We are entering a new age, an age of challenge, constantly vying to achieve and reaching toward new frontiers. Chelmsford High School has provided the opportunities that have called on us to fully use our individual abilities, energies, and resources. This building is a monument of our achievements, but it is within its corridors that we have attained our successes. Here, by means of exertion, skill, practice, and perseverance, our desired outcomes have become realities. Success has been our reward. The students, faculty, academics, and extra-curricular activities at Chelmsford High School are representative of this fact. Four years have prepared us for what lies ahead, a future whose only boundary is one’s imagination.

Best Wishes for a challenging and successful future,
The 1985 Lion Editors

DEDICTION

A Letter to Our Friends

Dear Ms. Aguiar, Ms. Demaras, and Ms. Ingalls,

How do we begin to thank three totally unselfish people for completely giving of themselves? During the past four years, your wisdom and understanding have shown us new horizons. The more need we had, the more support, sacrifice and smiles you gave. Whether the job was a menial task or a huge undertaking, we knew that you would organize and guide us.

We have often wondered how you survived it all! Why didn't you ever lose patience? Weren't you ever tired? Why didn't you ever say "no"? Many times we fell; how often you helped us experience the joy of rising. We can show our appreciation?

Sharing our trials and tribulations has created a special bond. For us, you were true educators — providing challenges and teaching how to succeed. Our gratitude deepened each time.

We came to you as young people of promise. After four seasons with you, we cross the threshold into womanhood and manhood. It is our privilege to dedicate THE 1985 LION to three most dedicated class advisors.

Fondly,
The Class of 1985
OUR DEDICATED CLASS ADVISORS

Ms. Demaras prepares for a lab. Debbie asks Mr. Ingall's advice. Ms. Aguiar can solve any problem.

The advisors are always available to guide... to listen... and to give... a friendly smile.
The Class of 1985 is special. We are the first class to be a part of Chelmsford High School for four years. In these four wonderful years, friendships have been formed and goals have been reached. Each year has been filled with individual challenges that are never to be forgotten.

As freshmen, we were frightened at the unfamiliar surroundings. It was not just the huge building that was so intimidating; it was all the new faces, too, that were so overwhelming. Five hundred sixty-two of us brought together our different personalities and backgrounds. It took some time, but we unified to become unique.

As sophomores we were more confident. This was the year for involvement in clubs and sports. The everyday schedule was now a routine and our struggles from the past year had paid off. Some of us got too sure of ourselves and dared the unthinkable ... remember the class trip to Canobie Lake Park?

Our relaxing sophomore year was quickly forgotten as we became juniors. Pressure closed in on all sides as homework, tests, lectures, reports, SAT's, and college information boggled our brains. Yet there were easy times, too. Class spirit rose as many participated in the successful Rainbow Collection Drive, the Candy Drive, and the Beach Party Dance. The event that topped off the year was, of course, the Junior Cotillion with four hundred in attendance.

Entering our senior year, we had more money than any other class had raised. What an achievement! We also participated in many successful activities, like the Magazine Drive and the Halloween Dance. Certainly, memories of Senior Week will be locked in our hearts forever.

Of course all this would not have been so special if it had not been for the class officers: Michelle Adams, Vice President; Melanie Lemieux, Secretary; and Julie Burns, Treasurer. If it were not for their constant help and support, I never would have made it! Also, I want to thank the best advisors and friends a class could have: Ms. Ingalls, Ms. Aguiar, and Ms. Demaras. They gave us guidance and a shoulder to cry on when the going got tough. Finally, thanks to the class representatives. Our successes were fruitful because of their time and energy.

Our experiences at Chelmsford High School, whether frightening, happy, exciting, or fulfilling, will be cherished. We will often find ourselves looking back on our challenges and achievements in The 1985 Lion.

It is not easy to leave the familiar surroundings of Chelmsford High School. We will forever remember our times together — learning, growing, and living — and everyone happiness. May the future bring new hopes and new dreams. We will never be together again; may you never forget the wonders that the Class of 1985 brought to the school.

Vicki and Tanya hanging out.
THERE IS NO DEATH
There is a plan far greater than the plan you know;
There is a landscape broader than the one you see.
There is a haven where storm-tossed souls may go —
You call it death — we, immortality.
You call it death — this seeming endless sleep;
We call it birth — the soul at last set free.
'Tis hampered not by time or space — you weep.
Why weep at death? 'Tis immortality.
Farewell, dear voyageur — 'twill not be long.
Your work is done — now may peace rest with thee.
Your kindly thoughts and deeds — they will live on.
This is not death — 'tis immortality.
Farewell, dear voyageur — the river winds and turns;
The cadence of your song wafts near to me,
And now you know the thing that all men learn;
There is no death — there's immortality.

JINGLE BELL ROCK

'Tis the season to be jolly!

Visions of sugar plums danced in their heads.

Mr. Simonian and Mary take time out for a chat.

Our lovely advisors receive flowers.
All that dancing worked up a thirst. Wendy Marshall and Bill Campbell were crowned Queen and King.

The happy holiday season is reflected.

The holiday spirit smiles upon us.

The space shuttle allowed man to walk on a new frontier.

1984/85 proved to be a time of change in many respects. New frontiers were further challenged by man and machine, augmented interests in the entertainment field were evident, and a restored sense of nationalism was apparent.

Vietnam Veterans received well-deserved recognition for their heroism.

...1984/85 contained many hardships; yet, hope prevailed. Duty was sometimes costly, but reasons often justified the cause and made pain more bearable. Recognition was given to those who lost their lives in defense of these convictions, while assistance was given to those who might someday travel the new frontiers.

The Marines came home.
The Class of 1986 delights in challenge. We challenge our parents, our teachers, the rules, and each other — daily. This should not be seen as disrespect, but as a searching for identification, a willingness to take part in a contest — we lay claim on the world around us and seek our just role. We are filled with contradictions in a contradictory world. We will challenge what we cannot accept as ours. We will dare to create an alternative. If the rules do not apply, we will examine and re-write them, if necessary, so that they apply fairly to all. We challenge Chelmsford High School to teach us, to prepare us for what lies ahead. We do not want to stumble, but we will — even without your help. Life offers many challenges to us as individuals. Its greatest — the challenge to be one among many, belonging, and still being me. And it is with the guidance and leadership of our advisors, Miss Michelyn Scarpetta and Mr. John Morse, that we meet, accept, and accomplish our challenges.

The Class of 1987 is one of the largest to pass through the halls of Chelmsford High School. Although large in size, the students are friendly, cooperative, and personal. They are always ready to accept challenges through a united direction. Positive of leaving their mark in the annuals of the school, the students are anxious to follow the strong traditions of preceding classes and hope to make their four years at Chelmsford High School a time to fondly remember in the years ahead. As their advisors, we, Mr. Edmund O'Shea and Mr. Bernard Queenan, are eager to help them make these years memorable.

The Class of 1988 is enthusiastic and fun-loving. Its members are very supportive of both school and class activities. The class representatives provide effective leadership in challenging the class members. The class advisors, Mrs. O'Bryant and Miss Tanguay, are most pleased and impressed with the spirit of cooperation shown in the efforts of all the class members in supportive functions such as Freshman Get Acquainted Pot Luck Supper and candle sales and in meeting the challenge to help others through the turkey drive, Santa Fund, and toy drive. The members of the class are generous, thoughtful, and a pleasure to work with in class activities.

FRESHMEN CLASS REPRESENTATIVES

I'm good enough for a solo shot, right?

Don't look in your locker; a book is eating your hand!

Try to look interested, okay?

Hey, is it alright if we get to hear this joke?
Yes, freshmen are smiling people, too!

Are you talking to me?

If we pretend they're not there, maybe they'll go away.

Thanks, Mom; you made my day!

At least one person knows what is going on!

Doug Flutie and B.C., all the way!

I love it! What is it?
When we welcome an incoming freshman class to Chelmsford High School, one of our most important commitments to the young adults is to help them develop a personal commitment to meet the challenges facing them during their high school years and to build the foundation necessary to meet challenges beyond graduation. These challenges come in a variety of forms: personal integrity, honesty, and dependability; social responsibility, involvement, and commitment to fellow-man; intellectual curiosity, independence, and maturity.

In the last four years, the Class of 1985 has demonstrated in a most serious fashion that it accepted the challenge of meeting challenges and is leaving a model of maturity, integrity, responsibility, commitment, and involvement for underclassmen to follow. This is the finest of gifts that any class can ever dream of leaving. It is not only a gift but a legacy.

As you leave Chelmsford High School, you take with you the qualities that will continue to make you a success. For what you leave to Chelmsford High School, you have our deepest thanks. Wherever you go and whatever you do, you have our prayers and very best wishes.

It has been my privilege to serve as your Principal.

Most sincerely,

George Simonian
Principal
As you leave Dickinson House and Chelmsford High School to enter a new age of challenges that will lead you to new and exciting frontiers, my best wishes for continued success go with you. I sincerely hope that we have fulfilled your expectations of us, but most importantly that you have fulfilled your own expectations. Together, we have met with success — we have faced problems straight on, never once running away from them — we have cried together — we have laughed together ... In short, together, each and every one of us, students, staff, and Dean, we have spent another year of our lives maturing and growing just a little bit more. As we part, I deeply hope and pray that the importance that we all carry within ourselves became for you also the basic ingredient of all lessons to be learned in Dickinson House and at Chelmsford High School.

The Emerson House staff is dedicated to assisting each individual to attain his or her desired goals. By recognizing and accepting individual differences, a team effort among administrator, faculty, support staff and student works toward this end. In the final analysis, however, it is the quality and sincerity of effort on the part of the student that ultimately determines the degree of success that is attained. Emerson House, its staff and resources, need only be tapped by the willing worker to find that success.

I sincerely hope that Chelmsford High School has prepared the members of the Class of 1985 to meet your goals and expectations for the next plateau of your career. The next century will well prepare young people to help keep this country young. I challenge you to do the following: get involved in your community — especially in the education of your children and your children's children, vote, don’t drink and drive, and find a job you really enjoy doing.

The Class of 1985 and especially these Whittier House students have given me many enjoyable moments. I hope the best things will happen to and for you.

Remember, every day has a smile in it — find it!

Athletics, a vital part of the overall curriculum at Chelmsford High School, provide valuable lessons to all our student-athletes. Meaningful education gained from athletic competition will directly relate to the many challenges these athletes must confront in their lives after graduation.

Our student-athletes learn that success comes only after dedicated preparedness; that the contest must be played in strict accordance with good sportsmanship and adherence to rules; and that they must learn from victory and defeat.

We hope that our graduates will look back on their experiences in Chelmsford High School athletics and know that their lives were subsequently enriched.

Sincerely,
Randall S. Whitehead

When you entered Chelmsford High School four years ago as freshmen, an abundant amount of advice was offered you by parents, siblings, peers and teachers. Perhaps you can recall my words to you at your orientation. I advised you to become involved in the life of Chelmsford High School by participating in one of our activity programs. The extensive offerings described in detail that day were so diversified that there was at least one activity to appeal to every student who desired to become involved in the school life out of the academic setting.

Our activity program is far-reaching. The advisors give unselfishly of their time, energy and expertise in order to open new experiences for the student body. Your activities have called on you to represent our school in New Orleans, Baltimore, Chicago, Boston, Dallas, Venezuela, France, Canada, Italy and England to mention but a few places. In every instance your parents, the community, and we at the High School are proud of the positive impression you have made in these distant places. You have brought recognition and honor to our school through your performance and achievement.

Taking advantage of the extra-curricular offerings, many of you have developed interests that will continue in your adult lives.

Sincerely,

George J. Besees
Assistant Principal
NATIONAL HONOR SOCIETY

National Honor Society membership is by invitation and is based on the four criteria of scholarship, service, leadership, and character. The Chelmsford Chapter, established in 1952, elects to membership fifteen percent of the senior class and ten percent of the junior class. Members must maintain a scholastic average of an eighty-five or better.

FRENCH HONOR SOCIETY

The French Honor Society is comprised of juniors and seniors who have maintained an A average in French for three consecutive semesters and an above average performance in other subjects. New members are initiated each spring at a ceremony attended by parents, teachers, and administrators. The Society provides tutoring for French students.

AMERICAN FIELD SERVICE

The A.F.S. Club of Chelmsford High School is one of the most active A.F.S. Clubs in the country. Our chapter currently has fifty members. This student organization has as its major goal the desire to bring about world peace through a greater understanding of the different peoples of the world. The A.F.S. Club has several very successful fund-raisers during the year. Members also participate in a four day short-term Exchange Program with an A.F.S. Student Club from a different part of the country.

SPANISH HONOR SOCIETY

The goal of the Spanish Honor Society is to reward academic excellence, especially in the study of the Spanish language. Sophomores, juniors, and seniors who meet the academic requirements are inducted each spring into the Honor Society. Members assist in activities planned for the Venezuelan Exchange and offer tutoring to Spanish students.
The first year of the British Exchange Club has been a very exciting one. Fourteen of our students journeyed to England in October to begin an educational exchange with the Sixth Form College at Wyndham School in Egremont, Cumbria. While attending school there, students also visited London, Edinburgh, Scotland, Blackpool and the beautiful Medieval city of York. Much history and culture was learned on this exchange and many close friendships were formed. Exchange students are anxiously anticipating hosting the British students when they visit C.H.S. in the Spring.

The French Exchange Club is the official organization to plan and coordinate the annual exchange of students between Chelmsford High School and Lycee Henri Poincare in Nancy, France and Lycee Auguste Bouvet in Romans, France. Membership is open to all students who wish to promote understanding between the two cultures by planning the American program for the French students.

ITALIAN EXCHANGE CLUB

The Italian Exchange Program is conducted jointly by the Foreign Language and Social Studies Departments. Students are introduced to the Italian language the year prior to their departure to prepare them for living with an Italian family. In addition to the cultural and personal experience, it is expected that the students will acquire a deep appreciation of Ancient Etruscan, Roman, and Italian Renaissance history and culture. The ancient Etruscan town of Tarquinia is Chelmsford's current link school in Italy.

VENEZUELAN EXCHANGE CLUB

What is an exchange? It is learning a different language, new words and expressions. It is eating strange food, meeting new people, making new friends. It is sharing thoughts and feelings. What makes it possible for all students at Chelmsford High School to share in this kind of exchange? The Venezuelan Exchange Club provides this opportunity. This year the club hosted fifteen students from San Vincente High School in Barquisimeto, Venezuela and sent fourteen students to Venezuela to represent Chelmsford High School.
DEBATE TEAM

The Debate Team researches the national debate topic and participates in tournaments throughout New England. The team is affiliated with both the Massachusetts Forensic League and the National Forensic League.

SCIENCE CLUB

Members of the Science Club have visited Framingham State College and have seen opportunities and training in food science, computer science, and astronomy. Students visited the Smithsonian Observatory to see many types of telescopes and their uses. The latest visit was to a geophysical laboratory in which many scientists in many fields work in co-operation of our national defense. Computer designing, laser operation, nature studies, and a weather bureau are in our future plans. Modern methods of technology and their use is very eye-opening.

S.T.O.P.

Students and Teachers Organized to Prevent Nuclear War (S.T.O.P.) is an organization formed to address the major political concern of our time: the threat of nuclear war. S.T.O.P. is a nation-wide network of high school students and teachers involved in the citizens' movement to reverse the arms race. S.T.O.P. goals are to educate and involve students, teachers, parents, and the local community about the nuclear arms race.

S.A.D.D.

The goals of the Students Against Driving Drunk are: to help eliminate the drunk driver and save lives — to alert high school students to the dangers of drinking and driving — to conduct community alcohol awareness programs — to organize peer counseling programs to help students who may have concerns about alcohol. Chapter members dedicate their time and effort to promote these goals and conduct activities in the school and the community that will highlight the serious problems which result from driving drunk. "If we can dream, it can be done."

S. Snyder, L. Engel, Ms. Tsaffaras, C. Texiera
CHESS CLUB

The Chelmsford High School Chess Club is open to all students interested in the fascinating game of chess. For some students, the chess club serves as an opportunity to learn the game of chess. It gives other students a time and a place to play a leisurely game. As a member of the Merrimack Valley Chess League, we offer the more serious-minded chess student an opportunity to test his or her skills in formal competition. The challenge is real, exciting, and open to all.

KEY CLUB

The Key Club is a service organization by the Chelmsford Kiwanis Club. It teaches members about their community, develops initiative and leadership, serves the community and serves the school in a variety of ways.

ACADEMIC DECATHALON

Chelmsford High School entered the State Academic Decathlon for the first time. It is a competition in ten academic areas in which twenty schools participated. The Chelmsford High School team, all seniors, won a silver medal in history and a bronze medal in math as well as a special certificate for excellence in the super quiz.
HUMANITIES CLUB

The Humanities Club attends cultural events in and around Boston, after school and on weekends. Events include plays, concerts, films, and art exhibits. Highlights of this year have been trips to see The Nutcracker performed by the Boston Ballet Company at the Wang Centre, A Raisin in the Sun at the Merrimack Repertory Theatre, and the Isabel Stewart Gardner Museum in Boston. Membership is open to the entire student body.

D.E.C.A.

The Distributive Education Club of America is a student organization for those interested in a career in the field of marketing. D.E.C.A. helps the student build self-confidence and confidence in the free enterprise system. D.E.C.A. members compete with other members in schools throughout the country in written and oral testing in fields of marketing. Club members, through fund raising activities and community projects, receive positive training in the need for civic consciousness.
The Peer Counseling Program has been developed in an effort to meet a wide range of interpersonal and affective needs of students at Chelmsford High School. This program trains high school students as Peer Counselors who provide direct counseling and support services to other students through group discussions, individual meetings, and classroom presentations on adolescent life issues.

PHYSICAL THERAPY

The Physical Therapy Program pairs Chelmsford High School upperclassmen who are interested in pursuing related careers with multihandicapped students, aged three to twelve years old, at the Lowell Y.M.C.A. Under the direction of a physical or occupational therapist and a pool-side coordinator, these volunteers aid their charges in developing both fine and gross motor coordination skills as well as learning how to swim.
THE VOICE

The Voice supplies the school with a free, responsive, reflective, and critical publication through which all students may inform or address the school community. The staff is totally responsible for the paper — from information gathering to distribution. The Voice has won first place from the Columbia Press Association for the past three years, and the staff hope to continue this standard of excellence.

MOSAICS

Mosaics is Chelmsford High School’s art and literary magazine. The members of Mosaics collect, edit, and publish original artwork and literature done by students. One to three Mosaics issues are published during the school year. Advisors for the club are Mrs. Morse and Mrs. Foster. Editors for the 1984-85 year are Jonathan Aronie, Karen McHenry, Kristin Morris, Robin Rex, Julia Willis, Peter Casserly, and Sandra Davis.
THE 1985 LION

The Chelmsford High School yearbook, The Lion, is a memory book for the entire community. It is a probing, sensitive look at life in the school and in the community at this point in time. It must examine not only the academic, but the home, community, and extracurricular lives of the students. Furthermore, it must present the issues with which the students deal. These must all be faced honestly, in words and in pictures.

Producing a good yearbook, one worthy of the time and energy spent in the preparation, is a rewarding experience for the staff. The achievement of this goal, a quality production, demands organization, patience, and a genuine interest in doing the job correctly. The 1985 Lion staff has achieved a tremendous success.

Mrs. Silva is relieved to meet deadlines on time.

Editor-in-chief Jon Dudek and Layout Editor Stacey Halloran put forth their best efforts.
Tracey Wallace takes care of the business end of the yearbook.

Enthusiastic editors have fun with Dean Boucher.

Mrs. Fenton gives some advice to the new editors.

Andrea Soracco prepares copy for the entire yearbook.

**T.V. STUDIO**

The T.V. Club was organized for those students who cannot schedule into their day the class of Introduction to T.V. Production. The club meets once a week after school in the T.V. Studio. Students learn portable television production and studio production. The ultimate goal is for students to become proficient enough to be able to produce programs for Cable 43. Other activities may include a field trip to a television studio in Boston and an end of the year party.

**DRAMA CLUB**

The Chelmsford High School Drama Club, which is made up of students from all four grades at CHS, presented the play Tom Jones under the direction of Mr. Christos Simorellis and Mrs. Linda Smith. The drama club performed the one-act version of Tom Jones at the Massachusetts High School Drama Festival, a drama competition in which the CHS Drama Club has already won many prestigious awards. In addition, they presented a children's play, directed by students, attended a professional production in Boston, and went to the fall Theatre Workshop at Bridgewater State University where they were instructed in everything from make-up to stage combat.
PHOTOGRAPHY CLUB

The purpose of the Photography Club is to help students learn more about taking and developing pictures. This is done by showing the students how photography works, the use of cameras and equipment, and how to process negatives and prints. The emphasis is placed on reaching goals which the students set for themselves; thereby, improving the quality of their photographs.

VARSITY CLUB

The Varsity Club is open to all students in an attempt to promote athletics. Members support different players on the varsity sports teams and help to raise spirits at sporting events. Members enjoy encouraging the athletes to play their best. Varsity Club members find great pleasure in rewarding the achievements of others.

The majorettes represent Chelmsford High School and the Town of Chelmsford in public performances with the Chelmsford High School Band. The girls are given instruction in twirling, dancing, and marching, and, with the Band, provide a half-time show at football games and rallies.

The colorguard is made up of girls chosen through a three-week workshop process. The colorguard takes part in football games, parades, and graduation ceremonies. It drills many hours a week, starting the last two weeks of August. The colorguard leads the band, majorettes, and cheerleaders through pre-game and half-time ceremonies at football games. Given at the home of a senior, there is a breakfast before the games for the colorguard, majorettes, and cheerleaders. The colorguard is an important aspect of the C.H.S. spirit.

The few, the proud, the Colorguard.
CONCERT CHOIR

The CHS Concert Choir is open to any student in grades nine through twelve. It is a full-time, ten credit course. Daily rehearsals are in preparation for concerts during the Christmas season, the spring "Pops" concerts, and traveling concerts. Exchanges are a part of this group, which has performed in Newport, Rhode Island and Ontario, Canada. The spring musical involves members of the concert choir as well as any interested student in the school. This course is also offered on a part-time, six credit basis. There are no prerequisites.

TREBLE CHOIR

The Treble Choir is made of soprano and alto girls who want to do more than sing in concert choir. They experience different styles of singing and have a good time doing what they love.

CONCERT BAND

The combination concert and marching band works very hard during the year, which started with a summer band clinic led by senior drum major, Len Shokum. The marching band performs, rain or shine, at all of the football games. Elaborate half-time routines are a real crowd pleaser. The concert season commences with the annual Christmas concert and ends with the Pops concert in May. This year the band will have a musical exchange with Maryvale High School in Cheektowaga, New York. The band works hard all year long to raise money for this exchange. Being a member of the Chelmsford High School Concert/Marching Band is a total commitment, one that is well worth the student’s while.

JAZZ BAND

Each jazz band has its own melodic and rhythmic characteristics, and the Chelmsford High School Jazz Band is no exception. As they combine their imagination with both familiar and modern tunes, they transport their audience from reality to fantasy. The excitement of the polytonal sounds and polyrhythmic accents truly makes any listener feel so good.

Congratulations to the Class of 1985. I have had the pleasure of knowing and working with many of you over the past six years. I have enjoyed seeing you grow and develop into young men and women, and, now, watching you prepare to face larger challenges within the community.

As you go on to higher education or enter the work force, you will be presented with opportunities and challenges. Today's world is moving at a faster pace than ever before and you, as young graduates, must be ready to face this and recognize what will need to be done. You are inheriting the problems of the previous generation, but you will also have opportunities that have never before been available. Advances in technology will continue to offer limitless potential to those who can keep pace.

As you go out into the community, you must be aware of the challenges and grasp hold of the opportunities. You have been educated well and should be confident in your skills. I wish all of you success in whatever avenues you choose to pursue.

Sincerely,
Scott E. Johnson
Director of Community Education

Good LUCK, Class of '85!
from
THE LION Editors
IN MEMORY OF...

Frank J. Page
Curriculum Specialist / Music and Art

Daniel F. Horgan
Principal, Byam School
I would like to take this opportunity to thank The Lion editors and support staff for their sincere devotion and hard work toward this publication. Also, I offer my gratitude to the advisors, Mrs. Fenton and Mrs. Silva. Finally, I give many thanks to my "right hand", Assistant Editor-in-Chief James Prescott. (I could never have done it without you, Jamiel) Without their creative ideas and assistance, The 1985 Lion would be just "another yearbook."

After looking through this yearbook, I am sure you have noticed several changes, some subtle and some obvious. With time comes change. Look at yourself and think back four years ago. A lot of things have happened since then. You have faced many challenges, be it with people, values, or the community. Chelmsford High has served as preparation and bridgework for the personal encounters which we will be confronting throughout life. Change will reoccur and we will readapt.

As you go your separate ways, pursuing your individual hopes and goals, the four years at the high school will become but a memory. The Lion is a collaboration of these remembrances; it will serve as a reminder.

I wish all of you a successful and rewarding future. Meet the challenges; enjoy the new frontiers. Always remember, the future is what you make it. Here's to a successful life!

Cheers!

Jonathan A. Dudek
Editor-in-Chief
