuen, the team played their best against Andover and Dracut, also two fine teams.

Seniors putting in a good season were Captain Brian Campbell, Arnold Holtberg, Walter Hedlund, Thomas Palmer, John Long, Neil Robinson, Jay Finnegan, Charles Ferreira, James Duffy, Michael Rooney and Dan Gleason.

The starters were backed up by a strong bench which showed new prospects. Coach Eck has a good start for a fine team next year to keep up Chelmsford's "winning tradition."

Chelmsford 0 .............. Methuen 6
Chelmsford 17 .............. Tewksbury 0
Chelmsford 7 .............. Andover 0
Chelmsford 20 .............. Wilmington 0
Chelmsford 13 .............. Dracut 12
Chelmsford 27 .............. Burlington 0
Chelmsford 25 .............. Billerica 0
The Chelmsford cross-country team finished with an impressive 7-2 record, good enough to place third in the Merrimack Valley League. Under the training of Coach Ed Quinn and with many gruelling work-outs, the CHS harriers built themselves into top condition for long distance running. Mainstays of this year’s team were Captain Jim Durkin, Dick Weeks, Dave Ingalls, Charlie Harrison, and Phil Ralowicz. Turning in outstanding performances for the Jay-vee team was Steve Ralowicz.
A league standing shows a team's record only and does not reveal long, strenuous hours of practice and spirit that is necessary for a team to work well together. This is especially true of Chelmsford's two-year-old hockey team which, had the puck bounced the right way for them a few more times, might have finished much higher than they did. Proof of this is the fact that for the first half of their sixteen game schedule the scrappy Chelmsford Skaters scored more goals than any of the other teams in the league.

Under Coach Pete Melchiono the team whipped Ipswich three times, Wilmington once, and non-league Nashua once. Some of their losses were close contests and Chelmsford made such teams as Masconomet, Billerica, Burlington, and Wilmington earn their victories.

By graduation the team will lose Captain Chuck Ferreira, Tom Palmer, Ed Lemire, Gary Mitchell, John Long, Bill Hill and Dick Siebert, but the returning members show much promise and should make next year's team a playoff contender.

boys' basketball team

Under the leadership of Coach Henry McCarthy and Captain Richard Weeks, Chelmsford High's basketball team completed another outstanding season. The Lions won the Merrimack Valley Conference Championship with a great 15-1 record. As a result of having such an excellent season, the Lions advanced into the Tech Tournament and went all the way, winning the Class C Championship. The Lions were also the first team in the Merrimack Valley Conference to participate in the State Tournament.

In the first Tech Tourney game Chelmsford defeated St. Clement's of Somerville 88 to 67. Captain Dick Weeks led the way with 33 points in this game.

In the second tournament game at Natick, the Lions came through with a big win of 53 to 45 over Holy Family, the pre-tourney favorites. The team advanced to the semi-finals at the Boston Garden and played Middleboro. The Lions had to scrap to pull the game out 56 to 55. Arnie Holtberg led the way in this game and scored the deciding point. In the finals the Lions played Sharon and handily defeated them 60 to 45. Rick McKinnon turned in an outstanding performance scoring 30 points.

As a result of winning the Eastern Mass. crown, the Lions qualified for the State Tournament where they faced Drury High of North Adams, the Western Mass. Champs. Despite a fine performance, the Lions went down to defeat 66 to 59. The team finished with an excellent 20-5 record.

The J.V.'s captained by Phil Campbell and Ed Tabor and coached by Don Heylinger also enjoyed a fine 12-8 season.

The Freshmen, under Coach Victor Daley, gained valuable experience from this year's work on the courts.

"Good passes, hustle and drive!" — the key words that have brought us through from our first practice to our last game. Under the inspiration and leadership of Coach Nancy Edwardson, and Co-Captains Sue Thorstensen and Donna Gray, the team experienced a short but exciting season. We saw fine defensive blocking by back guards Kathy Pounder, Bonnie Woodward, Donna Colton and lots of hustle from rovers, All-star Barbara Loiselle, Janice Henry and Joyce Petro. Stationery forwards Co-Captains Donna Gray and Sue Thorstensen, Barbara Wolfe, Barbara Dixon, Joanne Loiselle and Mary Craven rounded out the twelve member team. Although we lose six seniors this June, the prospects are good for an excellent team next year. We wish Coach Edwardson and the team the best of luck.

The Junior Varsity coached by Miss Sandra Patterson and led by Co-Captains Sue O'Brien and Hazel Buckingham finished high in the season's league standings.
baseball

Last year's Chelmsford High School baseball team had a very successful season. Coach Dave McPhelim looked to the future, fielding a young team. His strategy paid off, as this year looks to be a "peak year", for CHS baseball Captain Arnie Holtberg is a big part of the nucleus of the well-rounded ball club. It is hoped that more fans will turn out to support the team.

The Junior Varsity coached by Mr. Peter Melchiono continues to produce fine talent for future varsity competition.

There will also be a freshman team for the first year.

As the yearbook goes to press before the season starts, all we can do is wish the boys the best of luck.
The 1965 Softball team, under the direction of Mrs. Judith Pollock, was undefeated. The girls have continued their winning streak for six years, and they remain undefeated. The hard working co-captains were Joyce Fetro and Barbara Loiselle. This year's team will be under the direction of Miss Sullivan. Best of luck to this year's team.

With three meets remaining, the Chelmsford High indoor track team has high hopes of finishing third in the highly competitive Tri-County League, a ten-team Boston league containing such Class A schools at Catholic Memorial and Archbishop Williams. The captain of the team was senior Scott Scoggins.

Turning in outstanding performances for Coach Ed Quinn were Dick Scoggins who has been undefeated thus far in league competition in the 45 yard high hurdles and Brian Hayden, undefeated in the 600 yard run. Jim Durkin placed third in the 1000 yard run in the state meet at Boston and Brian Campbell placed third in the shot-put.

Looking to spring track, the Chelmsford High team, which has been undefeated for the past four years and league champions over that time, will have to battle new-comer Andover for this year's title.
The 1966 Chelmsford High School Golf Team has an excellent reputation to maintain, as the '65 Lions placed 7th in the State Tournament at Framingham. They acquired a 12-5 record by defeating the teams of such schools as Keith Academy and Lowell High. Individuals who qualified in tournament play were Ken Leclair and Steve Conrad.

Returning to tee-off again this year are Art Miller, the '65 captain; Mike Walters, Ken Leclair, Mark Haire, Steve Conrad, Warren DeSaunier, and Bill Bruttaniti. From among these will be chosen the '66 captain who, along with coaches John Conrad, Jr. and John McLaughlin will represent Chelmsford on the greens.

"May they have many holes-in-one!"
Wrestling, a sport very recently added to the CHS program, has added more laurels to the school record. Although this is the first year that Chelmsford High has been represented in league wrestling, our "matmen" won third place in the Greater-Boston Regional League. Under the guidance and leadership of Coach Pete Sullivan and Co-captains Jim Younk and Dan Gleason, our team claimed victory by defeating the teams of schools such as Winchester, North Reading, Lawrence Academy, Malden, and Lexington.

Our wrestlers, as newcomers to the league, started at the bottom and worked up. This did not come easily. The boys were required to practice long hours after school and even some week-ends to develop skill that would maintain the winning tradition of our school, which we hope, will be continued with the return of many of our wrestlers next year.
weightlifting

This relatively new club, under the direction of Coach David Kerry, has proved to be of great value to its many members. The boys work out four times a week in order to gain and to maintain physical excellence. An important factor in the club's success is devotion, for it is especially important that the participants follow a strict, well-planned schedule.

Most of the members are active in major team sports, but membership is not limited to these boys alone. The club is coordinated with the various sports seasons; thus members of the track team may work out to improve their endurance, the wrestling team to improve arm strength, and so on. Specific exercises are carried out in the corrective room at least once a week, and are mandatory for all sports members; therefore, the numerous weightlifting activities may be instrumental in our winning a vitally important football or basketball game.
One of the newest groups at Chelmsford High School is the Gymnastics Club, formed under the energetic direction of Miss Mary Anne Sullivan. The club, one which shows every promise of becoming an organization of high caliber, is open to all, skilled performers as well as novices. Each member has equal opportunity for instruction; each has equal opportunity to develop her skills.

This season was highlighted by a formal gymnastics demonstration with boys as well as girls participating. The demonstration included not only the basic aspects of gymnastics but also various competitive events.

The Gymnastics Club has completed its initial year in a competent manner. With the growing popularity of the club, continued success is assured in the years ahead.

Your feet can't be THAT big?

Now what IS that Bunny's address?

Don't breathe and you won't smell it!

You KILLED it!

Double, double toil and trouble...

20 words a minute—FULL SPEED AHEAD!

Weell—Johnny Appleseed grew them!
CRUNCH... Hey I found your contact lens!

Your halo slipped, Steve.

Can't see the mirror in here, either.

All right, all right you don't have to take a shower.

Applejacks will NOT be sold to bullies!

Haven't changed a bit!
Why does she have to stand HERE!

Neatness personified

Typical CHS students

I like the real thing better.

Hooray! for Beefaroni!

I will NOT move it again!
Pond’s Seven Day Beauty Plan works wonders for everyone.

Just testing the effect of Amphibians on humans

Ok smartly you try to draw it better

He died

Gosh, I thought it was pre-shrunk

Look what I found in the locker

Please let the cheerleaders sit with us on the bus
CLASS ODE

Now we stand on the green of the hill
And the gold of the mountains calls afar
Up misty paths we'll venture till
We reach the light of our radiant star.
Upon this hill of knowledge gained,
Of friendships made, of memories warm,
We've seen the whims of childhood wane
And watched our future goals take form.
Though the paths we choose may all diverge,
Our purpose will be one:
To satisfy the faith of those
Whose hopes we have begun.
Should our ideals be compromised,
Our future goals with time replaced,
We still will strive to realize
Results that time will not efface.
